Miller Twins Adept With Batons; Want To Be Secys.

"We just picked it up you might say" and that is how Jane and Joan Miller explain their career as drum majorettes."

Jane and Joan are twins who have always wanted to be drum majorettes ever since they were little girls. The young ladies are 16 and their eyes dance when you just mention a "strutter." They make a neat picture in their white satin uniforms contrasted with their dark skin and long black hair.

"Mother is more excited about it than Daddy. She encourages us and has ever since we first said we wanted to be drum majorettes," said Jane through a broad smile that showed very white teeth.

Jane and Joan agree on just about everything. They used to date twins but the paths fell apart and now Jane goes with a boy from South and Joan with a boy from North. In school they have the same schedules and both would like to be secretaries when they have completed their high school education. They have the same hobby of collecting pictures of drum majorettes and like to do fancy skating.

Jane made both of the uniforms in two weeks time for their first convention parade in Youngstown this summer. This was their third parade experience. The first parade the twins marched in was on Armistice Day last fall and the Decoration Day parade was the second.

"It was all exciting in Youngstown but we surely got tired," sighed Joan.

Joan and Jane Miller

The girls lead the Sons of Legion drum and bugle corps of Southway Post No. 144. Their brother, Robert, is drum sergeant for the unit.

Jane and Joan are the daughters of Mr. and Mrs. M. F. Miller, 2657 Sullivant-av, and they are in the 11B at West High School this fall.

Approaching Tanks Too Fast For Infantry Regiment In War Games

Editor's Note—The following word picture of troops in action in war maneuvers in Louisiana was written by Pvt. Dave Shiflet, former student at Ohio University and sports editor of the Hilltop Record. Private Shiflet is stationed with the 166th Infantry Regiment at Camp Shelby, Miss.

By Pvt. Dave Shiflet

On Maneuvers,, La.

We have often wondered what a German or Russian infantry soldier experiences as he sees enemy tanks, airplanes and other war machines moving rapidly around him, but during the past few days we have learned a little concerning what takes place as an armored army moves into action.

Our first attempt at mock warfare began one Sunday morning before most people back home had thought of leaving their beds. Soon after war was declared our foot-troops, the 166th Infantry regiment, were moved from our bivouac area in an open field to a sheltering forest a few hundred yards to the rear. Entering our concealment, we learned shortly that we were reserve troops and that our unit would leave for an unknown destination before dark. Before darkness had fallen, we had moved ten miles by truck to a position directly behind the front lighting area.

Eating one's meals in [illegible] darkness was somewhat of a novelty for the men but the first real test of the war for the regiment was the individual bed-making for the men. The forest was infested with snakes and several fine specimens were presented for inspection by the 2500 men. Next day, being part of the defending "Red" army, we moved into the combat zone some 27 miles farther north.

The night was again spent in the woods with only the drone of enemy airplanes and the twinkling of the stars to keep the soldier company. But the real action was to come later! Dawn broke with the infantry and anti-tank units in position awaiting the expected attack, but it was not until late in the afternoon ,that the droning, clanking sound of approaching tanks could be heard in the distance. And then, before you could say John Brown twice tanks and armored cars of the Regular Army's Second Armored Division were everywhere. Bristling machine guns and 37 mm. guns were sending out rapid fire and the entire regiment was soon under the complete domination of the rapidly-retreating "Blue" forces. For within five minutes of the time of our defeat, the armored machines were speeding away at the speed of 60 miles an hour to do more damage.

Yes sir, those tanks and armored cars are tough to combat and you begin to think twice about defensive measures as you see them buzzing down the dusty roads and highways. The infantry really takes a back seat to these modern monsters of a new fighting era.

The condition of Richard "Dick" Jones, 190 S. Roys-av, was reported improved today in Memorial Hospital, Lima, following an automobile collision near there Sunday night. The exact extent of his injuries could not be determined pending further x-ray examination.

It was known that he suffered a skull fracture, broken collar bone, broken left arm and bruises about the body. He was placed under an oxygen tent for several hours Monday when it was feared his condition might be critical.

Also injured in the accident were his parents, Mr. and Mrs. W. Haydn Jones, who suffered cuts and bruises [illegible] injuries of a serious nat[illegible]

Mrs. Jones was released from the hospital Tuesday evening after receiving treatment for shock and minor injuries.

Mr. Jones is head of the Jones Lumber and Coal Co., 57 N. Sylvan-av.

The wreck occurred about 7:30 Sunday evening as the family was returning from a visit to Venedocia where they had attended a wedding of a nephew of Mr. Jones. Schools Open Here Tuesday

School corridors, silent for the past three months, will echo the sounds of tramping feet and cheery voices Tuesday morning as approximately 7,000 Hilltop boys and girls resume or start out on their academic programs for another year. Registrations of new pupils started Wednesday of this week and was continuing through today in the public schools serving this area.

St. Mary Magdalene and St. Aloysius schools will open Monday, Sept. 8. Registration at St. Aloysius will begin Sept. 2. St. Mary Magdalene has been registering students for the past week.

Principal of St. Mary Magdalene is Sister Leocadia and teachers are Sister Bernerda, Sister Dominic Marie, Sister Thelma, Sister Annarita and Sister Pius.

At St. Aloysius Sister Julie Aloyse is principal and teachers in the school are Sister Helen Terese, Sister Marie Gabrielle, Sister Teresa, Sister Anna Catherine, Sister Rita Margaret and Sister Ann Raphael.

Enrollment at the close of the semester last spring at St. Mary Magdalene was 249 and thus far this fall it is 250. St. Aloysius had an enrollment of 283 at the close of school last spring. The enrollment for this semester has not yet been computed.

Books will be distributed at West on Saturday, Aug. 30, and Monday, Sept. 1. All students who will be 10B, 10A or 11B are asked to get their books on Saturday from 9 to 3 p. m. Students who will enter as 11A, 12B or 12A are asked to call for their books on Monday, Sept. 1, during the same hours.

If it is difficult for students in 10B, 10A or 11B to appear on Saturday the books will be issued on Monday. The same accommodation will be accorded to those in 11A, 12B or 12A if they cannot appear on Monday but could come to the school on Saturday, they will be issued their books at that time, according to Charles Young who has charge of book distribution.

Enrollment is expected to be slightly below that of last year due to the number of students who have secured work permits and are now holding jobs. That condition will be noticed most in West High School but the same situation will probably be evidenced at West Junior and Starling Junior in a smaller degree.

Two less teachers were assigned to West High in anticipation of this condition. Similar measures were taken in regard to other city high schools.

Jacobs Survey Not Adequate Hilltop Councilmen Assert

Opposition to the recently adopted Jacobs Survey provided for increased pay to most city employees was voiced this week by Wyatt L. Millikin, Democratic Hilltop councilman.

"It is unjust because it raises the pay of the high salaried positions and not the lower bracket where the pay increases were most badly needed," Mr. Millikin stated. He opposed the measure when it was up for passage.

"Understand I am not saying that the higher salaried workers are over paid," he continued, "but I do not believe the lower paid worker such as the clerks, stenographers, policemen and firemen are getting their share of the increase."

Republican Councilman Ray G. Hauntz believes the measure will serve as a "yardstick" in salary adjustments.

"Personally I don't believe the lower brackets were given the increases they deserve," Mr. Hauntz pointed out. "I do have hopes that an adjustment board will be able to eliminate the inequalities in wages paid," he said.

The board referred to is to consist of five men serving without pay to review cases brought before it where grievances are felt to exist. It would consist of two members appointed by the mayor, one selected by the civil service commission and one employee from the department where the case originated and a head of the department affected.

This group would have no power to act in changing a wage status but could only recommend to council that such change be made.

FUNDAMENTALS are important—in fact, they're the only things that have real importance. A family picnic, approached in the proper perspective, is just as enjoyable as the most elaborate and expensive of leisure activities. However, it's not the picnic as such that counts—ilt's the understanding of relationships, the happiness of comradship and affection that counts. These are fundamentals . . . truth, love, faith, kindliness, understanding — you can discover a wealth of them in the teachings of your church.

Everything for men and women. Our 30 years on West Broad Street will testify to our honest dealings.

Now that vacations are about over we can settle down to normal at least until the football season opens which is about two weeks . . . Then there's the World Series and later Thanksgiving . . . As usual big hearted Mr. Roosevelt gives us a choice between two Thanksgiving Days. We usually compromise by celebrating both occasions just to make sure we're right . . . And while we're on the subject of vacations we want to thank Esther Weakley for doing our chores last week in our absence . . . However, that reference to us telling the TRUTH about our fishing exploits need not be too much a matter for concern on account'a WE DIDN'T CATCH NAWTHIN' . . . That is unless you want to count the pots and pans, old boots and the like we turned in to aid in securing aluminum for National Defense.

Things We've Heard

Mr. and Mrs. Joe Agee of Lancaster are the proud parents of an 8½ pound baby boy (Michael). Mrs. Agee is the former Rosalie Perkins. Joe was a Record employee about four years ago . . . Carl Holland will give up his job with Central Ohio Paper Co. to enlist in the Navy in a few days . . . From Dave Shiflet down at Camp Shelby we learn that James Ward was recently promoted to the rank of first sergeant and commanding non-commissioned officer of the 2nd battalion section, 166th Infantry. He was a former line sergeant of Headquarters Company . . . Lt. Col. George M. Ward, former battalion commander of the same regiment, has been transferred to the 37th Division headquarters as morale officer for the Ohio boys . . . Both are former Hilltoppers and together make up one of the few father-son combinations of the regiment . . . Dr. C. O. Cramer is expected to win the Vandalia National Sweepstakes in 11 more years. He's been improving at the rate of one bird per year so that in about 11 more tries he should be on top . . . Dorothy Flauntz sometimes answers "Hilltop Library" when the phone rings at home . . . Margaret More was in the office the other day telling us all about her seven weeks trip in the East. She will attend Antioch College this fall . . . To the Pistes

This story is supposed to have happened several years ago but is typical of the things one might expect from a youngster.

Little Johnny was being brought up in a home where it was customary for the father to say grace before each meal. On one occasion his younger brother was not observing the usual courtesy of bowing his head during the prayer when Johnny spoke up:

"Keep quiet while Daddy talks to the plates."

MODERN POETRY

Edited By

THESE

All my life long I have loved these
Three things:
Bright crimson roses, winter trees,
And wings.

Each has its own strange loveliness
Apart
From all else. Ever these I press
Against my heart.

And when the long, long day, for me
Is done
I want to rest beneath a tree
With red, red roses.

Growing beside me. This the gift
Love brings,
And high above us there will lift
Flutter of wings.

Virginia Eaton, S. Roys Ave.,
In her book of poems, titled
Laughter Through Tears.

UNTO THE LEAST OF THESE

Love gives, that hungry ones may eat;
Love will put shoes on naked feet.
Love meets every urgent need—
Will never fail in word or deed.
And He who watches over all—
Who notes each common sparrow's fall,
Will whisper softly as He sees,
"Inasmuch . . . unto the least of these."

Ethel Titus Worthen,
W. Broad St.

INTERLUDE

Hell,
May I come in?
There's always warmth by your fireside. The glow reflected in your eyes.
Hours pass and though
your lips I did not kiss,
you've warmed my heart with love and now,
goodbye.

Jerry Von El Hafey,
Fairmont Ave.

MY GOD

My God is in the flowers and trees,
The sunshine and the evening breeze;
I sense Him in the morning air
And feel His pulses everywhere.

My God is in the rhythmic flow
Of seasons as they come and go;
I hold Him fast within my breast
And know He gives the weary rest.

Ada May Dyer, S. Hague Ave.,
In Verse Writers' Guild Anthology, 1938.

CHERISH THE SONGS

Cherish the songs in your brave heart, O Mother,
Sparks from the forge of lives in the making,
Flames fed by fagots of loving and giving;
Time shall free your hands from their labor of love,
But songs thus cherished shall ever grow sweeter,
Heart-ripened through glad years of living.

Mabel Nader Jones, N. Ogden Av.
In Quickening Seed.

LABOR DAY

This is my tribute to the working man.
Who adheres to the blue print plan.
We surely would be a helpless clan
If it wasn't for the working man.
There are many educated financiers
Who couldn't make a rotary fan
Wise financiers and civil engineers
Must depend on the working man.
Many mansions all over the Nation
Vast acres of cotton and corn
Coal to weigh at every station
Thousands of sheep yearly shorn
Trains of cattle in transportation
Loads of silk from Japan
Everything produced in every nation
All made by the working man.
Steam boats, sail boats and gun boats
And the elusive submarine
Everything under the sun that floats.
Runs by steam or gasoline.
We ride over bridges long and slim
Without a pier they make the piling
That fat and slim would have to swim
If it wasn't for the working man.

Troop 181 Has Fair Exhibit

Troop 181 of Hillcrest Baptist Church has an Indian exhibit at the Ohio State Fair. The exhibit is a collection of Indian weapons, head-dress and arrows. The boys of the troop have worked for several years to collect their material for this show.

Each evening four boys of the troop paint their bodies with brown paint and gaudy Indian war colors and clothe themselves out in full Indian regalia, and put on an Indian dance that was taught them by Ray Hubbard. The boys in the dance are Eagle Scouts Dick Jantzen, Bob Logan, Jim Jessup and Don Murphy. These boys stay with the exhibit at the fair every day and evening.

It is the seventh year Jim Jessup and Dick Jantzen have been with Troop 181 Scout display at the Ohio State Fair.

Boys from the troop who are on civic duty at the fair are Austin Hutt, Bob Baugh, Bob Weakley, Edward Compton and Robert VanWikle.

State Hospital Eliminated In National Semi-Pro Play

By Roy Moloney

State Hospital, Columbus and Ohio representative to the National Tournament at Wichita Kan., was eliminated from further play Sunday evening when the Worcester, Mass., nine hek the Buckeye team scoreless while scoring eight times themselves to bring about the second defea for the hospital team.

The game went only eight innings instead of the regular nine because of a rule which permits the contest automatically to be ended when one team has a lead of eight runs or more.

Shadel Saunders, State Hospital hurler, got off to a shakey start in the first inning and before the third out was made the Worcester team had tallied six runs. This gave them a lead by which they coasted easily through to victory. Saunders settled down after the first frame and no runs were scored against him until the seventh and eighth innings when one run was scored each time but the damage was already done.

Get 4 Hits

The Columbus batters collected only four safeties off the offerings of Lankford, Worcester's pitcher. Manager Chuck Koterba registered the first hit in the third when he singled but died on the bases. Harley Lewis drove a one-baser to right in the seventh but his team-mates failed to bring him home. Catcher Ray Payne laced out a double in the eighth and took third when Koterba singled for his second h
both base runners were le
as Luke Porter flied out to reti
the side and end the game.

After State Hospital had drop
ed their opening game of th
tournament to Fort Riley of Kan
as 8 to 3 they rallied to defea
Kingsport, Tenn, by a 10 to 2 ver
dict and were victorious over
Frederick, Maryland, before the
fatal game with Worcester.

The Columbus team will return
home and probably continue on
the Saturday Afternoon
league.

West Coaches Glum Over Grid Outlook

Despite the largest turnout of potential football players in the history of West High School, the faces of Coaches George Williams, George Collins and Dale Rose were definitely long after viewing the results of the first week's practice.

It was the general opinion that unless some great improvement is wrought within the next two weeks, West seems to be in line for another "half-season" team.

About 70 candidates still remain of the original 100 who started their fall tune-up with a Labor Day schedule of races, calesthenics, and "talk."

Although the players are larger than usual this year and about three deep in every position, it was noticed that all of them needed much drilling. "More than is possible on the practice field," according to Coach Williams.

During the week, it was evident that many of the "varsity" players had not learned the plays used by the team, although the material had been in their hands for more than two weeks.

Added to the ragged blocking and tackling of the varsity squad, the coaches have another headache in the offing, when the reserve team will be abandoned by Coach Rose, who will have to take over the newly-formed Junior High softball team, which will play a league schedule this fall.

To Most Newark Boys

All of these things do not make the West mentors any happier, when they glance at their calendar and see that the season opener with the Newark Wildcats is only two weeks away.

The tilt, which will be a night game on the Newark gridiron, will bring the Cowboys into grips with the Wildcats, defending champions of the Central Ohio League, undefeated in 1940 league play. Many of the players who were instrumental in the making of the Cats' undefeated status will be in the line-up, waiting to attempt to hand the Bucks their second straight set-back.

Mission of Mercy

Rev. D. S. Mills, radio singer and pastor of Avondale U B. Church, recently faced one of those trying times the clergy is sometimes called upon to meet. The Reverend Mr Mills had been asked to go to a certain home to perform the rite of baptism upon a wayward youngster who had not yet reached the "long pants" stage.

Promptly at the designated hour the Rev put in his appearance with the paraphernalia required to perform the ceremony.

"Mother What's that (blankety blank) doing here?" growled the prospective baptisee.

We have no definite information as to what "rites" were performed first.

Confusing?

The answer to that strange relationship goes like this.

After the death of his father, Joseph Maier, his mother married his brother Heinrich. (He had changed his name to Moier.) His uncle now becomes his stepfather, his father becomes his uncle and he becomes his own cousin since he is the son of his uncle.

Burgess, Hoge To Play For Champi'nship

The long postponed game for the championship of the West Church League is scheduled to take place on Westgate Diamond No. 1 at 6 p. m. Burgess Avenue U. B., winner of the first round of play, and Hoge Memorial No. 1, winner of the second round, are the contestants.

A trophy will be awarded to the winner.

Both teams will have been idle for at least two weeks. The Brethren team saw action a week ago last Monday night when they were the victims of Salvation Army in the second round in the city playoff. At that time they showed the need of more consistent play as they committed seven errors. Hoge has been idle even longer than that having been eliminated from the playoffs in the first round of play a week earlier.

3 U. B. Pastors Return To Pulpits

All three United Brethren pastors in this area were returned to their churches as a result of action of the annual conference of the Southeast Ohio section held in Portsmouth last week.

Rev. D. S. Mills was returned to Avondale to continue his church and radio work, Rev. W. E. Riebel will take up his first full year at Hilltonia, and Rev. E. E. Burtner will continue as pastor of Burgess Avenue.

Rev Riebel was appointed to fill out the pastorate of the late Dr J. H. Harris last year.

Sherburn Market Has New Owner

One of the oldest names in the grocery business was to give way to a newcomer to the trade on the Hilltop this week as the Sherburn Market was purchased by Clarence E. "Chubby" Distlehorst.

Carl E. Sherburn started hin first store at the corner of Mound-st and Parsons-av in 1918.

Distlehorst has been in the grocery business for several years, all of which was spent in the Distlehorst Market which he and his brother acquired in 1935 from E. W. Distlehorst, an uncle.

The Sherburn Market has been located at the corner of Eureka-av and W. Broad-st for the past five years. The business was moved from Mound-st and Parsons-av in 1922 to 182 S. Eureka-av and to 122 S. Terrace-st in 1926, where it was established until 1936 when it was moved to its present location.

Mr. Distlehorst announced that no change will be made in the personnel of the store, which employs about six clerks.

Capital Conservatory Opens Branch

A West Side branch of Capital University Conservatory of Music was opened at 98 N. Powell-av this week with Mrs. George Mitchel, branch secretary, in charge. It will provide private or class lessons in piano, violin, voice and all band or orchestra instruments.

Members of the regular conservatory teaching staff will conduct the work on the Hilltop. Instruction will be given to children, adults and advanced adults.

Pupils will become members of the Junior Music Club which meets at the university once each month. Recitals will be given each month at the university.

Registrations are now open and fall term will start Sept 15, according to Mrs Mitchel.

Charles Keller Is On Furlough

Charles A. Keller, son of Mrs. Sarah A. Keller, 108 S Ogden-av, is home on a 10-day furlough from the Great Lakes Naval Training Station at Great Lakes, Ill.

Keller, 17 years old, enlisted June 26 under the navy recruiting program which admits boys 17 years old to the service, provided they pass the necessary tests. He was a former pupil at West High School. He expects to return to the Great Lakes base Monday for further training.

Allen Milk Co. Beats Mt. Gilead

The Allen Milk baseball team unleashed a home run barrage Sunday at Mt. Gilead and defeated the home team 9-1. Weser poled two homers, Howison and Coffman one each. O'Connor and O'Malley formed the battery for the Allen's. They will play at New Holland Sunday.

Fox Observes 4th Anniversary

The fourth anniversary of the founding of Fox Food Shop, 2422 W Broad-st, will be observed this week-end with a canned food sale, it was announced by Harold Fox, owner of the business.

Mr. Fox purchased the store that for many years before had been known as the Millikin Market in 1937. Since that time several changes in store modernization have been effected.

The sale will include meats, fresh fruits and vegetables and staple grocery items in addition to canned goods items.

The Fox Food Shop ad will be in the Record each week.

Sandusky-st Improvement To Start By the First of Year

Fulfillment of a long hoped for West Side improvement of considerable significance to Hilltoppers is likely to become a reality in the near future, it was learned this week, as plans for the beginning of the $1,000,000 Sandusky-st bridge and grade elimination project were being completed. Actual work is expected to start early next year, county officials said.

Works Progress Administration grant of $492,361 was assured for the job last week and now all that remains to be done before actual work can get under way is to condemn and acquire certain properties for right-of-way and iron out a few other details pertaining to actual handling of the project.

The city of Columbus and Franklin County will finance the rest of the money required with the possible assistance of the State Highway Department.

It was not definitely known whether priority use of steel and other essential materials for defense work would cause any delay once work is actually started. Mike Bolin, of the County Engineer's office pointed out that it was difficult to get materials for some other county jobs but he was not sure how this job would be affected.

Present plans call for a steel and concrete bridge over the Scioto River, removal of the New York Central Railroad tracks at the south end of the present bridge to a new location adjacent to the Pennsylvania Railroad, farther south on Sandusky-st, and construction of a railroad overhead on McKinley-av, west of the bridge where the relocated NYC R R will return to its present roadbed, west of the project.

The city has already approved $50,000 toward the construction.

3 Policemen Are Selected From Hilltop

Three new policemen have been selected from the Hilltop this past week by Safety Director Roy B. Weed. The appointments were effective Monday.

The officers certified by the Civil Service Commission are Robert H. Baus, 135 N. Eureka-av; Raymond L. McClain, 802 S. Wayne-av, and Byron C. Rees, 164 N. Westmoor-av.

Rolstens Bring Back Nice Catch

Mr. and Mrs. C. L. Rolsten, 90 S. Harris-av, have been taking fishing trips to Canada for the past six years.

"I'm not exaggerating when I say we bring home fish by the trailers, either," said Mrs. Rolsten. From snapshots produced it sounds very much like the truth.

This year the trip was taken to Levigne, Ontario, Canada, with Mr. and Mrs. E. O. Morris of Gahanna, O. The four contributed to a prize kitty for the largest fish caught.

One afternoon all were catching fish except Mrs. Rolsten. Refusing to give up, she decided to reel in and see if there was any bait on her hook. Looking over the edge of the boat, she could see a large fish. Mrs. Rolsten summoned her husband for aid and a landing net. But nothing was seen on her line and she got a good laugh from her companions. Then suddenly her reel began to spin. It took several minutes to land the fish with a struggle. Mr. Rolsten gaffed the 31½ inch fish just as it cut the cat-gut leader.

Oh well, "He who laughs last laughs best"—nearly always, anyway.

On these trips to Canada the Rolstens have seen many exciting sights. They have seen the famous Dionne Quints every year for six years.

On their last trip the Rolstens visited the woolen mills in Canada where they are swamped with mass production of army blankets for the soldiers.

Every other person you see on the streets in Canada is a soldier "eager to go across to fight."

Struck as he was crossing Sullivant-av at Eureka, David Michael, 79, retired barber, died in Mt Carmel Hospital a few hours after being admitted.

Mrs Arline Jones Elzey, 27, wife of Ray Elzey, 2582 Sullivant-av, was killed early Thursday morning when the car she was driving ran off the road near Delaware.

She had resided at the Lechner-av address for the past 18 years.

Beginners League To Be Organized

A beginners league for bowlers is in the process of formation at the Hilltop Recreation Alleys, 2419 W Broad-st, it was stated by Bill Wolfe, owner. The league will have use of the alleys during the early shift on Wednesday evening.

The Horn's Sunoco team was in top form Tuesday night, turning in a total of 967. Bill Graham, who bowls with the team, came through with a "big" 147.

Hilltop Schools Show Drop In Attendance

5,639 PUPILS ENROLL DURING FIRST TWO DAYS; 227 MISSING

A total of 5,639 pupils had enrolled in the seven Hilltop schools by Wednesday afternoon of this week, 227 short of last year's figure at the same time. The prevalence of work permits enabling some students to hold down defense jobs instead of completing high school work accounts for the drop in attendance, school officials say.

The two parochial schools, St. Aloysius and St Mary Magdalene, will not convene until Monday morning.

Starling Junior High with a loss of 111 pupils suffered the largest drop with 1089 showing up for class work compared to last year's 1200. West Senior High registered 1261 as against 1365 last year for a drop of 104. West Junior lost only seven pupils with 1171 reporting as against 1178 last year.

West Broad Elementary was the only school in this area to show an increase over last year. Enrollment showed 625 this year against 615.

In the other elementary schools Mound Street had 80 present against 80 a year ago, Highland Avenue 450, with 461 last year; John Burroughs 848 against 861 and the 7B group 115 over 106 last year.

The drop in attendance at West High had been anticipated by school authorities and in line with that expectation had transferred two teachers to schools where vacancies had occurred. Something more than that figure had been expected at Starling Junior, however.

O. H. Craft Moves Business Office

O. H. Craft moved his real estate office from 2500 W Broad-st to 2478 W Broad-st, in the Hillcrest Church building, this week. He had been at the former address for the past nine years.

Mr. Craft started his business in his new location in 1928, remaining there for a period of four years, then moving to the other Broad-st address.

Mr. Craft handles sales of city and suburban property, specializing in Hilltop real estate. He also acts as manager for several rental properties and handles insurance.

He believes this is a good time to invest in real estate because many choice properties are being offered now at prices that can not be duplicated at a later date.

Associated with Craft is W. N. Daubenmire, who has had many years dealing in insurance.

Camp Chase Makes Plans For Ox Roast

Camp Chase Post will sponsor an ox roast this Saturday afternoon and evening, Sept 6, at Valley Ranch, West Broad-st at Big Darby.

Proceeds will be used to finance the athletic program which includes junior baseball, bowling and rifle teams. The party will start at 2 p. m.

At the meeting this evening delegates from the state convention at Youngstown will give their respects.

Annual election of officers will be held Friday, Sept 19, with installation date tentatively set as Friday, Oct. 17. The new 1942 membership cards are being issued now. Vice Commander Fiscus is making an effort to have 200 paid up members for 1942 when the new officers are installed.

Commander Hain asks all committee chairmen to submit their annual report at the meeting of Sept. 19.

H.B.M.A. Meeting To Be Tuesday

The fall program of the Hilltop Business Men's Association will get under way when the first meeting is called at Schmelzer's Restaurant, 3178 W. Broad-st, Tuesday evening at 6 o'clock.

Work of the summer months, including a report on the Bear Dinner, will be heard. L. E. Saunders, 2459 W. Broad-st, is president of the organization.

Library Hours Are Changed

A change in hours to the regular schedule for winter months will go into effect at the Hilltop Library Monday, Sept 8, it was announced this week.

Under the new schedule the library will be open from 1 until 9 p. m. daily except Saturday. On that day the doors will be open from 9 a. m. until 9 p. m. It is located at 21 N. Hague-av.

They are John Langton, Norris Booth, William Brown, James Cain, Starling Hutt, John Glass, Ralph Bowen, Jack Knox, James McCarty, Larry Oliver, Arden Branson, Bob Smith, Robert Price, Richard Welker, Robert Welker, Harold Klein and Frank Ongaro.

Bostic Transferred To Third St. School

John Bostic, a janitor at West Broad Street School for many years, has been transferred to Third Street School. William Brooks, who has done janitorial work at West Broad for the past 20 years, has retired.

These men are replaced by J. W. Weaver and Charles Ashbaugh.

Six Changes Are Made In School Staff

Six changes in the teaching staffs of Hilltop public schools were noted as classes for the new school year were convened Tuesday morning.

Charles W. Bennett, South High graduate and holder of Bachelor of Science degree in music from Ohio State University, was added to the department of music at West High School to assist Herbert Hutchison.

Robert Richards, a history teacher at West, was transferred to North High where a vacancy had occurred. Miss Mary Geist, teacher of Latin and English, was moved to McKinley Junior. Miss May Jones, on leave of absence for the past three years, returned as teacher of Latin and English replacing Mrs. Mary Dugan, a substitute teacher.

At West Junior High, Miss Mary Lewis was returned to John Burroughs where she will take over a third section of seventh graders and Frank Mason was sent to Starling Junior High.

K M. Bahler has been added to the chemistry staff at West Senior, replacing E. E. Dickey.

Jones Improves From Injuries

The condition of Richard "Dick" Jones, 190 S. Roys-av, severely injured in an auto crash near Lima almost two weeks ago, was reported to be much improved in the Memorial Hospital in that city.

Thrown from the car when another car crashed into the left side, young Jones was pinned beneath the overturned vehicle for several minutes before efforts to rescue him were successful. Examination revealed a bad concussion, at first thought to be a fracture, broken left arm, and broken collar bone, in addition to numerous bruises and body abrasions on head, shoulders and back. His condition was further complicated by a breaking out of ivy poison.

He will be confined to the hospital for at least two weeks, his parents report.

His father and mother, Mr. and Mrs. W. Haydn Jones, riding with him in the car, received minor cuts and bruises.

The magazine Critica Fascista, published in Rome, says, "This war may last 10 years," and it called upon Italians to prepare to meet such eventualities.

Let These Simple Joys Be Mine

FUNDAMENTALS are important—in fact, they're the only things that have real importance. A family picnic, approached in the proper perspective, is just as enjoyable as the most elaborate and expensive of leisure activities. However, it's not the picnic as such that counts —ilt's the understanding of relationships, the happiness of comradship and affection that counts. These are fundamentals ... truth, love, faith, kindliness, understanding — you can discover a wealth of them in the teachings of your church.

— Letters — To the Editor

To the Editor:

My attention has been called to an article in The Hilltop Recory saying that "Daddy" Owen is back on the Hilltop. That means he will be active in some good cause. When I was mayor I appointed him Superintendent of the Workhouse. He really had the welfare of the prisoners at heart. He formed a self governing organization among the prisons and one of the worst characters in the workhouse was elected to head up the self governing body. That organization did not permit any fellow prisoner to escape. Religious services were held on Sunday but Daddy Owen would not permit the prisoners to be marched to the services under uniformed armed guards. The prisoners, through their own organization, went to religious services without any guards other than those of their own selection. He made such a reputation for prison reform that President Harding offered him the superintendency of the federal prison at Atlanta, Georgia.

Pack 22 Best Unit At State Fair

Pack No. 22, sponsored by the West Mound Street School PTA was selected as the best unit participating in the Boy Scout exhibit at the Ohio State Fair last week. Scoutmaster Joe Smith was awarded a silver trophy for the troop's efforts.

An honor award was also won by Pack 19, of the Hillcrest Baptist Church, whose cubmaster is Henry Garber.

Both exhibits consisted principally of handicraft specimens made this year by the members of the packs. The boys with their leaders took turns in the booths, demonstrating their craft ability with clay and wood.

Awards were based upon the drawing power of the display, the cleanliness and general gentlemanly attitude of the boys.

This marks the second consecutive year Smith and his boys have won first award.

SCHOOL DAYS

School bells are daily ringing
A call to studies new
Children are playing and singing
Just like we used to do.
But their books are not the same
I could not pass their test.
McGuffy to me is a name of fame
And will always be the best.

Teachers have an important position
We should help along the way
Children must have the disposition
If they'd make a good display.
It doesn't hinge on books nor teacher
I'm stating it blunt and mild
Whether professor, peddler or preacher
Depends entirely on the child.

Canada Up To 20 Planes A Week

Canada, that did not have one airplane factory when the war began, is now turning out 40 planes a week, according to Ralph B. Bell, Director General of Aircraft Production.

Fifteen twin engined bombers are being produced monthly and other types such as the Martin B-26 and Catalina flying boats are also being built.

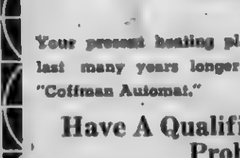
A new contract has just been awarded to the Canadian Car and Foundry Company, calling for the manufacture of 400 speedy Hurricane Fighters and another order is being issued for the production of single engined Harvards at the rate of 80 a month. The Noorduyn Aviation Limited is starting work immediately on an order for 500 additional Harvards.

Bird's Blitz Ends Man's Quiet Siesta

Enjoying a late afternoon siesta on his screened porch, Daniel J. De Grasse of Far Rockaway, N. Y., was swiftly and sharply awakened recently when a large, ferocious-looking bird crashed through the screening and began to attack him.

De Grasse, shouting for help, struck out vainly at the bird, which had long talons and a razor-sharp beak. The battle was all in the bird's favor until De Grasse's 8-year-old son arrived with a baseball bat, and the intruder was felled with one blow.

The bird's carcass was carted away before it could be inspected by local ornithologists. But it was believed to have been either a sharp-shinned hawk or falcon —neither of which is indigenous to the ordinarily placid Bayswater neighborhood.



TO MEET TUESDAY

The Philathea Class of St. Paul's Evangelical Congregational Church will meet next Tuesday evening at the home of Mrs. Chas. Hill, 382 S. Terrace-st, at 7:30. Mrs. T. V. Armstrong will be the assistant hostess.

WAR! WAR! WHY?

Daily and hourly the hysterical war mongers of the Pepper-Ickes-Knox-Winchell-Thompson school are clamoring for the entrance of our Free, Peace-loving America into the bloody conflict 3000 miles across the seas. They tell us we MUST defend "Democracy" in Tobruk, in Dakar and now in Vladicostok, Leningrad and Smolensk. They shriek that Hitler and his hordes will soon sail across this 3000 miles of ocean (presumably in ships they haven't got) and land on our shores. (The fact evidently escapes them that for over a year Hitler has been unable to cross 25 miles of English Channel to invade the tiny English isles.) It is obvious the war mongers' chief weapon is FEAR!

FELLOW AMERICANS

Are we going to be SUCKERS again? OR . . . are we going to stand up for our God-given Constitutional Rights as Free Americans and DEMAND an end to this Un-American and Un-Constitutional Interference in European and Asiatic Power Politics?

Advertising

Advertising has been responsible for many of the good things which citizens of the United States enjoy. It has been a potent force in making available to our citizens the products of American skill and ingenuity. Without it, many present-day necessities would still be luxuries. That force needs now to be applied toward the maintenance of our accustomed standards of living and further progress. This may require adjustment but it should mean increased effort.

As an educational force alone, advertising ought to play a leading part in the preparedness program. It can assist in creating and maintaining public morale. Those who are expert in it can be of great aid to government. I feel confident that the Advertising Federation of America realizes all of these things and will be prepared to make its contribution to the national welfare.

President Franklin D. Roosevelt sent the above message to the AFA convention.

Farms Show Prosperity

An increasingly healthy situation in agriculture in this country is reflected by a report issued by the Department of Agriculture, which shows that Federal Land Banks now hold less than $100,000,000 worth of farms, which is a low record since 1934.

In the first half of this year 25 per cent of all farms held for sale by the banks were turned over to buyers, which marks an improvement over 21 per cent for the first six months of 1940.

The total of farms held by Federal Land Banks on June 30 was 18,799, which marks a reduction of 19 per cent from the same date last year, and sets a new low record for the first half of any year since 1932.

Tenant farmers constituted nearly 50 per cent of all buyers from Jan. 1 to June 30 this year, as against only 16 per cent such buyers during the corresponding period of 1940. Better prices for farm products are believed to have made it possible for tenants to acquire the lands they have been working.

Another indication of greatly improved agricultural conditions is found in the fact that during the first half of this year the Federal Land Banks had to foreclose only 3,044 mortgages, which marks a decrease of 40 per cent from the foreclosures of the first six months of 1940.

Jobs For Negroes Show Increase

Reports that the reservoir of Negro workers was not being duly used were counteracted by figures issued by Paul V. McNutt, Federal Security Administrator.

McNutt reported that in the first five months of this year placements of Negro workers were 47 per cent higher than in the 1940 period.

He added that in May, Negro placements increased 15 per cent over the April total, while placements of white workers increased 12 per cent, indicating that placement of Negroes was increasing at the faster rate.

MODERN POETRY

Edited By
Esther Weakley

EXPLANATION

I cannot say what things I would—
Small words come slowly, slower, stop
The floods dammed up within my heart
Cannot be measured, drop by drop.

Joy is so brief it's gone while sharing.
Grief is like a person drugged to sleep—
Alive, but sunk in stupor heavy.
One cannot speak from out its deep.

And so . . . my words are pale, frail things
Rose petals flung upon the air—
And if men smile to see them fall
It seems to me no more than fair.

Claudia M. Adams, S. Warren Av.
In Davis Newspaper Verse Anthology, 1940.

REMEMBERING

The tie may be broken that bound us before,
And severed our lives—to ne'er join again.
But I shall remember for many long days
The joy that my dear one gave—not in vain!

Other eyes beckon and lips carry smiles
Promising all that my mad heart desires
But who with a kiss or a tender embrace
Can light, dear, as you could—divinest of fires?

Helen Gene Lisle, Sullivant Ave.,
In Verse Writers' Guild Anthology, 1930.

THE SECRET

If, by some secret mystic power,
You could unlock my house of clay—
And view the things that live therein,
You might turn pale and, to me, say
Some things I never heard you speak
After you looked into my heart
And found old dreams still burning there—
Youth's flames that will not from me part!
It might be well for you to know—
Could you accomplish this one thing—
That underneath the embers
Lies the secret that makes you sing.

Mary Rutan Byerly, S. Harris Av.,
In Verse Writers' Guild Anthology, 1938.

Origin of Hammock

Origin of the hammock is said to be derived from the fact that the bark of the hamack tree was used by the natives of Brazil to form nets suspended from trees in which they slept.

TUNA FISH PIE

1 teaspoon green pepper, finely chopped
1 teaspoon onion, finely chopped
2 tablespoons Spry (triple-creamed shortening)
4 tablespoons flour
1 teaspoon salt
½ teaspoon paprika
Dash of cayenne
2 cups milk
2 teaspoons pimiento, finely chopped
½ bay leaf
2 cups sifted flour
3 teaspoons baking powder
½ teaspoon salt
6 tablespoons Spry (triple-creamed shortening)
⅔ cup milk (about)
1 can tuna fish (7 ounces), flaked

Sauté green pepper and onion in hot Spry about 2 minutes. (Do not brown.) Add flour and seasonings and blend until smooth. Add milk gradually and cook until smooth and thickened, stirring constantly. Add pimiento. Let bay leaf stand in sauce while biscuit crust is being made.

Sift flour with baking powder and salt. Cut in Spry until mixture is as fine as meal. Add milk, beating with a fork into a soft dough. Roll to ½-inch thickness. Cut with floured doughnut cutter.

Remove bay leaf from sauce and add tuna fish. Pour into baking dish greased with Spry and top with rings and centers of biscuit dough. Bake in very hot oven (450° F.) 25 to 30 minutes. Serve hot. Serves 6.

Arsonists Methods Explained By Fire Department Official

Many stories are published about fires in large factories being caused by sabotage or arson, while little or nothing is told of how these "firebugs" work.

In starting a factory fire the arsonist usually considers two important angles: First, interfering with the regular plant fire protection of the property to be attacked, and second, starting the fire where it will spread quickly and easily.

Interfering with the fire protection of the plant may consist of plugging the nozzles on the fire extinguishers, cutting the extinguisher hose, removing the contents, or replacing the contents with gasoline.

In a plant with an organized company fire brigade, threads on the fire hose couplings may be battered so that the hose cannot be attached to the water outlets. This is designed chiefly to delay the work of the company fire brigades, and allow the fire to spread before the arrival of the regular city fire department.

Sprinkler systems are sometimes made inoperative by closing the valves and removing the control wheel.

Telephone wires may be cut, and watchmen's signaling systems may be tampered with to delay the alarm being sent to the fire department operator.

Delay Planned

Delaying the fire department is usually accomplished by turning in a false alarm at the exact time the fire is to be "touched off," or by actually starting another fire in the vicinity.

Starting the fire is usually done by an expert arsonist, who has previously gained employment in the factory to be attacked. The old fashioned method of starting fires with gasoline or kerosene has been discarded for the lighter and easier controlled chemicals.

The chemicals used by the arsonist are used chiefly to start the fires, rather than speed them up, and the methods vary widely. However, they are practically always started in materials that will burn easily. They may be started by the direct application of fire, by the use of incendiary devices, or by the use of chemicals subject to spontaneous combustion.

As an example, sodium may be placed where water may reach it, such as under an opening in the roof, or at the bottom of a rain spout. Rain reaching the sodium will immediately start fire in the sodium and the surrounding material.

One novel plan used by the arsonist is to wrap sodium in heavy paper and drop it into a pail of water just before quitting time. By the time the water soaks through the paper and reaches the sodium, the culprit is away from the plant and thus avoids suspicion.

Phosphorus Used

Phosphorus is often used by the arsonist, and may be even better than sodium for starting fires. Unlike sodium, as long as phosphorus is covered with water or wrapped in water soaked paper, no fire can start. But upon the drying out of the paper, or removal of the water, the phosphorus will take fire upon exposure to the air.

One common method of utilizing this characteristic of phosphorus is to place it in a shallow container of water and place a small hole in the container so the water will slowly drip out. When the water has drained out, and the phosphorus is exposed to the air, fire will start.

These are only a few of the ingenious methods of the clever arsonist in carrying on his work, and attempting to avoid detection. As methods of fire prevention and fire protection advance, so too do the methods of the "firebugs" change to meet the new conditions.

One of the most recently discovered is used in connection with an ordinary lunch box. A quantity of sodium is placed in the bottom of the box, a pint can filled with water and equipped with a drip valve is fitted in the top of the box. Under the drip is a counter balanced cup that dumps the water into the sodium when it becomes filled. By regulating the flow of drops per minute from the water can, the fire will start several hours after the "firebug" has left the factory, thus enabling him to establish a complete alibi.

Every suspicious Columbus fire is investigated by trained inspectors from the fire prevention bureau, and arson fires in Columbus are far below the national average.

Sound Car Aids Work

By John Jordan

The fire department's new sound car, equipped with two-way radio is said to be the only fire department equipment of its kind in this part of the country. The car was rebuilt in the department's shop from an old "dog catcher's" truck. Much of the special equipment was designed and assembled under the direction of Chief Emmett Donaldson, superintendent of fire and police communications.

The "communication car" as it is officially known is used as a portable auxiliary fire headquarters in case of extra alarm fires, or in the event of several fires burning in different parts of the city at the same time.

After the district chiefs' cars are equipped with two-way radio, Chief Welch will be able to keep informed of the progress made at other fires. He can, if necessary, order the transferring of fire apparatus from one fire to another without needless loss of time. The car being portable, can be used in any part of the city. Messages can be received and transmitted as long as the car stays in range of police radio station WPDI.

Amplifier Used

By using the sound car's voice amplifying system, much time is saved in issuing orders at large fires. Men can be moved to different locations at the fire, or ordered to leave unsafe walls by turning the sound horns in their direction and speaking through the car's microphone. An extra section of microphone wire permits the "mike" to be used from the top of an 85 foot ladder, where officers can get a better view of what is needed to fight the fire. It can also be taken into buildings filled with smoke or poisonous gas, where men wearing gas masks can give instructions on what action must be taken by those on the outside of the building.

The two-way radio also enables the chief to communicate with the fire department office and the fire alarm operators and messages may be relayed through the operators to all of the engine houses by using the fire department public address system.

Amusements

Loew's Broad

Loew's Broad is celebrating the first week of the new fall season with the showing of the musical romance, "New Wine," based on the life of Franz Shubert. Ilona Massey and Alan Curtis, who are husband and wife in real life, have leading roles. "Tillie The Toiler" is added.

Loew's Ohio

Loew's Ohio is now in the first week of its fall season with the celebrated Robert Louis Stevenson shocker, "Dr. Jekyll and Mr. Hyde," with Spencer Tracy, Ingrid Bergman and Lana Turner. "Tanks a Million," first in a series of streamlined comedies designed to run less than an hour each, is added. It's a comedy of army life with William Tracy as the fresh rookie.

Homemakers' Labor Day

Labor Day means a "laborless day" for the men who go out of the home to work—and it should be such a day for homemakers also. Since your families have to eat, holiday or not, it's up to you to connive to serve meals that take a minimum of preparation time so you can celebrate Labor Day in the prescribed way.

Prepared foods are your ally in this move to create a holiday from kitchen cares. Prepared macaroni in cream sauce with cheese is one of these, and a particular reason why you will like to use it to save time is that it bears the same saucy cheese sauce your mother might have put on it.

Prepared oven-baked beans are another old-fashioned favorite you can depend on to make Labor Day a real holiday—both because they save time and because they have the long-baked flavor Grandmother used to have in the ones she prepared. The four different kinds of them make it possible for you to please groups from any part of the country:

For New Englanders, serve old-fashioned Boston-Style oven-baked beans (with molasses sauce and pork). For Middle Westerners, the oven-baked beans drenched in piquant tomato sauce with pork will hit the spot. To please a Westerner or Southerner, you will want to serve the oven-baked red kidney beans in their delicate sweet sauce. The fourth kind of oven-baked beans comes in a tomato sauce without pork (vegetarian style).

Consider the merits of cooked spaghetti in tomato sauce, too, when you're looking for quick main dishes to serve on holidays. The spaghetti is already cooked to perfect tenderness and skillfully sauced with a tempting blend of tomatoes, spices and sharp cheese. It's delicious as it is, but you will also want to combine it with left-over meats and various inexpensive cuts of meats as well as different vegetables to make different types of entrées from it.

Cookies for the Army

Nothing tastes so good to a soldier as a bit of Mother's cooking—a box of cookies and some homemade candy packed by her loving hands is a surprise that he enjoys more than the handsomest caterer's package.

The recipe for Honey Fig Crunches given below will be a particular joy to the mother or sweetheart of a soldier because it makes a cookie that is packable and stays fresh and moist through hours of travel. Also, it is healthful, containing rice flakes, which provide the cereal cellulose that is an aid in digestion, and dried figs, a valuable source of iron.

Honey Fig Crunches

Sift together—
2½ cups sifted all-purpose flour
1 teaspoon baking powder
½ teaspoon soda
¼ teaspoon salt.
Prepare—
1½ cups finely diced figs by rinsing whole figs in hot water and draining (if not packaged) and then dicing.
Cream—
1 cup butter.
Add, blending well—
1 cup honey.
Add, beating well after addition of each—
1 teaspoon vanilla
2 eggs, one at a time.
Add sifted dry ingredients and figs with—
4 cups rice flakes.
Mix well and drop by teaspoonfuls onto greased cooky sheet. Bake in a slow oven (325° F.) 18 minutes or until light brown. (8 dozen.)

Vote In The Primaries Tuesday

Next Tuesday you will have an opportunity to select your candidates for the election in November.

The importance of the primary election cannot be overstated. It goes without saying that the best men cannot be elected in November unless they are nominated in the primary election next Tuesday.

The offices to be filled are important. It will be a living sign of the expression of your Americanism if you cast your vote on Tuesday.

Politics And The School Board

We were pleased to see an editorial in a recent edition of the Columbus Citizen bearing the above headline. It bears out in even stronger language our disapproval of the endorsement of candidates for the school board by the major political parties.

Individual members of the board serve four years without any financial remuneration whatsoever. We believe therefore the public should select these board members without the benefit of any party politics attached.

Mr. Schneider and the Republican party are to be complimented on following their policy of recent years in not endorsing candidates for the school board.

Again This Hilltop Takes The Lead

Hilltop Boy Scouts have been prominently in the lead in activities in the city this past summer. At the state fair four out of the six city projects were by Hilltop groups.

Cub Pack 22, headed by Joe Smith, and Cub Pack 19, headed by Henry Garbes, Troop 29, led by Wilson Byers, and Herman Jantzen's Troop 181 all brought back blue ribbons, while Cub Pack 22 took the first place trophy for their exhibit.

Then too, at Camp Lazarus a major part of the older boy leadership was taken over by Hilltop boys who have advanced in scouting.

This community can well afford to be proud of its boys.

A Dollar Day For The Hilltop

We recently visited a nearby city on a week-end at which time the merchants of the community were sponsoring their monthly Dollar Days.

It was a festive buying occasion and residents of the community flocked in to take advantage of the many opportunities offered.

There has been an expression by some Hilltop business men that this community should sponsor a regular monthly Dollar Days and give our people exceptional values on this one week-end.

Some expressions of what the Hilltop people think of the idea would perhaps be beneficial.

The Fish Did Bite. This past week was spent by your correspondent in the lake regions of northern Canada. Six days we went about our business casting in the waters of Lake Pemachango in Quebec for bass, pike and trout. And the fish did bite. A ten pound lake trout was our most noteworthy catch. And that's not just a fish story.

OUR SYMPATHIES are extended to the family of Jim Womeldorf. Many boys of the Camp Chase Scout Troop have lost a good friend and active worker for their program.

A few weeks ago Jim was riding in a car with another Scout member to attend the last rites for another comrade, and Jim remarked, "A man never knows just how suddenly he may be called." Jim's death was similarly so unexpected.

West Alumni To Have Council Meet

Members of the council of the West High Alumni Association will meet at room 101 at the school tonight at 8:30. A slate of officers for the new year will be drawn up and plans discussed concerning a fall membership drive.

Choir To Have Benefit Program

The choir of Burgess Avenue United Brethren Church will present a special musical program in the church auditorium Sunday, Oct. 12, for the purpose of raising money to pay for new vestments.

The program, to start at 7:30 in the evening, will include choir music, solos, duets and quartets. Elsie Radcliffe is director of the group.

Hoge, Burgess Clash Tonight

Barring rain, snow, a cyclone or other unforeseen obstacles, the game to determine the softball champion of the West Church League for 1941 will be played on Westgate Diamond No. 1. This is the third scheduling of the game so players are confident that there is an even chance at least that it will finally be played.

It was first tentatively slated to be played the week following Hoge's defeat in the city playoff. Burgess at that time was still in the running and their game was held over for a week, thus causing the first delay. The following week found members of both teams on vacation. Last week old Jupiter Pluvius stepped in and called the whole thing off.

A trophy to the winner is at stake. The game is called for 6 o'clock.

Women Dems. To Meet Thurs.

Mrs. Hazel Hayes will preside as president at the first meeting of the year of the Tenth Ward Women's Democratic Club which will be held at the home of Mrs. Robert Senter, 446 Nashoba-av, Sept. 18, at 6 o'clock with a casserole dinner.

Officers of the club are Mrs. Hazel Hayes, president; Miss Rose Arthur, vice-president; Mrs. Frieda Vogel, secretary, and Mrs. Goldie Ferry, treasurer.

Negro Faces 5 Assult Charges

Eddie Turner, 28, Hilltop Negro, faces charges of attacks on five women during the past several months, it was revealed by Columbus police this week. Assaults on five women, all away from the Hilltop, were confessed by him, it is said.

As an aftermath to Turner's arrest a motion was adopted by the Hilltop Business Men's Association in meeting Tuesday night to set up a committee for the elimination of undesirables in the community.

Five armed robberies were likewise charged against him but one of the assault charges and one of the robbery counts were denied by Turner. Bond was fixed at $40,000 pending trial.

Student Reporter Gets Lowdown

By Jean Young

"In a little red school house
What a book and slate"

Thats the game to play these days 'cause we have our noses back at the grindstone again what with school open. We like going back to the "pals" and hearing the jokes they learned over the summer we didn't hear, and I mustn't neglect to say to better our education. That is never finished.

As we roamed the halls the other day we caught drifts of conversation that we thought would look fine in print.

For example . . .

While discussing the beauty of nature the other day teacher asked if there was anyone in the room who did not appreciate a glorious sunset. Bill James came forth with a negative answer that he saw nothing in a sunset to get so excited about. Suddenly John Glade shot the question of how he was affected by the moon light. James was speechless.

There are all sorts of souvenirs one can bring from a vacation but the one Eleanor Bauman brought from Rochester, New York, took our eye. A royal blue hair bow with the notorious "V" and . . . . As a rule these days these insignias stand for victory. But they could stand for Vic although we know of no person with such a name in Eleanor's life.

At the election for secretary of the Latin class Stanley Taylor was very busy voting for himself until he realized the duties involved in taking over the class in the event of the teacher's absence. This would mean the secretary would have to have his lesson every day in order to take over the class. Taylor stopped voting but somehow he won.

Some people can't remember anything but Jean (S. P.) Simes beats every one we ever heard of at forgetting. She couldn't remember to go to gym class last week. Gym teacher threatened to tie a string around her finger but that would be useless as she would probably forget what the string was for.

We admit some of those chemistry terms are a bit difficult to get out of your mouth. Nellie Brobeck surely can get to giggling very easily to cover up her embarrassment at not being able to pronounce the difficult words.

When Rachel Kines came into school the other morning and asked us if we noticed anything about her she was disappointed to find out we couldn't see that there had been some changes made. She had cut about a dozen hairs on the top of her head. Oh well,

(Continued on page 7)

Robert Davis, 97 Powhatan-av, son of Mr. and Mrs. H. C. Davis, left by car Wednesday to enroll at Dartmouth College for his second year.

O. E. Hill Is Hilltopper

O. E. Hill, newly appointed assistant director of education, is known personally to many Hilltop residents. As a youth he made his home with his grandfather, Ezra Hill, now deceased, at 51 N. Ogden-av. His grandmother still resides at that address.

His father was killed in a street railway accident on Sullivant-av, according to "Yip" Owen, who now lives on N. Ogden-av, and knows the Hill family.

The 37-year-old appointee has been superintendent of schools at Galion. He holds degrees from Ohio State University and Columbia University.

Court of Honor To Be Sept. 25

Scouts of the Southwest District will bring their summer activities to an official close with the presentation of their advancement awards at the Court of Honor to be held at West High auditorium on Thursday evening, Sept. 25.

C. Carlton Hartley, chairman of the court, stated this week that a special program is being arranged to be of interest to both boys and parents. All parents are especially urged to be present at the meeting. A detailed program will be announced later.

Troop 141 of Rome will conduct an investiture service for the new troop at Galloway on Sunday evening at 7:30. A flag will be presented the troop by the Auxiliary of the Spanish-American War Veterans.

City Takes Over Rec. Center

Through the efforts of Jack Cannon, recreation director of the Division of Public Recreation, the building now known as Highland Recreation Center, 230 Highland-av, has been leased by the City Recreation Department. Two workers have also been furnished by the city for the center.

"Since this is a great need in this community we are asking any person or organization who has chairs or tables that can be used for kindergarten work, chairs, table games, reading lamps or any other equipment to furnish a social room for young people, also tools for a boys' work room, to call MA. 2211, Recreation Department, or AD. 6871," Ruth Blair, director of the center, said.

Lutheran Men To Have Rally

Final plans have been made for an outdoor Lutheran Men's rally to be held at Westgate Park, Monday evening, Sept. 22. The sponsoring organization, the Men's Brotherhood of Hilltop Lutheran Church, has secured Dr. F. Eppling Reinartz, secretary of promotion for the United Lutheran Church in America as speaker.

All Lutheran men of the Hilltop have been invited to hear this inspirational speaker and become better acquainted through an evening of Christian fellowship. Invitations have also been sent to the men of other United Lutheran Churches in Columbus and several surrounding cities.

Arrangements for the rally, which is being held in connection with the twenty-fifth anniversary observance of Hilltop Lutheran Church, have been made by Leonard Echols, W. B. Dilsavor, H. L. Pfaltzgraf, W. E. Grenell, Wm. Hallsteine and Charles Pfaltzgraf.

Rev. Carveth Pearn Mitchell, pastor of the church, as chairman of the meeting, will introduce the speaker.

Four From Here Go To Wittenberg

Ardit Services Were On Tuesday

Services were held in St. John the Baptist Church Tuesday for Mrs. Giulia Ardit, age 53, who died Sept. 7.

She is survived by her husband, Domenic Ardit, 80 S. Warren-av.

Mrs. Ardit came to Columbus in 1925 from Cincinnati, O.

She is survived by her husband, Domenic; three sons, A. L., Joseph and James; and four grandchildren.

"Columbus Delivers Goods"

No, you are not seeing double. There really are two pretty girls in the picture. They are the Snider twins, Elaine and Marleen (you'll have to figure out for yourself which one is who—even their best friends have a hard time distinguishing one from the other).

The Misses Snider, who live at 850 Linwood-av, are helping advertise the fact that "Columbus Delivers the Goods," as the poster they are holding proclaims. You will see a lot of this poster and see and hear the slogan many times through next week in Columbus, as both will be used extensively in the promotion of Retail Demonstration Week, beginning Sunday, Sept. 14. Hilltop stores are taking part in the promotion.

Retail Demonstration Week is sponsored by the Columbus Chamber of Commerce in behalf of all retail merchants, large and small, in all sections of the city, and a number of other organizations are co-operating with the Chamber to give the retailer a salute. It is the purpose of the Chamber and co-operating agencies to focus public attention on the importance of local retailing to the business life of Columbus, the vital role that the retailer plays in the development and progress of the community, and the many ways in which he is making contributions to our national defense program.

George Carter Will Miss Convention Of Grand Army

When the diamond anniversary of the G. A. R. opens its national encampment in Columbus Sunday the Hilltop's only living member of that group, George Carter, 419 Derrer-rd, will be unable to attend. The 96-year-old veteran has been in failing health for more than a year now and seldom attempts to leave the house.

Of course he would like to be able to attend and swap yarns with the few remaining "buddies" of Civil War days. His memory concerning events in the past is remarkably good. Failing sight makes it almost impossible for him to read the papers, a pastime that until a year ago gave him much enjoyment.

While still a lad of 14 he ran away from home and enlisted in the Union army. Seeing that the hardships of military drill were too much for his youthful physique his commanding officer placed him in a drum corps, a post he held throughout the war. The battle of Atlanta had already been fought when he arrived there to find the city a smoking ruins.

He was wounded once when a particle of shell struck his leg. Infection endangered the use of his limb but medical attention saved his leg from the possibility of amputation.

He makes his home with Mrs. Dennis McDaniel, his daughter, and her husband.

Expected to attend the convention are approximately 200 of the surviving members of the G. A. R. in addition to 4000 members of the affiliated groups of the Grand Army.

Active as publicity chairman for newspaper and radio is Mrs. Pearl Weaver, 13 Belvidere-av, a member of the Woman's Relief Corps. Ladies of the Grand Army as well as Daughters and Sons of the Union Army and their auxiliary will hold separate conventions in town at the same time.

The United States Marine Band will come to Columbus to furnish music for various functions, including the parade on Wednesday morning.

Five Generations Are In Tiller Clan

Mrs. Larry Miller, the former Mary Jane Tiller, 700 E. Weberrd, gave birth to a boy Sept. 9 in Mercy Hospital. This addition makes five generations in the family. They start with Mrs. Miller's great-grandmother, Mrs. B. Mitchell, of San Diego, Calif., and next is Mrs. William B. Smith of Grove City, the grandmother, then Mrs. George Tiller, 196 N. Chase-av, the mother of Mrs. Miller, Mrs. Miller and her infant son, Gary, who marks to fifth generation.

HBMA Group Seeks Better Park Care

A committee from the Hilltop Business Men's Association will look after possible improvements of Westgate Park was decided upon by that group in the first meeting of the fall at Schmelzer's Restaurant Tuesday evening.

It will be the duty of the committee to work out plans for better care and supervision of the park and attempt to effect permanent improvements.

Service Director Grover T. Clements outlined the general plan of the Sandusky-st bridge project and the progress that has been made towards getting the work actually under way. He pointed out that if all angles of the plan work out satisfactorily the actual construction may be under way by the first of the year. Later he presented some motion pictures depicting forward steps the city has been taking.

Winners of the booster prizes were A. W. Jordan, Dr. F. L. Keyser, L. E. Saunders, John Riepenhoff, F. L. Sulzberger, C. O. Wright, Paul Leighninger, Dr. E. E. McNamee, Jack Merriman, Harriet Huff and Donald F. Smith.

Parochial Schools Open on Monday

St. Aloysius' enrollment figures for Sept. 9 were 283. As compared with last year's figures at the same time there is no change. The school resumed its regular schedule of activities Monday.

A gain of 10 students is shown in St. Mary Magdalene's attendance figures from last year's. Enrollment for last year was 249 and the figure for Sept. 9 this year was 259. St. Mary Magdalene also opened Monday.

GOES TO MARYLAND

Jack R. Cooley, 163 S. Richardson-av, has been ordered to Aberdeen Proving Ground, Md., for training with the ordnance department.

Woody Owens Misses "Folks Back Home" Most of All

By P. W.

What does a local soldier boy miss most in camp?

"The folks back home," if you take Woody Owens' word for it, and Woody is known by lots of Hilltop people.

Inducted into military service on Feb. 27, 1941, he has been stationed at Fort Stevens, Oregon, right near the mouth of the Columbia River. He is a member of Battery C, 18th Coast Artillery, and has had experience on all the guns and instruments that are used in defending the West Coast should an attack ever become a reality.

Just how large those guns are and how far they will toss a shell the boys aren't permitted to tell. The work is interesting to Woody and the food is "fair" so he isn't complaining.

"You can see for yourself I've gained 20 pounds since I left," he said.

Since he has been in the west he claims to have written over 500 letters and received even more than that. He averages three or four per day from folks back home. He declined to comment on how many were from a "certain" Hilltop girl friend. His circle of friends, however, is large, having been active in amateur and semi-pro sports both as a participant and coach.

Was Sports Writer

He has contributed numerous sports articles to the Record in the past four years and is known by sports writers on the "downtown" papers.

His career in athletics has been a successful one. He played football during high school days at West and gave a good account of himself in every game; managed the Columbus Cycle team to the state finals in American Legion baseball in 1933; last year he again won the city championship as coach of the Camp Chase Legion team.

Woody Owens

At other times he played semi pro football with the Knickerbocker team, the best in their class one year; coached the Hilltop Bantams to city championships in '33, '35, '36, '37; and '39; played with the Columbus Athletic, State Hospital and Ben Brews baseball teams at various times.

When the State Hospital team was playing in the national playoffs in Wichita this summer Woody had a daily report on the progress of his team from Bob Howison, a member of the team.

"I was pulling for them just as much as if I were there," he said.

Woody arrived on the Hilltop last Saturday night and will leave again for the coast on Tuesday. Every minute of his time is taken by looking up old friends on and around the Hilltop.

Primary Vote To Be Tuesday

As the date for the primary election draws nearer there is beginning to be an increased interest shown by registered Hilltop voters. It is believed the Hilltop vote will probably be as strong as any section of the city although there are no local residents in the running next Tuesday.

Persons desiring to vote by absent voters' ballot may do so provided their ballots are at the Board of Elections not later than noon today.

The city council race is attracting the most interest. There are seven candidates and six to be nominated.

For council the candidates are: Arvin J. Alexander (D), incumbent; W. Herbert Dailey (D), incumbent; Charles Harcourt (D), Joseph B. Jones (R), incumbent; Frank H. Kearns (R), Robert T. McClure (R) and Dale C. Powell (R).

Republicans have indorsed Mr. Jones, Mr. Kearns and Mr. McClure. Democrats have indorsed Mr. Alexander and Mr. Dailey. These five are almost sure of nomination. For the sixth place on the ticket, Mr. Powell and Mr. Harcourt are expected to contend.

On the partisan ticket, neither Republican candidate for the two places on the municipal court is opposed. On the Democratic ticket the candidate for the full term is unopposed and J. Weller Igo and John H. Baker are contending for the Democratic nomination for the unexpired term (about eight weeks).

The three candidates for city auditor are James Rhodes, incumbent, indorsed by the Republican organization; Ralph G. Garner, chief deputy sheriff, indorsed by the Democratic organization, and Walter E. Otto, a former city auditor.

For city attorney, John L. Davies, long-time holder of the job, is opposed by Ralph G. Smith, public defender. Mr. Davies is a Republican and Mr. Smith a Democrat.

Dean, Reick Go To Frosh Camp

A number of Hilltop residents are enrolling at Ohio State University now in order to participate in the freshman week activities.

In the school of agriculture are Ruth I. Edwards, 149 N. Burgess-av, and Jack D. Remington, 123 N. Ogden-av.

Barbara J. Everingham, 100 S. Burgess-av; Eunice B. Baker, 129 S. Lechner-av; Richard W. Jones, 190 S. Roys-av; and Ann C. Bennett, 86 S. Warren-av, have enrolled in the school of arts and sciences.

In the school of engineering are Theodoric W. Louks, 145 N. Wheatland-av, and Carl J. Agriesti, 111 N. Huron-av.

Corp. C. E. France Retires from Duty

When Corp. Charles E. France, 217 N. Chase-av, retired from duty on the Columbus police force Friday he had completed 20 years of service. France had joined the force Feb. 6, 1919, and recently has been in charge of No. 3 cruiser.

Clothes Cleaning Fire Hazard Is Reduced By Prevention Bureau

The importance of fire prevention work is apparent to all who give the subject even a small amount of thought. When it is considered that the per capita fire loss in Columbus has been reduced from $6.68 in 1920, to $1.29 in 1940, it must be admitted that fire prevention does pay.

It is conceeded by even the most critical that the fire fighting forces in Columbus are equal to any in the country, but they don't go into action until after the fire has gotten a start, while the work of the fire inspector is to remove the cause before the fire starts.

Several years ago it was considered important that fire companies reach the scene of the fire within five minutes, later fire alarm systems were improved, and the method of dispatching fire companies was changed and then it was possible, in most cases, to reach the average fire in three minutes. But now with fire prevention, the firemen attempt to reach the fire before it starts.

Ninety per cent of the work of the health department is prevention work, it would seem foolish to maintain a large staff of well trained doctors in several parts of the city ready to grab their medicine cases and go rushing to the bedside of some stricken person, and do nothing to prevent the cause of the disease. The work of practically eliminating smallpox, yellow fever, diphtheria and many other deadly diseases is the work of prevention.

The work of the National Safety Council is largely accident prevention, every traffic policeman, every traffic signal is a part of accident prevention work.

It is easy to understand, then, the desire of fire department officials to develop and extend the work of fire prevention. This branch of the fire service is not thrilling and spectacular as is actual firefighting, but nevertheless, the combination of firefighting and fire prevention has proven to be an effective combination in Columbus.

Genius Often Has Humble Heritage

Primarily, democracy is the conviction that there are extraordinary possibilities in ordinary people and that if we throw wide the doors of opportunity so that all boys and girls can bring out the best that is in them, we will get amazing results from unlikely sources.

Shakespeare was the son of a bankrupt butcher and a woman who could not write her name. Beethoven was the son of a consumptive mother, herself daughter of a cook, and a drunken father. Schubert was the son of a peasant father and a mother who had been in domestic service.

Faraday, one of the greatest scientific experimenters of all time, was born over a stable, his father an invalid blacksmith, and his mother a common drudge.

Such facts as these underlie democracy. That is why, with all its discouraging blunders, we must everlasting believe in it.

SUN HATCHES EGGS

To discourage a setting hen one of the Alvin Wolter boys at Ipswitch, S. D., put a box over her haymow nest.

Came the great plains hot spell and the nest was forgotten—until peculiar noises announced five chicks had hatched under the improvised incubator.

'Ten Foot Casket For Young Giant

When Robert Wadlow, the young Alton, Ill., giant died last summer, it was necessary to order a special metal casket 10 feet long, a yard wide and 36 inches deep for the body of the 22-year-old giant who was eight feet, nine inches tall and weighed 491 pounds.

It took the services of 13 men to remove the body from the Manistee, Mich., hotel in which he died of a foot infection to a funeral home at Alton, Ill.

A huge outer box of California redwood had to be left on the sidewalk in front of the funeral establishment because no door was wide enough to permit entrance. Body, casket and outer box weighed nearly 1,700 pounds.

Eight volunteers assisted the 12 regular pallbearers. The funeral car was too short, and it was necessary to have the basket projecting from the rear, covered with a black throw.

Workers Get 'Lion's Share'

Sherman Rogers, editor and lecturer, asked 316 workers, "How much do you think you, as employees, receive from each dollar of income produced by the manufacturer?"

Eighty-six men believed that they got less than one cent out of each dollar; 378, including the 86, thought they got less than five cents. Only four out of the entire 516 thought they got as much as 10 cents of each dollar of income.

Actually, figures compiled by the Department of Commerce of the United States government show that of all the income produced and paid out by all the manufacturers of the United States, the employee receives 84 cents of each dollar.

Planes and tractors are replacing dog teams of Alaska. Only 500 remain of the 40,000 once in the Fairbanks area, and only trappers and mail carriers now continue to use the often abused animals.

Tree-Climbing Birds

The hoatzin is a South American bird which lives in trees near water. The young birds have well developed claws on their wings with which they can climb. Another peculiar feature is their eye lashes, which are set in a bare space around the eye.

"Isn't this an ideal place for a picnic?"

"Yes! Fifty million insects couldn't be wrong."

Drivers Should Use Caution Near Schools

The unholy sound of rubber screeching against pavements as brakes are smashed to the floor boards . . . the still form of a child on the street . . .

Such occurs many times daily in the nation, and such does happen in Columbus during the school year.

Again motorists are urged to be extremely careful while driving in school zones, and to be particularly alert during the hours when children are going to and from school.

A car traveling only 10 miles an hour is traveling 14.5 feet per second. It goes 11 feet before it is possible for the driver to apply the brakes and 12 feet more after the brakes have been applied—making it 23 feet at only 10 miles an hour!

At 20 miles an hour a car is really speeding 29 feet a second. It takes 22 feet before it is possible for any driver to apply the brakes, and 22 feet to bring the car to a halt—44 feet distance at only 20 miles an hour!

At 30 miles an hour your machine is shooting along at 44 feet per second; at 40 miles per hour it is clipping off 58 feet a second and at 60 miles an hour the car is plunging 88 feet per second.

Think of these comparative figures while driving.

Drive slowly, drive carefully—and save a life.

Let These Simple Joys Be Mine

FUNDAMENTALS are important—in fact, they're the only things that have real importance. A family picnic, approached in the proper perspective, is just as enjoyable as the most elaborate and expensive of leisure activities. However, it's not the picnic as such that counts—ilt's the understanding of relationships, the happiness of comradship and affection that counts. These are fundamentals . . . truth, love, faith, kindliness, understanding — you can discover a wealth of them in the teachings of your church.

'Thumbs Up' For Soldiers On Road

Corporal Eddie Carpenter likes the thumbs-up idea of the British so much he thinks motorists should adopt it.

In a letter to his local draft board, Corporal Carpenter, a selectee stationed at Fort George G. Meade, Md., suggests, "form a club to pick up all the boys who are trying to get home from camp.

"Why don't they adopt an emblem of some sort to paste on their windshields with a thumb pointing upward instead of down? Call it the 'thumbs-up club' for our boys who are trying to get home."

IN MICHIGAN

Rev. and Mrs. J. L. Dean, 244 Eldon-av, pastor at the Hilltop Community Church, are in Michigan this week where their daughter, Martha, is entering the Owosso Bible Seminary. In the absence of Mr. Dean, Rev. John D. Sturk is filling the pulpit at both services Sunday. Mr. Dean will be in the pulpit Sept. 21.

The growing season in North Carolina ranges between the extremes of 174 days in the mountains to 295 days at Cape Hatteras.

"Catchin' any?" the bystander asked the fisherman.

"Caught 40 bass outa here yesterday."

"Say, do you know who I am?"

"No," said the fisherman, "can't say as I do."

"Well, I'm the county fish and game warden."

The fisherman thought a moment, then said, "Say do you know who I am?"

"No," said the officer.

"Well, I'm the biggest liar in eastern Franklin county."

They Do Things Fast In Reno

N.Y.A. Workshop Trains Youth

A large proportion of the youth employed on National Youth Administration projects in this area are obtaining work experience in the N. Y. A. woodshop located at 1123 W. Goodale-st. Robert D. Royer, area director, announced that eligible youth will be placed immediately. "Various occupations in the woodworking field such as drill press operators, refinishers, assemblers, spray painters, and pattern makers are considered necessary, directly and indirectly, in the defense program," Mr. Royer stated. In addition to boys, girls will be assigned to the woodshop.

Personnel directors in some industries have indicated that women perform certain manipulative operations better than men, and a large number of defense industries have already begun to hire qualified women. To be eligible for woodshop experience young people must be between the ages of 18 and 24 inclusive, out of school, and in need of work experience. Applications for N. Y. A. experience are being takes by Miss Helen Beavers, Youth Counselor, 211 N. 5th-st.

MY LITTLE FILLING STATION ON BROADWAY

Nights are getting longer and Jack Frost is getting stronger,
Coming back with his pack of ice and snow.
Drivers soon will say, Drain my car without delay,
Another day or so may be twenty-one below
Soon be calling for zerone in this temperate zone
Safe and secure 'till the first day of May.
But Uncle Sam may telephone to leave that wreck alone
In my little filling station on broadway.

My poor old filling station looks mean and unclean
And by request I may have to take a rest.
Samuel needs the gasoline for some king or queen.
My raiment, at best, won't stand a frigid test.
The roof is falling slowly and many people owe me,
Took my jack away, two years ago last May.
My old dog don't know me—too uncouth and lowly—
In my little filling station on broadway.

Rhodes Seeks Re-Election

J. A. Rhodes

City Auditor James A. Rhodes, seeking nomination for the auditorship in the Sept. 16 primary election, is well known to Hilltop residents through his past record in his present office and as a school board member.

He was elected city auditor in 1939 and has conducted that office in a business-like manner and has made changes which have been beneficial to the taxpayers of the Hilltop.

In 1941 the auditor's office sold $18,000 more in licenses than in any year since 1938 with the same personnel. This was accomplished by having all employees of the office assist in writing licenses and giving courteous service to the public.

Well-known in sports circles, he is chairman of the Red Bird Knot Hole Gang, which has increased in membership from 1800 to 20,000 in the past five years.

A leading fact finding organization has recognized Rhodes' past reports on city finances as the most complete ever to be compiled by the auditor's office.

If nominated and elected, Rhodes promises the continuation of efficient and economical operation of the auditor's office. He lives at 45 W. Dunedin-rd.

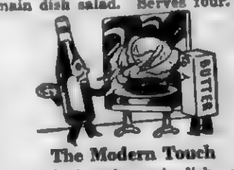
To Please the Men



Here is a main dish salad that you can count on for real man-appeal—Kidney Bean and Frankfurter Salad. The prepared oven-baked kidney beans in their delicate sweet sauce are the kind of substantial basis that men always like, and the frankfurters add spiciness. For crispness and piquancy, a diced dill pickle is included.

Serve this salad for dinner or lunch at home and also carry it along for picnics. You can place it in a fruit jar which you bury in ice to keep it cold on the picnic journey—then serve it in crisp lettuce cups. It would be simple to mix after you arrive at the picnic spot, too.

Kidney Bean and Frankfurter Salad

Slice and slice—
3 to 4 cooked frankfurters.
Add to them—
1 medium (17½-oz.) can oven-baked red kidney beans
1 genuine dill pickle, diced
1 tablespoon finely chopped onion.

Toss lightly and serve cold as main dish salad. Serves four.

The Modern Touch

An old favorite main dish—corned beef and cabbage—goes modern when prepared by the recipe below, and in so doing it becomes even more delicious. Its flavor is enriched by a sauce made of spicy tomato ketchup and melted butter.

Quick Corned Beef and Cabbage

Cut one-half of a medium head of cabbage in four wedges about 1½ inches wide at the widest part. Cook in boiling salted water until just tender, about 20 minutes. Combine ⅓ cup butter which has been melted with ⅓ cup tomato ketchup, then beat together with a rotary egg beater about one minute or until thoroughly combined and slightly thickened.

Slice ½ pound canned or cooked corned beef in eight small pieces or four large ones, depending upon its shape, then arrange in square or oblong baking dish. Place a wedge of cabbage on each serving of beef. Pour the ketchup butter sauce over the cabbage, having it run down on the meat. Bake in a moderate oven (375° F.) about 15 minutes, or until heated through and sauce bubbles.

Savory Muffins

One of the most appreciated combinations for summer meals is a cold, cold salad with piping hot muffins. You have a goodly variety of either from which to choose—so they can always play the role of mealtime surprise as well.

Once in awhile you'll want a muffin that has a bit of savoriness about its flavor to go with some of your choice meat, fish and cheese salads. Such a one is made with the recipe below, which uses canned tomato juice for a tangy, refreshing accent and little snippets of crisp bacon for the delicate smoky touch. The two together are delicious when combined as in this recipe:

Tomato Bacon Muffins

Sift together—
2 cups sifted flour
4 teaspoons baking powder
½ teaspoon salt
¼ teaspoon soda
1 tablespoon sugar.

Combine—
2 eggs, beaten
1 cup tomato juice
2 tablespoons bacon drippings
2 strips bacon, cut in ¼-inch pieces and fried.

Pour liquid mixture into dry ingredients, then stir just enough to moisten. Bake in greased muffin tins in a moderate oven (375° F.) 25 minutes. Serve hot with crisp salad or omelet. Makes 1 dozen muffins.

The lack of hose is predominating at West. Only one girl out of 10 has any hose on at all. Not even a little pair of socks can be seen on many.

Most popular tune the first day of school was "It's So Peaceful in the Country." It is at that.

People don't change over a summer's vacation. At least Elaine Planck didn't. She's still the last one to come into a class room . . . Rue Ann Lutz has such a cunning way of letting you know a bug is near. She just screams . . . Mildred Steele can run on for hours in telling about her trip to Radio City, New York, and other points of interest there . . . Hafold Murphy has the courage to tell a teacher when he is wrong . . . Eugene Meisse thinks the ideal wife is a good cook and is good looking . . . Martha Jane Bowers and Max Daily visited Cincinnati and Coney this summer . . . West's band is dressed up with three drum majorettes this year instead of just one as last year. They are Carol Mae Gamso, from last year, and the novel addition of twins, Jane and Joan Miller . . . The halls are lighted this year again with the beaming countenance of Mary Herbert who spent a year at CSG . . . Joanne Dressel and Jody Palumbo have a little fad started of wearing ear rings to match their dresses. Joanne's USN ear rings are particularly stunning.

Buckaroo Eleven To Invade Newark Tonight For 1941 Gridiron Opener

Coach George Collins

By Harold Miers

"If our little backs run, and our big line blocks, and the grass on the Newark field is cut short enough that we can see our own backfield, then," Coach George Williams of West stated, "then, we might hold them inside of the 80-yard line."

And this was as much of a prediction as could be wrangled out of the West High Cowboys' football coach. Coach George Collins, line coach, had even less to say regarding the Bucks' chances when they tangle with the Newark Wildcats tonight at the Newark stadium at 8 o'clock.

More Teamwork Is Seen

The West team which has noticeably improved in the past two weeks has gone through strenuous drills during the earlier part of the week and most of the difficulties, such as lack of knowledge of plays, has been ironed out. However, it was announced that several of the members of the team showing good possibilities will not be taken to Newark because they have not yet learned the plays used by the varsity squad.

A half-hundred Bucks took part in a scrimmage with Gahanna last Wednesday evening. Among the details noted in the game: [illegible] down-field blocking was missing and the tackling was about half and half. The locals were confused at times, evidently because they did not know their plays.

In addition to the previous headaches, the foremost of which was the loss of Dale Rose as reserve coach, West will lose the services of Jack Hobbs, hard-running back, who was declared ineligible for further participation in high school athletics under the six semester ruling.

According to Coach Williams, nothing is known of the style of play that will be used by the Wildcats, but the fact that the Newark squad has seven members of last year's undefeated team back in uniform indicates that the West squad will have a real job on its hands this evening.

Bucks Have Big Line

The West team which will go on the field this evening will average 186 pounds per man on the line, and 165 pounds in the backfield, with full equipment.

Numerous notes made at practice: Harry Hopwood, former Columbus Academy backfield star, will start at tackle for the Cowboys . . . Don Davies' downfield running is something to watch . . . Each position on the 1941 squad has men three deep . . George Oura and Charles Weidner are the only juniors in the opening lineup . . . The Cowboys will eat their dinner at the Hotel Warden in Newark this evening . . . West's sweaters will be white. The numbers will run from 1 to 33.

Fewer Students Drop Out Of School

Dr. Reighley at West High has given us some interesting figures that show a trend of the times.

This fall 6.2 percent of the students who should have passed from the tenth to the eleventh grade have failed to register in school. This is an increase from 5 percent last year and the school's low of 4 percent in the previous year.

The increase in drop-outs, Dr. Reighley points out, is caused by the increased opportunities of older students to get employment and make money today.

But it is interesting to observe that the drop-out figures have recently been as low as 4 percent whereas in 1937 the average drop-outs at West went as high as 31 percent.

How's This For A Fish Story?

A French guide far up in Canada recently related a fish story which may give some of us an idea of a new approach to this business of fishing.

His method, he claims, is to throw a goodly supply of chewing tobacco into the water, allow a little time for it to sink down to where the fish are resting and then, as the fish come up to the surface to spit tobacco juice, crack them over the head with an oar.

Sounds exactly like one of the stories Fred Sulzberger or Dee Fox might tell regarding their experiences.

Aw Nuts!
But No Squirrels

A friend of ours went squirrel hunting and though he didn't get any squirrels he didn't return empty handed. He found a puffball 12½ inches high and 48 inches in circumference and weighing three pounds. He shot one crow and ate one pawpaw.

But he further reports a good crop of hickory nuts and believes that all the little squirrels he failed to get will be well fed this winter.

More Of What They Want

The secret of success in business is to give the customers more of what they want and less of what they don't want.

And so there is the business man who has made a study of the hot dog eating habits of his customers. Nearly everyone eats the wiener and very little of the bread that's wrapped around it, he reports.

He has thus made his place more popular by reducing the size of the roll. This way the wiener looks larger and while it tastes good and is not too filling, the customer re-orders.

Be Ever Vigilant.

An American Legion spokesman this week heartily endorsed the words of National Commander Milo J. Warner at the opening session of the national Legion convention in Milwaukee to the effect that the German invasion of Russia calls for no change in the Legion's attitude toward Communism but rather should strengthen its guard against the Soviet philosophy of government.

"We still hate Hitlerism. We still hate Communism and all that it implies," Commander Warner said.

"Stalin is simply defending country from attack by Hitler. Whatever aid Stalin can give in resisting Hitler is initially of benefit to sincere people everywhere. That does not call for any change of attitude towards the Communist Party in the United States.

"Further does the Russian situation compel a redoubling of vigilance over Communists and other subversive agents in this country because the circumstances are inclined to influence relaxation of our guard."

Program Is Planned For Scout Court

An outstanding event for all young people of the Hilltop will be held at West High School auditorium next Thursday evening, Sept. 25, at 8 o'clock.

In addition a special entertainment feature will be provided by a harmonica specialist.

In addition to the many awards to be made to local Scouts there will be a short entertaining talk of interest to Scouts and their families.

A special invitation is being extended to all young people as well as adults to be present at the meeting. There will be no charge.

The local Court of Honor is made up of C. C. Hartley, chairman, Herbert G. Decms, Robert N. Draper and Jack Merriman.

Hilliard Lockers Now Available

Facilities for frozen storage for all types of foods is now available at the Hilliards Cold Storage Lockers, according to C. C. Henry, owner of the plant. More than 200 lockers are now ready for use and provision has been made to double that capacity when the need arises.

The new service makes it possible to store food for an indefinite length of time and have it as fresh as the day it was placed in the locker, according to Mr. Henry. It eliminates the necessity of canning and makes possible fresh meats, fruits and vegetables at any season of the year.

The plant is located on Darby Creek Road just a short drive from the Hilltop. Many Hilltoppers have already rented locker space for the coming year.

All food is fast frozen in a special chamber at 32 degrees below zero before it is placed in the lockers. Each customer has his own key to his compartment and can have access to it at any time.

Each item is wrapped and labeled with the contents clearly marked on the outside so that an inventory is available to show just what remains in the locker.

Bard, Inc., installed the General Electric refrigeration equipment for the plant. Hilliards Lumber Co. supplied the lumber for the framework of the plant and the Russel Grain Co. supplied the tile blocks for the building.

Brown Services Were on Monday

Services were held Monday at the Hillcrest Baptist Church for Mrs. Ollie Brown, 349 Midland-av, who died Friday at her home. She had lived on the Hilltop all her life and her husband conducted the old ball park at Highland and Sullivant-avs 23 years ago. Rev. George MacDonald officiated at the services.

Surviving are her sons, Carl, Edward, Gay and Fred; daughters, Mrs. Florence Engard of Columbus; Mrs. Georgia Tathgaber, Columbus, and Mrs. Nellie Schupp, Tucson, Ariz.; three brothers, William and Edward Scoles, Columbus, and Fenton Scoles, Baker, Mont.; 11 grandchildren and two great-grandchildren.

Burial was by the Noble Allen Funeral Home.

Mother of West Teacher Dies

Dr. Robert L. Tucker, pastor of Indianola Methodist Church will officiate at funeral services for Mrs. Ruth A. Schlafly, age 56, of 1826 N. Fourth-st, whose death occurred Sunday in Doctors Hospital, where she had undergone an operation. Miss Ida Louise Schalfly, art teacher at West Junior High School is the daughter of Mrs. Schalfly.

SERVICES SATURDAY

Funeral services for Orion O. Taynor, 64, of 203 S. Dakota-av, will be held at the Holy Family Church Saturday. Mr. Taynor has been employed by Moores and Ross for the past 20 years.

Hoge, Burgess Schedule Play Under Lights

That Dodger-Cincinnati 17 inning ball game Monday afternoon (and night) didn't have much on the long delayed game for the West Church League championship. Just about everything has happened to delay or postpone playing of the game between Burgess U. B., winners of the first round of play, and Hoge Memorial No. 1, victors in the second frame of games. Now the game is scheduled to be played under the lights at the State Hospital diamond on Wednesday night, Sept. 24, as part of a double bill; the other is the finale of the church of champs playoff for the city.

Twice delayed since the regular schedule of games ended early in August, the Brethren and the Presbyterians tangled on the Westgate grounds last Friday night and played to a 7-7 tie with the game called "no contest" at the end of four innings.

Burgess established early mind and new record by plating seven men on one hit. Wally Riggs was credited with the only bingle for his mates but a continual streak of wildness on the part of Rich, pitching for Hoge, gave up a dozen or so walks.

Called At Dark

Cash, hurling for the Brethren, was less erratic but gave up seven hits to account for the Hoge scoring. Play was called at the end of the fourth when darkness had enveloped the field and made continued play practically impossible.

The night booking was thought advisable by Walter Gerber at the Recreation Office because many of the players find it impossible to get on the playing field before 6:15 and that does not permit plays of a normal seven inning contest before dark. The game is called for 7:30 o'clock.

A trophy being given by the Columbus Cycle Store will become the permanent property of the winner of Wednesday's game.

Mrs. Hazel Phelps Hurt On Road

Mrs. Hazel Myles Phelps, age 36, was in serious condition in Mt. Carmel Hospital after being found in a ditch along the 3C Highway, two and one-half miles south of Harrisburg, in Pickaway County, Tuesday evening. It is believed she was hit by an automobile and left along the road. State Highway patrolmen are investigating the case.

She suffered head injuries, possibly a skull fracture and severe body bruises.

In a moment's consciousness, Mrs. Phelps gave hospital attendants her name and address as 52 Westgate-av. This later was found to be the residence of her sister, Mrs. James Marks.

Guy Ault Dies Of Heart Attack

Guy Herbert Ault, age 61, of 146 S. Richardson-av, died at his home Sunday evening from a heart attack. He had been employed at the Jeffrey Manufacturing Co. for 40 years.

Surviving are his wife, Mrs. Linda Ault; a son, Herbert, 745 S. Terrace-av; daughter, Mrs. David Doughty, of the home; three grandsons; his father, John, Ault, and a sister, Mrs. Jennie Hedges, both of 226 S. Fifth-st.

Services were held Wednesday at the residence with Rev. A. J. Wold officiating. Burial was by Jerry Spears.

GOES TO WOOSTER

Paul M. Churton, 92 N. Powell-av, left Monday for Wooster, where he enrolled in the sophomore class in Woostar College.

Up, Up, Up, Goes This Giant Beautiful Morning Glory

Something like Jack's beanstalk is the Heavenly Blue morning glory of Mrs. Wylie Shroyer, 2553 W. Broad-st. Pictured above is Mrs. Shroyer and her prize plant, which, by the way is a single stalk that reached over two stories high and has bloomed continuously, having as high as 97 beautiful opened morning glories at one time. The blooms usually stay opened until the middle of the afternoon.

On July 10 the plant was about 15 inches high and Mrs. Shroyer started it up the string on its way to the top of the building. It started to bloom about Aug. 1.

Two other four family units are already well under way at the corner of N. Huron and Broad.

It was noted that Finley's Drive Inn Restaurant had vacated its location at the corner of N. Roys and Broad in preparation for development of that site. Unofficially the story was being circulated that a new building will house a unit of a chain grocery, a drug store and a novelty store. Work is expected to be started on this project within a few days.

Hilltop Casts Light Vote In Tues. Primary Election

Voting on the Hilltop in the primaries on Tuesday, corresponding to that throughout the city, was very light and along the lines generally predicted.

With the total of 20,924 ballots in the city costing a total of $30,000 to the county or a cost of about $1.50 per vote the vote in the ninth, tenth and eleventh wards was similar to that cast throughout the city.

In the councilmanic race, Councilman Joseph R. Jones, Robert T. McClure and Francis H. Kearns, Republicans, and President W. Herbert Dailey, Councilman Arvin J. Alexander and Charles R. Harcourt, Democrats, emerged victors. Dr. Dale C. Powell, Republican, was eliminated.

Councilman Joseph R. Jones led the ticket with a total of 11,564 votes while James A. Rhodes for city auditor tallied 11,493 votes as against the 4,924 tallied for his November opposition.

A cross section of about how the Hilltop vote went is shown in the tabulation of all the precincts except five in the eleventh ward, which showed totals as follows: For council, Jones, 616; Dailey, 513; Kearns, 479; McClure, 469; Alexander, 338; Harcourt, 194; Powell, 165.

The same tabulation showed 623 votes for Davies for city attorney as compared with the 353 for Ralph Smith for the same position. In this same ward James A. Rhodes for city auditor polled 567 votes as compared with 235 for Ralph Garner, Democrat, and 206 for Walter Otto, Republican.

The gunman compelled Miss Stork to remove a diamond ring valued at $200 from her finger and hand it to him.

He was described as being about 30, medium height, wearing a dark brown pin stripe suit and a felt hat. He fled on foot.

MILLIONS suffer less from Headache, Acid Indigestion, Distress of Colds "Morning After" and Muscular Fatigue because they have heard—and believed—Alka-Seltzer radio announcements.
To these millions, the relief obtained by the use of Alka-Seltzer is worth far more than the genuine enjoyment they get from the broadcasts.

— Letters — To the Editor

Albrook Field, Panama, C. Z.
Sept. 5, 1941

Dear friend Carl:

After a very interesting trip through the Great Smokies, which obviously acquire their name due to the fact they are enveloped in a blue haze, I arrived in Charleston, S. C., on July 23, spending two days there while I was taking shots for malaria, yellow fever, etc. From an historical standpoint, Charleston is a very interesting city, as all the old landmarks from the Colonial and slave days have been carefully preserved.

We left Charleston on July 25, on the Transport "Irwin" which is a converted passenger vessel, and for the first few days I thoroughly enjoyed the trip, as the water was very calm and the course was through the Bahama Islands. The tropical ocean is as blue as bluing water, and the sight of flying fish and the schools of porpoise following the boat were a source of constant interest.

However, after we left the Windward Passage, between Cuba and Haiti, we ran into the notorious Carribbean ground swells, and I proved a very poor sailor — never was the sight of land more welcome than when we landed in Cristobol (in the Zone on the Atlantic side) on July 30. Cristobal is largely a collection of docks and warehouses, but its sister city of Colon, in the Republic, is quite interesting as it is very Spanish in atmosphere and architecture. Both towns are on swampy ground and do not receive the benefit of the prevailing winds, which makes them hot as the devil.

The train which took us across the isthmus is surprisingly good, and made the 45-mile run in an hour. Gatun Lake, 10 miles from the Atlantic Side, is a very beautiful body of water, situated as it is in the rugged terrain which is so characteristic of Panama, with very blue water and many islands. The jungle along the right of way is almost a solid wall of black vegetation, but occasional breaks revealed that it parallels the Canal, which at present is enjoying the largest volume of traffic in its history.

When we arrived in Balboa, in the Zone on the Pacific side, I learned for the first time that I would be assigned to Albrook Field. The commandant, upon learning that I was an old-timer in the flying game, had a mechanical background due to my Linotype work, and had graduated from Ft. Benning, stated that I must have been sent from Heaven, as most of the pilots here are youngsters who have recently graduated from the flying schools in the states, and who do not have the faintest idea of what makes an airplane tick.

The result was that I find myself as assistant base engineering officer, my duties being the supervision of all repair to airplanes, engines, parachutes, instruments and propellers; co-ordinating the work between the departments, and deciding on priorities. We have a three million dollar machine shop, sheet metal, woodworking, welding, instrument and parachute shop, with a very fine group of expert mechanics. After repair, either the engineering officer or myself will test hop everything that comes out of the shop, and in this fashion I am getting more flying than at any time in my experience.

However, flying down here leaves something to be desired, as it is all over water or jungle. In addition to parachutes, we all wear rubber neckpieces, to which is attached a small cylinder of carbon dioxide, and in this fashion the neckpiece can be inflated rapidly for forced landings on the water. We also have a "jungle kit" which contains concentrated food, first aid, water, pistol and ammunition and a machete. Single motored airplanes are not permitted to fly outside of "local" flights by themselves — at least two must be on every flight.

Panama is now an armed camp, as there are some 20 army establishments on the isthmus. Each squadron on each field is charged with the patrol of a specified area of the sea and in addition the navy is on the job—on, under and over the surface. All the mountain tops are manned by details of soldiers who maintain a 24-hour alert, and who are equipped with machine guns, searchlights and radio. Albrook is also the HQ of the new Carribbean Air Force, which patrols the new bases, from Trinidad in South America to Bermuda. I am certain that if the folks back home knew of the preparations which have been made here they would rest much easier as far as Panama is concerned.

The weather has proved somewhat of a surprise, as the temperature will never go over 85, and a blanket by morning is very welcome. However, this is the rainy season (which lasts from May until December) and it will rain torrents every day for an hour or two. The humidity is so high that clothes must be hung in a "dry" closet, equipped with an electrical heating unit, or they mildew over night.

The neighboring city of Panama, the capital of the Republic, is known as the crossroads of the world, and on its narrow and winding streets one can see every nationality — Hindus (with their white turbans), Indians, Negroes, Japanese, Chinese, Spaniards, etc. Spanish is the universal language, very few of the clerks speaking English. All these people have their own bazaars, and you can imagine how interesting it is just to window shop and see these strange, and many times, exotic articles on display. The city is a constant carnival, with wide open gambling, open prostitution, and plenty of hot spots with women (of all shades of color) for dancing, etc.

Within a day or two after my arrival, I called on the Panama newspaper, the Star & Herald, a daily of about 20 pages. The publisher, Sr. Ernesto Duque, was educated in the states, and I found him to be a very charming gentleman. When he ascertained that I was on leave from Mergenthaler, he was most hospitable, as he states that our representative calls on him only every year or two. In addition to the newspaper, he has a large job office, as well as interests in almost every business in the city. His father at one time was president of the Republic, and through him I have been able to meet some very interesting people — being somewhat handicapped because I can't speak Spanish. To overcome this, I have enrolled in one of the night classes at the University of Panama, and hope to have a working knowledge of the language soon.

The paper is equipped with 10 Linotypes, including an APL and Model 31's and 32's; Ludlow and Elrod, and 3 Monotypes. Due to the humidity, the machinery is covered with rust and sadly out of adjustment. I was able to give his men many tips in maintenance, which they thought marvelous, but which to us in the states are every-day routine for the apprentice boy. The job shop has the latest automatic presses, including some offsets, and must be a gold mine, for he has little, if any, competition.

I have been to his home a number of times for dinner and to spend the evening—a most entertaining experience, for every dish was new to me, and the home is operated on the old-style Spanish system. Sra. Duque states that she learned most of her English by attending the American movies, as the custom here is to flash Spanish sub-titles on the screen as the characters speak so the natives can follow the action. The only Spanish movies are those imported from Argentina, and they are very inferior and only indifferently attended.

Of course I miss my family and friends, and I was not permitted to bring my car, but you can perceive from the above that I am enjoying this duty immensely. Although it takes from 9 to 11 days for regular mail to reach Panama, we do have marvelous air service via Pan-American Strato-Clipper (4 motors) which flies the compass course to Miami in the unbelievable time of 6½ hours, so I receive Ohio air mail in two days.

With the best of personal regards, I am

Sincerely,
Jimmie Bourque

FOOTBALL

I write of college football games
And players brave and strong.
There's many names in gilded frames
Who played before the throng.
Those players we honor and admire,
They have no equal for ardor and zeal.
Attend every contest if you desire
To see a sport that is real.

Many millions will gladly testify
That it is a productive sport
Fair minded people it will satisfy
And carries a good report.
No breath of scandal or serious detraction
Has ever entered this game.
It has been giving satisfaction
And producing players of fame.

You should see each contest if possible
'Tis beneficial to one and all.
See men that are fast and powerful.
But there's a few you won't see next fall
They'll be in some trade or profession
With a sound body and mind.
They are scattered all over the nation
Unafraid, courteous and refined.

Advertising

Advertising has been responsible for many of the good things which citizens of the United States enjoy. It has been a potent force in making available to our citizens the products of American skill and ingenuity. Without it, many present-day necessities would still be luxuries. That force needs now to be applied toward the maintenance of our accustomed standards of living and further progress. This may require adjustment but it should mean increased effort.

As an educational force alone, advertising ought to play a leading part in the preparedness program. It can assist in creating and maintaining public morale. Those who are expert in it can be of great aid to government. I feel confident that the Advertising Federation of America realizes all of these things and will be prepared to make its contribution to the national welfare.

President Franklin D. Roosevelt sent the above message to the AFA convention.

Fire Inspectors Help Keep City's Per Capita Loss Low

The importance of fire prevention is apparent to all who give the subject even a small amount of thought. When it is considered that the per capita fire loss in Columbus has been reduced from $6.68 in 1920 to $1.29 in 1940, it must be admitted that fire prevention work does pay.

The fire fighting forces in Columbus are equal to any in the country, but they don't go into action until after the fire has started, while the work of the fire inspector is to remove the cause before the fire starts.

Several years ago it was considered important that the fire companies reach the scene of a fire within five minutes. Later fire alarm systems were improved, and it is possible, in most cases, to reach the average fire in about three minutes. Now with fire prevention, the firemen attempt to reach the fire before it starts.

The work of the National Safety Council is largely accident prevention, every traffic policeman, every traffic signal, is a part of accident prevention work.

It is easy to understand the desire of fire department officials to develop and extend the work of fire prevention. This branch of the fire service is not thrilling and spectacular as is actual fire-fighting but nevertheless, the combination of fire-fighting and fire prevention has proven to be an effective combination in Columbus.

We can always be depended upon to render helpful assistance.

Exploding Jars Injure Mrs. Miller

When the bean jars she was using in preserving exploded Friday, sending fragments of glass flying in the room, Mrs. Helen Miller, age 31, of 542 E. Wheatland-av, suffered severe cuts on the legs.

The fire department inhalator squad took her to Mt. Carmel Hospital after giving her first aid.

According to a neighbor, Otto Wright, 548 E. Wheatland-av, Mrs. Miller had cold packed the beans in the jars and put them in the oven for cooking about three hours earlier.

Firemen blamed the pressure of cold air rushing into the steam-filled oven when she opened the door, for the explosion.

Mrs. Miller was alone in the kitchen at the time of the accident.

BOSTON BEANS

A real Boston bean casserole would taste mighty good one of these fresh fall days. With the genuine oven-baked beans that come in tins, you can very quickly prepare one that brings back memories of the genuine long-baked kind Mother used to bake in her own oven. Just heat them in the oven as they are. Or sometimes for variety prepare them other ways. The following recipe will lead you to think of other quick combinations with oven-baked beans.

Boston Bean Casserole with Pineapple and Link Sausages

Using—
2 medium (18-oz.) cans oven-baked beans, Boston-style.

Turn one can of the beans into casserole. Pour over it—
1 cup canned pineapple chunks, drained.

Pour over this the remaining can of beans and top with—
1 dozen link sausages which have been partially cooked.

Bake in a hot oven (400° F.) 30 minutes or until thoroughly heated and sausages are cooked.

Short ribs of beef are always cooked by braising or stewing, since they are a not-so-tender cut of meat. That means you use either water or a sauce for moist cooking. Spicy, flavory-rich tomato ketchup makes a grand braising sauce for this inexpensive meat. Use it as in the following recipe:

Brained Short Ribs of Beef

Have—
3½ pounds short ribs of beef.
Slit meat slightly between bones for quicker cooking, then brown. Add—
¼ cup tomato ketchup
¼ cup pure cider vinegar
1½ cups water
2 teaspoons Worcestershire sauce
1 cup chopped celery.

Simmer in covered pan for 2 hours or until done. Thicken sauce with flour if desired after removing meat from pan. Serve hot with sauce and parsley garnish.

When you feel the first sensation of Autumn chill, you can start to think about serving foods that are spicy—for the fall and winter months give you days when foods with tangy flavors are in their heyday. Below is a recipe for Mincemeat Cinnamon Muffins to help you start this season with a flourish.

Mincemeat Cinnamon Muffins

Prepare muffin tins by placing in each of 12—
½ teaspoon butter
½ tablespoon brown sugar
1 tablespoon prepared mincemeat.

Sift together three times—
2 cups sifted all-purpose flour
2 teaspoons baking powder
1 teaspoon cinnamon
½ teaspoon salt.

Combine—
1 beaten egg
1 cup milk
4 tablespoons butter, melted
¼ cup brown sugar.

Add this mixture to the dry ingredients all at once and stir quickly until the dry and liquid ingredients are just mixed and have a lumpy appearance. Then quickly pour into muffin tins filling two-thirds full. Bake in a hot oven (425° F.) 20 minutes.

Arson and Sabotage Workings Should Be Known As a Public Danger

Lt. John Jordan

A recent article on arson and sabotage seemed to interest many readers and while there is much information on the subject that cannot be disclosed at this time, there is some value in informing the public of the danger.

One of the most ingenious devices for starting fire, employing chemical action, first made its appearance a few years ago. At first it consisted of a piece of lead pipe or tubing in the center of which was placed a thin copper disc, soldered around the edges so that acids placed in the tube could not mix.

Picric acid was placed in one end of the tube and sulphuric acid in the other end. Both ends were sealed with wax and capped with lead.

The sulphuric acid would eat through the copper separator and upon mixing with the picric acid would cause an intense fire, melting the lead tube and igniting any nearby combustible material. Other acids were sometimes used but sulphuric and picric acids were the most commonly used.

An elaboration of the lead tube has now made its appearance and is called an "incendiary pencil." It has the appearance of an ordinary pencil and is fitted with regular pencil lead in one end and an eraser in the other end. However, the inside of the pencil follows the same general principle of the lead tube mentioned above.

The starting time for the fire is regulated by the thickness of the copper separator inside the pencil. These incendiary pencils may be dropped in shipments of combustible material that is being shipped by boat or train, and so regulated that the fire will not start until several hours later. By using several extra separators, fires can be started in boxcars after they are in transit, or in the holds of ships many days after they are at sea.

Where time is not needed to establish an alibi, matches are sometimes used in connection with a lighted cigarette in starting fires. A small rubber band is used to tie several matches around the cigarette with the heads well down toward the unlighted end.

The cigarette and matches are thrown into combustible material, the cigarette burns down lighting the matches, which in turn burns the rubber band scattering the matches in all directions.

Alton Flower Club Has Sept. Meeting

The Alton Community Flower and Garden Club met at the home of Mrs. Kathryn Fisher Tuesday, Sept. 9, with the new officers presiding. Mrs. Dora Barrett read several articles and led the discussion for the afternoon. These were on the subject of "We Bring The Garden Indoors." The program was in charge of Mrs. [illegible] Bradley, Mrs. Dora Barrett and Mrs. Mabel Rarey. A delicious lunch was served by the hostess and a lovely time was enjoyed by all.

The next meeting will be held at the home of Mrs. Blanche Webers on the afternoon of Oct. 14.

The New Studies. Inez Robb, Society Reporter, suddenly finds herself in the midst of a bare convention, and tells what goes on (and what comes off) in a clothes-less Eden. Don't miss her illustrated feature in The American Weekly, the magazine distributed with next week's Sunday Chicago Herald-American.

Well Hidden!

M. Frank Prince, Record line operator, spent almost an hour the other evening looking for an extra key he had wired under the chassis of his car in case he ever locked himself out of his car. The key is still safely concealed there as far as he's concerned! He can't remember where he put it.

Yes, he had to pry the window open to get in his car.

On the same evening we had the embarrassing experience of locking ourselves out of the office with the keys on our desk. Had to walk nearly half way home to get another key to the office. Then this morning the better half calls to gently inform us that in checking over the laundry the socks we are wearing could not possibly be mates. As usual she was right.

Bandit Killed In Attempt To Rob Store

Frustrated by a blast of gunfire as they attempted to hold up Lloyd's Market, 2223 Sullivant-av, shortly after midnight last Saturday, one of two bandits was shot and killed as he attempted to make his escape from the scene of the crime.

The dead man was Fred G. Reed, 25, who had served terms in the Mansfield Reformatory and the Moundsville State Penitentiary. He died a few paces from the store after a bullet had struck him in the chest. His companion, Ralph Bush, 2514 N. High-st, made his escape but gave himself up to police on Monday, admitting his part in the attempted robbery.

The proprietor of the store, Clayton L. Lloyd, 58, ignored Reed's demand to "turn over the cash" and fired at the pair four times despite the gun that was "thrown" on him. The two men entered the store a couple of minutes apart shortly after midnight. Bush, the first to enter, posed as a customer and was busy purchasing some meat from Mrs. Lloyd who was with her husband at the time the shooting occurred. The second bandit followed his companion and drew the gun.

Mr. Lloyd explained that he had "packed" a gun for a good many years as protection against such an occurrence. This was the first robbery attempt made on his place of business.

Funeral services for the dead man were conducted from the Spears Funeral Parlors Wednesday afternoon. Interment was in Memorial Burial Park.

Blind Are Thrilled as 'Sightseers' on Flight

SALT LAKE CITY.—Twenty Salt Lake residents were guests of an air line on a sightseeing flight over Salt Lake City and, although each called the flight the "thrill of a lifetime," not one of them saw anything.

All 20 were blind.

The flight, believed to be the first of its kind in aviation history, was arranged by officials of the state blind commission and the air line.

Before the takeoff, the members of the party were allowed to spend an hour "feeling" almost every part of the plane. Attendants described each of the gadgets, and the workings of the ship.

Then, the 17 men and three women took their seats and prepared for the 35-minute jaunt. Another attendant described the terrain over which the plane passed, and answered questions when it zoomed or banked.

Back on the ground, most of the "sightseers" agreed the sensation was something like coasting in an automobile.

Only one passenger complained. He said he had hoped for a few more bumps, "just for realism."

Fireman's Table Disturbs Traffic

Henry Trinke, a Racine fireman, suspended for insubordination and unbecoming conduct, used a bizarre method to advertise his feud with the fire chief.

He had himself tied to a wooden cross and, attired only in a loin cloth, was paraded atop an automobile through the downtown section, with explanatory signs on the car. Police arrested him for disturbing traffic.

An article in the Congressional Record, March 3, 1941, says, "Don't apologize for writing to your Congressman and taking his time. It is his job to give you a hearing."

Exploding Jars Injure Mrs. Miller

When the bean jars she was using in preserving exploded Friday, sending fragments of glass flying in the room, Mrs. Helen Miller, age 31, of 542 S. Wheatland-av, suffered severe cuts on the legs.

The fire department inhalator squad took her to Mt. Carmel Hospital after giving her first aid.

According to a neighbor, Otto Wright, 548 S. Wheatland-av, Mrs. Miller had cold packed the beans in the jars and put them in the oven for cooking about three hours earlier.

Firemen blamed the pressure of cold air rushing into the steam-filled oven when she opened the door, for the explosion.

Mrs. Miller was alone in the kitchen at the time of the accident.

BOSTON BEANS

A real Boston bean casserole would taste mighty good one of these fresh fall days. With the genuine oven-baked beans that come in tins, you can very quickly prepare one that brings back memories of the genuine long-baked kind Mother used to bake in her own oven. Just heat them in the oven as they are. Or sometimes for variety prepare them other ways. The following recipe will lead

you to think of other quick combinations with oven-baked beans.

Boston Bean Casserole with Pineapple and Link Sausages

Drain—
2 medium (18-oz.) cans oven-baked beans, Boston-style.

Turn one can of the beans into casserole. Pour over it—
1 cup canned pineapple chunks, drained.

Pour over this the remaining can of beans and top with—
1 dozen link sausages which have been partially cooked.

Bake in a hot oven (400° F.) 30 minutes or until thoroughly heated and sausages are cooked.

Short ribs of beef are always cooked by braising or stewing, since they are a not-so-tender cut of meat. That means you use either water or a sauce for moist cooking. Spicy, flavor-rich tomato ketchup makes a grand braising sauce for this inexpensive meat. Use it as in the following recipe:

Braised Short Ribs of Beef

Have—
3½ pounds short ribs of beef.

Slit meat slightly between bones for quicker cooking, then brown. Add—
¼ cup tomato ketchup
¼ cup pure cider vinegar
1½ cups water

2 teaspoons Worcestershire sauce
1 cup chopped celery,

Simmer in covered pan for 2 hours or until done. Thicken sauce with flour if desired after removing meat from pan. Serve hot with sauce and parsley garnish.

When you feel the first sensation of Autumn chill, you can start to think about serving foods that are spicy—for the fall and winter months give you days when foods with tangy flavors are in their heyday. Below is a recipe for Mincemeat Cinnamon Muffins to help you start this season with a flourish.

Mincemeat Cinnamon Muffins

Prepare muffin tins by placing in each of 12—
½ teaspoon butter
½ tablespoon brown sugar
1 tablespoon prepared mincemeat

Sift together three times—
2 cups sifted all-purpose flour
2 teaspoons baking powder
1 teaspoon cinnamon
½ teaspoon salt.

Combine—
1 beaten egg
1 cup milk
4 tablespoons butter, melted
¼ cup brown sugar.

Add this mixture to the dry ingredients all at once and stir quickly until the dry and liquid ingredients are just mixed and have a lumpy appearance. Then quickly pour into muffin tins filling two-thirds full. Bake in a hot oven (425° F.) 20 minutes.

Arson and Sabotage Workings Should Be Known As a Public Danger

Lt. John Jordan

A recent article on arson and sabotage seemed to interest many readers and while there is much information on the subject that cannot be disclosed at this time, there is some value in informing the public of the danger.

One of the most ingenious devices for starting fire, employing chemical action, first made its appearance a few years ago. At first it consisted of a piece of lead pipe or tubing in the center of which was placed a thin copper disc, soldered around the edges so that acids placed in the tube could not mix.

Picric acid was placed in one end of the tube and sulphuric acid in the other end. Both ends were sealed with wax and capped with lead.

The sulphuric acid would eat through the copper separator and upon mixing with the picric acid would cause an intense fire, melting the lead tube and igniting any nearby combustible material. Other acids were sometimes used but sulphuric and picric acids were the most commonly used.

An elaboration of the lead tube has now made its appearance and is called an "incendiary pencil." It has the appearance of an ordinary pencil and is fitted with regular pencil lead in one end and an eraser in the other end. However, the inside of the pencil follows the same general principle of the lead tube mentioned above.

The starting time for the fire is regulated by the thickness of the copper separator inside the pencil. These incendiary pencils may be dropped in shipments of combustible material that is being shipped by boat or train, and so regulated that the fire will not start until several hours later. By using several extra separators, fires can be started in boxcars after they are in transit, or in the holds of ships many days after they are at sea.

Where time is not needed to establish an alibi, matches are sometimes used in connection with a lighted cigarette in starting fires. A small rubber band is used to tie several matches around the cigarette with the heads well down toward the unlighted end.

The cigarette and matches are thrown into combustible material, the cigarette burns down lighting the matches, which in turn burns the rubber band scattering the matches in all directions.

Alton Flower Club Has Sept. Meeting

The Alton Community Flower and Garden Club met at the home of Mrs. Kathryn Fisher Tuesday, Sept. 9, with the new officers presiding. Mrs. Dora Barrett read several articles and led the discussion for the afternoon. These were on the subject of "We Bring The Garden Indoors." The program was in charge of Mrs. Emma Bradley, Mrs. Dora Barrett and Mrs. Mabel Rarey. A delicious lunch was served by the hostess and a lovely time was enjoyed by all.

The next meeting will be held at the home of Mrs. Blanche Webber on the afternoon of Oct. 14.

The New Nudists, Ines Robb, Society Reporter, suddenly finds herself in the midst of a bare convention, and tells what goes on (and what comes off) in a clothes-less Eden. Don't miss her illustrated feature in The American Weekly, the magazine distributed with next week's Sunday Chicago Herald-American.

Well Hidden

H. Frank Prince, Record linotype operator, spent almost an hour the other evening looking for an extra key he had wired under the chassis of his car in case he ever locked himself out of his car. The key is still safely concealed there as far as he's concerned. He can't remember where he put it.

Yes, he had to pry the window open to get in his car.

On the same evening we had the embarrassing experience of locking ourselves out of the office with the keys on our desk. Had to walk nearly half way home to get another key to the office. Then this morning the better half calls to gently inform us that in checking over the laundry the socks we are wearing could not possibly be mates. As usual she was right.

Bandit Killed In Attempt To Rob Store

Frustrated by a blast of gunfire as they attempted to hold up Lloyd's Market, 2225 Sullivant-av, shortly after midnight last Saturday, one of two bandits was shot and killed as he attempted to make his escape from the scene of the crime.

The dead man was Fred G. Reed, 25, who had served terms in the Mansfield Reformatory and the Moundsville State Penitentiary. He died a few paces from the store after a bullet had struck him in the chest. His companion, Ralph Bush, 2614 N. High-st, made his escape but gave himself up to police on Monday, admitting his part in the attempted robbery.

The proprietor of the store, Clayton L. Lloyd, 58, ignored Reed's demand to "turn over the cash" and fired at the pair four times despite the gun that was "thrown" on him. The two men entered the store a couple of minutes apart shortly after midnight. Bush, the first to enter, posed as a customer and was busy purchasing some meat from Mrs. Lloyd who was with her husband at the time the shooting occurred. The second bandit followed his companion and drew the gun.

Mr. Lloyd explained that he had "packed" a gun for a good many years as protection against such an occurrence. This was the first robbery attempt made on his place of business.

Funeral services for the dead man were conducted from the Spears Funeral Parlors Wednesday afternoon. Interment was in Memorial Burial Park.

Blind Are Thrilled as 'Sightseers' on Flight

SALT LAKE CITY.—Twenty Salt Lake residents were guests of an air line on a sightseeing flight over Salt Lake City and, although each called the flight the "thrill of a lifetime," not one of them saw anything. All 20 were blind.

The flight, believed to be the first of its kind in aviation history, was arranged by officials of the state blind commission and the air line.

Before the takeoff, the members of the party were allowed to spend an hour "feeling" almost every part of the plane. Attendants described each of the gadgets, and the workings of the ship.

Then, the 17 men and three women took their seats and prepared for the 35-minute jaunt. Another attendant described the terrain over which the plane passed, and answered questions when it zoomed or banked.

Only one passenger complained. He said he had hoped for a few more bumps, "just for realism."

Fireman's Tableau Disturbs Traffic

Henry Trinke, a Racine, Wis. fireman, suspended for alleged insubordination and unbecoming conduct, used a bizarre method to advertise his feud with the fire chief.

He had himself tied to a big wooden cross and, attired only in a loin cloth, was paraded atop an automobile through the downtown section, with explanatory signs on the car. Police arrested him for disturbing traffic.

An article in the Congressional Record, March 3, 1941, says, "Don't apologize for writing to your Congressman and taking his time. It is his job to give you a hearing."

What About Those Who Are Displaced?

It is fitting that every effort be made to see that every man who returns from an army camp is re-employed upon his return. He is deserving of every consideration. He has sacrificed much in order to contribute to the program of national defense.

But we believe that the man who stepped in and took his job when he left and has now since become acclimated in the new position should have some consideration too.

While the re-employment chairmen are looking after the welfare of those who return we feel our society has an almost equally great obligation in providing employment for those who may now be in line to be turned out. It may be a serious problem.

• • •

And then there was the fellow who drove up to Precinct F in the eleventh ward a week ago Tuesday and asked for curb service. Wanted someone to bring his ballots out to the car. Maybe some such an arrangement might induce more people to get out and vote.

Flowers That Bloom In The Fall, Tra La!

Last week we carried a photo of Mrs. Wylie Shroyer's blue morning glories.

This week we are glad to hear of more interesting flowers in the community.

We understand that Mrs. Shesky down on S. Richardson-av has an attractive garden of blossoms . . . and that Mrs. John Bostwick recently had eight plants of night blooming cereuse in bloom in one evening . . . and that Mrs. Bercaw on S. Richardson has two lilac bushes in bloom.

How About Lights For The Cowboys?

West High will play but three games of football on the home field this fall. And four of their six away-from-home games will be at night.

This certainly indicates one thing: High school football has come to be a night sport and night games are paying off better than those during the day.

High school football is an expensive proposition to maintain. It is necessary that it pay its own way and in order to do this there must be crowds in attendance. It has come to the place where West is getting a better profit from their share of night games played on some other field than they can make during the afternoon on the home field.

Possibly the solution is in providing lights for the West field. We know there are numerous people of the community who would be glad to further a program to get these lights.

Is it time for a kick-off to get lights?

The Truth!

A little slogan used this year by the Lecture Club contains more worthwhile truth than anything we have recently heard:

"There is no limit to the good a man can do, if he doesn't care who gets the credit."

• • •

Just Like Home!

That old community spirit that is so evident on the Hilltop springs up in other sections of the city too.

Wednesday night we attended the Linden Fall Festival and found the atmosphere just like home. These two communities have a lot in common, and especially in having progressive business men's associations.

And those Lindenites speak highly of the Hilltop representatives to the United Business Men's association, Curt Roberts and Jos. M. Briggs.

Wedemeyer Rites Were on Monday

Funeral services were held Monday at the residence for August Wedemeyer who died Friday at his home, 499 S. Ogden-av.

Born in Germany in 1852, Wedemeyer had been a resident of Columbus since 1881. He had lived on the Hilltop for the past 18 years. Before retiring Wedemeyer was in the florist business and a gardener for 17 years.

He is survived by five children, three sons, Arthur of Columbus, Herman of Detroit, Mich., and Albert of Fort Worth, Tex.; two daughters, Mrs. Hortense West and Miss Mercedes Wedemeyer of Columbus. Twelve grandchildren and three great-grandchildren survive; also two sisters, Mrs. Dora Winkler and Mrs. Emma Uaradt.

Hoge Is Trophy Winner

Hoge Memorial emerged victorious over Burgess U. B. in another of those wild and wooly contests that decided ownership of the trophy for the Hoge Church League this season. The Presbyterians chalked up 18 runs to 8 for the Brethren in a seven inning contest played under the lights at State Hospital Wednesday night.

Idleness on the part of both clubs showed its effect on the caliber of play. Pitching was only mediocre with plenty of free passes being issued on both sides. Fielding, too, was far from airtight.

Burgess started off the first inning by tallying three runs when Charles Ranney homered with two mates aboard. Hoge, however, lost no time in building up a lead that was never cut down.

Paul Fulton Will Head Alumni

Paul Fulton, 110 S. Roys-av, has been elected president of the West High Alumni Association for the coming year. This announcement was made at a wiener roast at Westgate Park shelter house last night.

Mr. Fulton is a graduate of the class of 1937 and has been active in alumni work since that time. He is employed at the A and P warehouse.

It was decided that the homecoming game would be on Nov. 14 when Aquinas plays at West. A membership drive was to get under way following last night's meeting.

G. O. P. Group Meets Oct. 2

There will be a meeting of the Eleventh Ward GOP Club, Thursday evening, Oct. 2, at 8 o'clock at the K of P Hall, Burgess and Broad-st. This will be the last meeting before the November election. Candidates for city offices will be introduced to the group.

Mrs. Lottie Randolph, assistant director of agriculture, will be the guest speaker. Her topic will be "The Consumer's Interest—Especially Women's Interest in the Department of Agriculture."

President F. E. Robertson invites all members of the club to be present with a friend.

Park Improv'ment Com. Named

A committee headed by E. O. Melvin as chairman was named yesterday by L. E. Saunders, president of the Hilltop Business Men's Association, to investigate possible improvements for Westgate Park. Working with Mr. Melvin will be H. G. Deems, F. F. "Jack" Shank and John Riepenhoff.

It was pointed out by Association members that the maintenance and care of Westgate Park has not been thorough inasmuch as there is no full time supervisor to look after the property. It will be the purpose of the committee to work with city officials in suggesting improvements.

Burns Is Injured By Hit-Skip Driver

Jesse Burns, age 64, 1976 McKinley-av, was struck by a hit-skip driver while on his way to work early last Friday. He was found lying semi-conscious in McKinley-av near Central-av.

Burns told patrolmen who took him to Mt. Carmel Hospital that he was walking on the south side of McKinley waiting for a man to pick him up for work when the accident occurred.

The driver of the car failed to stop, police said.

Dollar Days

Today and tomorrow are Dollar Days at Seiler's, 2404 W. Broad-st. According to Jack Merriman, there will be items in every department of the store featured at $1.00.

Events of this kind in the past have proved popular with many Hilltop shoppers.

Roy E. Link Enlists In Army

Roy E. Link, 108 Midland-av, has enlisted in the Quartermasters Corps, U. S. Army. He left Tuesday, Sept. 16, for Fort Francis E. Warren, Wyoming. A farewell party was given in his honor Sept. 14 at the home of Mrs. Leo Mason, 142 N. Westmoor-av.

The Genial Jim Coopers' Go West

The Cooper Family

By C. Carlton Hartley

"Between the book ends, we came across this little supplication: Would that we could all ask, and be granted, the prayer which goes like this . . .

"Almighty God, make me decent, appreciative, courageous and kind. In the work this day . . . let me not weaken myself by anger . . . or cheapen myself by boasting . . . or play the fool by lying . . . Give to remember there are others in this world besides myself, and they are like unto me . . .

"And in Romans 2:6 we get our Biblical thought . . . God will render to every man according to his deeds . . ."

What Hilltopper, yea, what person in Central Ohio, hasn't heard such cheerful words come in over the radio early in the morning . . . cheerful words meant to start the day off right for his many thousands of listeners . . . words that come straight from the heart of the Hilltop's own "Genial Jim" Cooper, popular WBNS news commentator.

Monday morning at 7:30 I was privileged to sit in Jim's study and hear him make his first broadcast from his new home at 135 Binns-blvd.

It was a privilege, and much appreciated, I assure you, because as Jim explained, this unique business of making a broadcast from his home is unlike studio broadcasting and he just can't accommodate people and so he has never encouraged having people around for his broadcasts. In fact the number who have witnessed his broadcasts thus far could perhaps be easily counted on one hand.

The Coopers moved to their new home Saturday. Jim did his last broadcast from the old home at Belvidere-av Saturday night after all the furniture had been moved out. Only his mike and chair remained.

Still Hilltoppers, Jim merely explains he is following the advice of Horace Greeley to "Go West, young man."

Jim likes the Hilltop though and sincerely believes there are a lot of honest to goodness people living out here.

I was interested in his philosophy. This thought for the day business—just thinking out loud, he told me. If someone can get off to a good start on the day from something he has said, then his day has been worth while.

West High Buckaroos Invade Middletown

By Harold Mers

It will be an almost new West team that will go on the field at Middletown this evening at 8 o'clock, when the Cowboys begin their second game of the season.

Don Davies, left half-back, will not play because of a bad knee received in the Newark game. Harry Householder, Harry Hopwood and George Ours, all sustained injuries in the season's opener, and it is doubtful if any of the three will see much service in tonight's encounter.

Other shifts that have been made since the 20 to 6 defeat suffered by the Bucks last week were: Charles Weidner, from right guard to end, replacing Bill Richards, who is off the squad due to failure to report for practice, Phil Wisdom from center to guard, and either Murnane or Joe Davis from the bench to center. Ray Laughlin was shifted from end to fullback, and Bob Swisher from fullback to halfback.

The encounter should give some indication of the way things might go in next week's league opener, when the Cowboys will meet the East High Bengals, on the opponents' field. In their first game the Tigers were treated very roughly by a tough Middletown team, coming out on the small end of a 26-0 whitewashing. The Bucks meet the same team in this evening's fracas.

Bucks Lose to Newark

Although the West Cowboys showed some spirit in their season opener against the Newark Wildcats, they were overpowered by the rugged blocking and tackling of the 'Cats.

The main trouble seemed to be a lack of good offensive blocking, and it was noted that the West ball carriers fell over their own interference many times during the game.

Bickle of Newark opened the scoring for the opponents by racing 75 yards on a punt return, aided by five blocks by his teammates and two missed tackles by West players.

The score at the half stood 7-6 in favor of Newark, after Harry Hopwood, big tackle, blocked a punt and ran 20 yards to score.

The last half found West almost entirely on the defensive, while the Newark squad racked up 13 points for a final score that read: Newark 20, West 6.

Cooking School Dates Are Changed

High winds on Thursday morning damaged the tent and equipment set up for Albers cooking school. A session of the school previously announced for this afternoon was postponed until Monday. One of the refrigerators and a good portion of the display material being used in the show were blown over and Paul Nevin, manager of the store, said it would be impossible to continue with the school until Monday.

Sessions of the school will be held each afternoon from 1:30 until 3:30 Monday through Friday. It is held in a large tent at the rear of the store at 2791 W. Broad-st.

Joseph F. Boyhan, 455 Belvidere-av, vice chairman of Board 11, was named chairman of Board 11, it was announced by that office this week.

Cheerleaders for the new football season at West were chosen last week. They are Sissy Myers, Bennie Lear, Tom Jones and Johnny Brown.

They Conduct Festival

Photographed on the steps of John Burroughs School by Picture Man Dave Cornwell are the following members of the PTA committee sponsoring the Fall Festival at the school tonight:

First row (left to right): Mrs. C. Williams, membership; Mrs. E. J. Brophy, president of the organization and serving as head of the hamburger committee; Mrs. H. R. Keller, cakes and pies; Mrs. M. Cockerill, groceries.

Second row, Mrs. W. J. Brockington, ice cream and milk; Mrs. E. Southard, general chairman, and Mrs. F. Raymond, display of vegetables and flowers; Mrs. Ed Thomas, candy; and Principal E. B. Graham, in charge of films, are shown in the back row.

Festivities are scheduled to start at the school grounds at 3 o'clock in the afternoon and continue throughout the evening. If the weather should be unfavorable the affair will be held in the school building, otherwise the playground will be the scene of most of the activity.

There will be free movies for everyone. Children of the school will display flowers and vegetables they produced from seeds given them last spring by the PTA. Hamburgers, hot dogs, candy, cakes, pies, ice cream, milk, cider and groceries will be on sale. There will also be a fish pond and ponies for the children to ride.

Hilltop To Have Pistol Range

One of the finest outdoor pistol and rifle ranges to be used by any city in the country will be ready for use for Columbus law enforcement officials in less than a month. The new range is located just north of the Hilltop by the city's incinerator plant on McKinley Avenue.

The Police Pistol Range, Inc., has been formed to operate the new facilities. They will be used jointly by Columbus police, the Franklin County Sheriff's office, Ohio State Penitentiary guards and State Highway Patrolmen.

Chief Otto C. Kaffits is chairman of the new Range Association. Other officers of the group are Sheriff Jacob Sandusky, treasurer, Director Roy B. Weed, secretary, and Col. Lynn Black, vice-chairman.

The project is pointed to as a long needed program for better police training in the use of firearms. Heretofore only limited quarters in the basement of the police station were available.

The new range will provide positions for 24 men shooting at one time, thus making it fill the requirements for a national pistol shoot range. Eight and one-half acres of land and the brick horse barn (completed in 1929 after the city had disposed of its horses) have been contributed by the city for use of the officers. A large parking lot will be created on land filled into the old quarry across the road.

The various targets to be used will be mounted against a wall 25 feet in height. The range will be 75 yards. In addition to the pistol range, a five man skeet range for trap shooting will be constructed. Targets will be lighted by protected lighting devices.

Present plans call for converting the brick barn into a club house for use by the men. At present it is used only for storage of recreation equipment.

Loss of Job Started D. W. Clelland in Business

D. W. Clelland

It took the loss of a job he had held for 23 years and the destruction of a small confectionery business by fire in less than a week's time to get D. W. Clelland to go into business in earnest. This all happened less than five years ago when on Christmas eve fire virtually wiped out his confectionery business at the corner of Burgess and Sullivant Avenues; that same week he had been informed that his services as foreman for a furniture manufacturing firm in Columbus were no longer needed after 23 years.

A few weeks ago Mr. Clelland opened up his new furniture and upholstery building at 539 S. Burgess-av, just in the rear of place where his confectionery store had been located.

The new building provides for 900 square feet of display space for samples of several lines of new furniture, both factory made and custom built in his own shop. More than 1500 feet of workshop space are available on the second floor of the new building. The new building and furnishings represent an investment of $10,000.

Mr. Clelland, "Webb" to those he knows best, served four years as a machinist for the Jeffrey Manufacturing Co. before going into the furniture business. The next 23 years he spent with the E. M. Hulse Co., mostly as foreman of the cutting and sewing department.

In 1935 he started doing small repair jobs at his home after working hours. This gave him his first taste of doing business for himself. This small beginning was invaluable to him as a stepper when the time came for him to seek new employment. Why not work for himself was a question prominent in his mind. And that is just what he has been doing ever since.

Today most of his time is taken by calling on prospective trade, giving estimates on repair work or new furniture and inspecting all work before it is taken into the home. He also does all the sewing and cutting on the work done in his shop.

Mr. Clelland lives with his wife at 462 S. Burgess-av. For more than 20 years they had resided on Nashoba-av in a property which they still own. His hobbies (when he has time for them) are bowling and baseball. He played considerable baseball when he was in his twenties.

His business, The Hilltop Upholstery Repair, is now located in the new quarters and ready to take care of fall furniture needs. His slogan is: "No job too large or too small."

Rites Are Held For George Eben

George J. Eben, retired furniture dealer and lifelong resident of Columbus, died Monday in his home, 40 Midland-av, after a long illness. He was a member of the Modern Woodmen of America.

Surviving are the wife, Mrs. Laura Percy Eben; two sons, Mark and Cyril; a daughter, Lillian, at home; two grandchildren; two brothers, Albert of Grove City and Augustus of Springfield, and five sisters, Mrs. Flora M. Kielmeyer and Mrs. Alma Nance of Columbus, Mrs. Lidie Zimer of Lewis Center, Mrs. Alvina Daniel of Bainbridge and Mrs. Edna Phelps of Tiffin.

Solemn requiem mass was held Thursday in St. Aloysius Church.

Embarrassing

When *Acid Indigestion, Gas on Stomach or Heartburn* make you feel uncomfortable or embarrass you, try Alka-Seltzer, which contains alkalizing buffers and so helps counteract the associated Excess Stomach Acidity.

But the relief of these minor stomach upsets is only a small part of what you can expect Alka-Seltzer to do for you. You will find it effective for Pain Relief in *Headache, Neuralgia, Colds and Muscular Aches and Pains.* It contains an analgesic, (sodium acetyl salicylate), made more prompt and effective in its pain-relieving action by alkaline buffer salts.

When hard work or strenuous exercise make you feel tired and dragged out, enjoy the refreshing effect of a glass of sparkling, tangy Alka-Seltzer.

New Chevrolet To Be Shown By Rodenfels

Motorists of the Hilltop who have awaited the coming of Chevrolet for 1942, will be able to get their first glimpse of the new Chevrolet at the Rodenfels Chevrolet Co., Sept. 26, J. W. Keefer, general manager, announced today.

The new line is said to be the smartest ever produced by the national automotive sales leader, incorporating a host of improvements over the previous models. New styling details mark the car as one of the smartest of the year, while the same careful engineering and quality production assures every owner a sturdy car, supesior in many ways to the Chevrolet offered in 1941.

Incorporation in the new model of many late developments in style and design fields means additional value to the motorist, Keefer painted out. Unusual operating economy, exceptional roominess and comfort and new conveniences for driver and passengers alike" are claimed by Chevrolet engineers.

Heavy advance orders, Keefer said, assure the immediate appearance of the '42 model on the streets of this community.

The first showing of the new models will open at 8 o'clock, and "open house" will be held throughout the day as local motorists inspect the new year's offering.

2 Men Rescue Truck Occupants

Roy Weatherholt, 108 N. Oakley-av, and Curtis Moore, 1269 Mooberry-st, were credited with saving the lives of Mr. and Mrs George Stace and their two daughters of Minersville, O., when they snatched them from a flaming truck at Eureka-av and Broad-st, Tuesday.

Weatherholt and Moore were passing by in an auto when they saw the ignited truck and stopped to aid the family. A broken gas line caused the fire, firemen said.

Mrs. Stace and her daughter, Margaret, suffered burns about the legs and were given first aid by the rescuers before being taken to No. 17 engine house.

The truck was carrying a cargo of five tons of coal.

Scouts To Usher At Ohio Stadium

Again this season local Scouts and Scouters have been invited to assist with football ushering at the Ohio Stadium in Columbus at home football games of Ohio State University. More than 1200 boys and leaders serve at each of the five games as their annual good turn to the university and the public.

In order to qualify for this opportunity a Scout must be second class rank or above, willing to serve at every home game this season, and be registered in advance at the Scout office in order to receive a definite assignment.

Applications must be approved by both parents and Scoutmasters. Each Scout and Scout official must appear in full uniform, wearing badge of rank, and present pass at gates before entrance will be granted.

Captain Harold R. Lee is in charge of the ushering service, assisted by volunteer Scouters who serve as deck chiefs and section chiefs, supervising the Scouts. Scouts should contact their Scoutmasters for further information.

High Wind Breaks Plate Glass Window

High winds Thursday morning did considerable damage in various parts of the Hilltop as the "summer" temperatures tumbled several degrees after establishing a new high for late September.

The large glass window in the Voss building, 2506 W. Broad-st, was broken by the strong wind that raged for several hours. A large sign on the front of the building, calling attention to the fact that drivers' licenses are on sale, was torn down by the gale.

Forget-Me-Nots Will Be On Sale

Forget-Me-Not Day will be observed throughout the city today and tomorrow, when scores of high school girls will distribute flowers. All funds realized on the annual drive, sponsored by the Disabled American Veterans of the World War, are expended for the maintenance of a local office.

Mr and Mrs. William Weisheit, 411 Clarendon-av, are active on the committee sponsoring this year's drive. H. O Parke, 314 S. Glenwood-av, is commander of the organization and general chairman of the drive. Mentioned on the list of prominent citizens on the sponsoring committee are Mayor Floyd F. Green, William L. Lehman, Ray Hauntz and W L. Millikin.

This year's drive is given added impetus by the following endorsement by Gen. John J. Pershing:

"It gives me deep satisfaction to express my heartiest endorsement of the Forget-Me-Not Drive conducted annually by your organization. You and your associates have done and are doing very fine work in rendering assistance to the needy disabled veterans of the World War. The extension of this work to the disabled veterans of the armed forces of today should give the drive added appeal."

Jim Cooper--

(Continued from Page 1)

And it works just that way. His mail and telephone calls prove it. Most people like Jim Cooper's sincere morning greetings. And I take it that Jim believes what he says. "My first thought of the day," he explains, "is to thank God that I'm here today."

"My contributions may not have made the world any better," he said, "but certainly they haven't made the world any worse."

Jim explained to me that he gets out of bed about 4:30 a. m., makes a "cup of Java," and goes about the business of reading the thousands of words that have accumulated on the three teletype machines on his front sun porch while they have clicked away throughout the night . . . 60 words a minute per machine . . . an average of two machines running 24 hours daily . . . 7200 words an hour . . . 172,800 words a day.

All this copy he edits, and picks out enough that he feels will interest his great cross-section audience in all walks of life . . . enough for four 15-minute programs a day.

"Now right after my broadcast I'll start making my second one," he explained to me. And sure enough, he had hardly finished telling his listeners he would be back at 12:30 until the phone rang . . . someone had just "got in on the tail end of the broadcast" and wanted to know what he said about a man who was in an accident.

Then a lady called to say she was in the basement washing and her little boy told her Jim had announced that a Mr. Miller of Akron had been killed, and she knew some Millers in Akron and was it one of them. Jim fingered through his copy and told her the man's name—and that he lived in Canton.

After every program there are calls. Jim or Mrs. Cooper are polite in answering them all.

And too there are the many calls for information of all kinds. One day this past week a lady called to ask Jim if he thought it would be alright if she went down town, was advised he thought it would be . . . she just wondered if she should close her windows before doing so.

Then there was the little girl who called and wanted to know if the Northern lights would be turned on again tonight. (That evening he received 74 calls in 35 minutes.)

Jim has a world of friends from all over. They remember him on birthdays, holidays and odd times by presenting him with fruit, vegetables, cakes, pies, cookies, duck eggs, moose steak, fish and what have you.

I found the whole Cooper household to be genial. Mrs. Cooper, who, Jim explains, is practically a right hand man for him, takes his calls, prepares the "birthday parade" and does a dozen other important things to make the program a success, is most gracious. And then too, one readily gets the impression that Patty Lou, 14, is rightfully their pride and joy.

Jim Cooper's newscasts have been sponsored by the Gas Co. for nearly eight years continuously—nearly 9000 programs—and in all this time he has never had a word of instruction as to what he should say or criticism of what he has said, from his sponsor.

The Hilltop has a good neighbor in Jim Cooper. I'm sure these 40,000 people are glad to have him call this section his home.

GRANDPA NOW!

A daughter was born to Mr. and Mrs. Morris Ingles of Worthington Saturday, Sept. 20, in University Hospital. The baby has been named Joan. The mother is the former Delia Harris, daughter of Mr. and Mrs. W. A. Harris, formerly of the Hilltop, and the father is the son of Mr. and Mrs. J. A. Ingles, 77 Clarendon-av.

TWO THOUSAND YEARS ON EARTH

I was born in Jericho, two thousand years ago,
Lived about two hundred, on the range of the Buffalo.
Moved to Kokomo in Idaho, in thirteen thirty-nine,
In that year I lost my dear sweetheart Clementine.
Queen Elizabeth in forty-three fell in love with me.
We were married secretly, way down in Tennessee.
Three hundred I spent in Ecuador, I never knew what for,
And three hundred more in the South before the war.

I served with General Lee, on his march to the sea.
He surrendered at Appomattox, to set the darky free.
Lived four hundred years in the land of the Eskimo.
Lincoln and I made fence rails in the woods of Jericho.
Served in the war with Spain in eighteen ninety-eight,
Saw Dewey knock their block off, I think that was the date.
My mind is getting rotten, some details I have forgotten,
But I lived in Alaska, when they raised corn and cotton,
And now I ought to tell you, although a small detail—
But I assisted Jonah, when he swallowed the whale.

GIRL SCOUT NEWS

Burgess U. S.

Girl Scout Troop No. 29 of the Burgess Avenue U. B. Church has just announced its new officers for the coming months. They are: Gladys Shaw, president; Joan Wente, treasurer; Betty Knadel, hostess, and Nancy Spanable and Dorothy Yoe, representative on the Youth Board of the church.

Leaders of the troop are Mrs. Walter Spanable and Mrs. Earl Woltz.

Girl Scout Troop 4, of St. John's Lutheran Church, held its first meeting of the year Thursday at the home of the Scoutleader, Mrs. George Tiller. The girls discussed their future program which includes the earning of various merit badges and the possibility of spending a week-end at camp.

After the discussion, the election of officers for the year was held. Those elected were: Rachel Dines, president; Harriet Edwards, vice president; Beverly Biglowe, secretary; Martha Colmery; treasurer; Jean Cannon, vice treasurer; and Juanita Cannon, scribe.

During the summer months, members of the troop aided in the collection of aluminum and in the United Service organization drive held at downtown theaters.

Four members of the troop walked away with 11 ribbons at the Ohio State Junior Fair. Among these were the blue ribbons for canning and needlecraft, won by Harriet Edwards and Juanita Cannon. June Henery received third on her cookies and fourth on her leatherwork. Jean Cannon won second on her leather work, fourth on cake and cookies and seventh on her needlecraft. Second on pies, third on leathercraft and eighth on canning were the ribbons also received by Juanita Cannon.

SAVORY AND HOT

Something savory and hot is what the man of the house wants to eat on these chill fall days. And this casserole dish called Spaghetti with Baked Spanish Onions fills these requirements. The cooked spaghetti in tomato sauce with cheese which is used in the recipe is already prepared and has an unusual temptingness about its tangy flavor.

Spaghetti with Baked Spanish Onions

Prepare by boiling in salted water until just tender—
5 medium Spanish onions.
Cut in halves and season well with salt and pepper. Arrange in shallow baking dish—
1 large (24-oz.) can cooked spaghetti in tomato sauce.
Arrange onion halves, cut sides up, close together on the spaghetti. Mix together—
½ cup fine dry bread crumbs
6 tablespoons butter, melted.

Place a spoonful on each onion half. Bake in a hot oven (400° F.) 20 minutes. Grated Parmesan cheese may be substituted for the buttered crumbs. Serves five.

It is that extra touch that makes an inexpensive cut of meat into fare the family enjoys to the fullest. In the recipe below, lamb

patties made from the meat of the shoulder are glazed with tart jelly for that dressy appearance and extra good flavor. If you like, make the patties from lamb breast meat and dress them up in the same way. You will find the proportion of meat and rice flakes below makes a patty that is firm and yet light in texture.

Lamburgers

Combine—
1½ pounds lamb shoulder meat, ground twice
1 cup rice flakes
1½ teaspoons salt
⅛ teaspoon pepper
2 tablespoons beefsteak sauce
½ cup milk.
Mix well and shape in six patties. Melt in skillet—
3 tablespoons butter.
Brown the patties in it, then place on top of each patty—
1 tablespoon crab apple or currant jelly.

Cover and cook over low heat for 15 to 20 minutes, turning the patties several times while cooking. Serves six.

Early fall is the time to collect recipes to use for the winter entertaining season. Then you don't have to frantically hunt for something new and different when a party is almost upon you. An excellent one for your collection is Cubed Ham in Mushroom Sauce (recipe below). It makes a delicious supper or luncheon dish in a matter of minutes without the confusion of measuring a bit of this or a dash of seasoning, since prepared cream of mushroom soup makes the creamy sauce. Serve this delightful creamed dish in bread boats. Prepare them by hollowing out hard rolls, then buttering and toasting.

Cubed Ham in Mushroom Sauce

Prepare—
2 cups cubes of cold cooked ham.
Brown in—
1 tablespoon fat.
Sprinkle over meat—
2 tablespoons flour.
Stir well to combine with meat, then pour in—
1 medium can (2 cups) cream of mushroom soup.

Stir until thickened. Serve hot over toast or bread boats. Garnish with sprigs of parsley. Serves four.

GREEN LAWN CEMETERY

Chemical Extinguisher Explained By Fire Department Official

While bombs are being rained down on many nations in the world today, ruthlessly destroying lives and property, another enemy—FIRE—is doing the same thing in every section of the United States, according to J. W. Huntington, chairman of the Fire Prevention Committee of the Safety Council of the Columbus Chamber of Commerce.

In 1940 the Columbus contribution to the national fire toll was 18 lives, several hundred injured, and a property loss of $396,663.68, or $1.29½ per capital.

"There is nothing new in this American tragedy," says Mr. Huntington. "The same thing has happened before and will again unless a few simple precautionary measures are taken in every home, in every factory and mercantile establishment, and by every person. This tragedy can be averted because fire can be prevented or controlled if we eliminate the faulty condition and faulty human practices which cause this type of accident.

National Fire Prevention Week will be observed in Columbus from Oct 5 to 11. A comprehansive educational program on the common causes of fire and how to prevent them is being prepared by the Columbus Fire Department with the cooperation of the Fire Prevention Committee of the Safety Council. Included in the program will be a public exhibit at 41 N. High-st; a demonstration of fire fighting equipment; instruction on how to operate hand fire extinguishers; and how to send in an alarm of fire; a parade; daily radio broadcasts, etc. The objective of these activities is to acquaint the citizens of Columbus with common fire hazards and the safe practices necessary to eliminate them.

In conclusion, Mr. Huntington points out, "Fire prevention at the present time is more necessary than ever before, because it can help very materially in conserving the skilled manpower and the essential materials so urgently needed for our national defense program.

Penny Pincher

Tommy and Peggy have been warned by the movie usher that unless they kept their little brother Jackie quiet in the show they would have to take their money and leave.

Halfway through the picture, with Jackie perfectly quiet, Tommy leaned over to Peggy. "Like it?" he asked.

"No," she said, "It's terrible."

"I think so too. Pinch Jackie."

Well Deserved Honor To "Chet"

Congratulations to "Chet" Wagner on his election as commander of Camp Chase Post of the American Legion.

This is a well deserved honor to a hard worker in the post and a man who has been a loyal supporter of all Hilltop activities. He was instrumental in the organization of the post he now presides over as commander. Our congratulations to the new commander and a hearty "best wishes" to the retiring commander, Milton Hain.

The New Tax Will Get You

Starting Wednesday almost every individual has started to contribute in a larger measure to the support of the armament program meant for the defense of America.

Most any way you turn you are now faced with the additional burden of paying an added tax.

But we have heard very little squawking. There seems to be a general acceptance of the tax as a necessary part of a program to defeat Hitlerism.

It is indeed apparent that "those who expect to reap the blessings of Freedom must, like men, undergo the fatigue of supporting it."

Maybe The Answer Is In Tax Stamps

Students of West High school have been making rapid strides in assisting the athletic committee cut down the bonded indebtedness of the stadium. The thousands of stamps collected this past year and redeemed by the committee provided $900 which was turned over to bond holders.

By this and careful planning and spending by the committee the stadium debt has been cut down $6000 in four years! This is a fine record and justifies the faith people of this community had in this program from the beginning. Other bond holders will be paid off as the money is made available.

Last week we discussed herein the need of lights for the West athletic field and have found that there is considerable interest in the subject. There will perhaps be further news on the subject later in the season.

In view of the fact that so much progress is being made in paying off the stadium debt through the collection of sales tax stamps it appears that these tiny particles of paper may be a means of providing enough money to erect lights on the field.

One way to assist, and in a big way, is to make arrangements right now to save your tax stamps for West students if you are not already turning them over to a worthy cause.

Accountants Go To Dayton

The Columbus chapter of the National Association of Cost Accountants will journey to Dayton Monday, Oct. 6, for a plant visitation at the Standard Register Co.

Hilltoppers who are members and active in the local chapter of NACA are B. J. Mertz, 215 S. Brinker-av, comptroller of the Buckeye Union Casualty Co.; E. L. Krauss, 69 N. Powell-av, chief accountant, the Federal Glass Co.; W. Jordan, 127 S. Westmoor-av, auditor, the West Side Lumber Co., J. M. Jackson, 105 Binns-blvd branch manager, the Underwood Elliot Fischer Co.; Ray Harvey, 648 S. Harris-av, 648 S. Harris-av assistant treasurer, the International Stacey Corp.; C. F. Junker, 327 Algonquin-av, district agent for the Standard Register Co.

Oct. 6 Last Day For Registration

Oct. 6 is the last day to register before the municipal election on Nov. 4, according to Frank Marsh, clerk of the board of elections.

Persons who will be 21 on or before Nov. 4; those who have changed their names by court action or by marriage and those who have failed to vote at elections in the last two calendar years must registar in order to vote at the election.

Persons who have moved must transfer their registrations.

David E. Maccabee, 268 Yale-av, suffered a stroke at his home Sept. 24.

Valleyview Has All New Officials Selected

It's still a month until election time but citizens of the village of Valleyview already know who their officials are to be for the next term, that is, barring a write-in campaign which no one expects. At the present time no candidate is opposed for the office he seeks.

This may seem a bit unusual as political campaigns go but in Valleyview there is a good reason why this might happen. You see all officials serve without pay and there are no "political plums" to be handed out so the incentive for office seekers is definitely lacking. Those who serve do it for the good of their village.

Slated to serve for a two year term as mayor is Archibald Rodgers, incumbent council member, 2678 Valleyview-dr. Two other incumbent officials, Harry Holroyd, 479 N. Warren-av, and Thelma Turner, 2688 Dibblee-av, will continue as treasurer and clerk respectively.

Henry Whipple, 2802 Valleyview-dr, has been serving as marshal by appointment of the mayor with council's sanction. Gale E. King, city solicitor, likewise serves by appointment.

George Halliday and John Ohnsman are up for re-election to council. Other candidates are W. O. Elder, Charles Ringer, Frank Siepel and Alma Turner.

Lafayette Wareham, 505 N. Harris-av, is the retiring mayor, having served since the village was incorporated a little over a year ago.

138 Homes

There are approximately 138 homes in Valleyview with a vote of nearly 300 expected this fall. The largest vote polled was 287. The population is between 600 and 650.

Mayor Wareham could not tell just what this election would cost but the first election held cost only $22.

Evidence that the community is moving ahead is seen in the fact that work will start shortly on a building to provide a meeting place for council and meet other needs. Thus far council has been convening at the Rodgers' residence. Sessions are held twice monthly.

The new building is expected to be a two winged structure with an auditorium when completed but at present only one wing is to be built.

Adhering to a strict policy of 'pay as you go,' money has already been raised for the construction project. Members of the Women's Club are to be credited with that worthwhile work. Under the direction of Mrs. Henry Whipple, 2802 Valleyview-dr, the ladies have been working for almost a year to raise the needed cash for the building.

Mrs. John Hardy Jr., 462 N. Hague-av, is the recently installed president of the club, replacing Mrs. Whipple.

Thus far everything that has been done has been on a "cash" basis. There is even some money in the treasury and no tax levies have been necessary, much to the surprise of some who thought the expense of a government of their own would increase their taxes.

Valleyview residents are optimistic over the outlook for the future. Said Mayor Wareham, "Nothing can prevent Valleyview from moving ahead. It's been a lot of work but now we can see the results of our efforts."

That about sums up the feelings of most of the residents.

New Bridge Has Opening On Thursday

Formal opening of the new concrete bridge over Big Darby Creek near West Jefferson and the new four-lane highway westward from the bridge was to have been held yesterday by officials of the state highway department. The completed project cost $432,000.

Work started in May, 1940, and was not scheduled for completion until one month from now. The project eliminates a bad traffic situation that curved down both sides of the creek bank onto a narrow bridge. It is a step in completion of the four-lane divided highway starting just west of the city and continuing west.

The new bridge is 513 feet in length, including two 150-foot span arches. A total of 1.2 miles of new highway, much of which was a large fill approaching the bridge from each direction, was necessary to straighten out the old curve in the road.

West To Invade East High Today

The West football squad will open its conquest of the City League at 4 o'clock this afternoon when they visit and play the East High Bengals on the Harley Field gridiron.

The situation among Columbus high schools is rather unique this year, in that the usual pre-league wins piled up by the localites are missing.

With the exception of South High, whose team has won two for two, not a single city league squad has a game in the win column. North follows South in the final pre-season line-up with one loss and one tie, while West, East, Central and Aquinas all have dropped both of their initial encounters.

It is for this reason that the East-West game, although neither of its contestants has won a tilt, will be the big game in city league competition this week-end. Both the Buckaroos and the Bengals are rated as strong championship contenders and the outcome of this first game might well decide the winner of the league bunting.

On paper, the Cowboys look better than the Tigers. The Bengals were whitewashed by Middletown to the tune of 26 to 0, while West held the same team to a 13 to 0 score. In their other games, West scored once while dropping a game to a tough Newark squad, 20 to 6, while East was held scoreless by Springfield, who rolled up 19 points.

Middletown Wins Over West

In last week's encounter with the Middletown Middies, West showed considerable defensive strength, holding the Middies to just 13 points. This was an accomplishment as indicated by the score card which showed that the Middies rolled up 21 first downs to two for the Cowboys, and rambled 360 by rushing while West gained only 29 yards on the ground. Big tackle, Harry Hopwood, kept West out of more serious difficulty with his booming punts.

New Commander

C. W. Wagner

C. W. "Chet" Wagner, 178 [illegible] will be installed as the new commander of Camp Chase Post 98, American Legion, in ceremonies to be held at post headquarters on the evening of Oct. 17. Department Commander Ford Hartpence will be the guest of the post at that time.

W. [illegible] succeeds Commander [illegible] Hain.

That same year he was ordained in the Lutheran Ministry.

25th Anniversary Program

Under the leadership of Leonard Echols the Planning Committee for the Twenty-Fifth Anniversary celebration of Hilltop Lutheran Church, has arranged an extensive program for the month of October. This committee has been working for the past several months on plans to make this celebration a truly great milestone in the life of their church.

The first event of the month will be the communion service on Sunday, Oct. 5. An early service will be held at 7:30 a. m., and the regular service at 10:30 a. m. On Friday, Oct. 10, 6:30 p. m., all members of the church are invited and urged to attend the congregational banquet. Dr. Rees Edgar Tulloss, president of Wittenberg College, will be the principal speaker at the banquet, which will be held in the Hillcrest Baptist Church through the cooperation of the Keystone Class of that church. Several students of Wittenberg will also be present to provide music for the occasion.

Dr. A. J. Holl of Pittsburgh, formerly of First Lutheran Church in Columbus, and founder of Hilltop Lutheran Church, will be the speaker at the regular service on Sunday morning, Oct. 12. Rev. Holl will be guest at a reception that afternoon at 2:30 in the church parlors.

On Wednesday night, Oct. 15 at 7:30 p. m., "The March of Music" will be presented at the church. This program will include a number sung by the present choir of the church, supplemented by some of the men and women who sang in Hilltop's first choir 25 years ago. The purpose of the program is to depict the place of music in the growth of the church.

On Sunday, Oct. 19, Rev. Wm. G. Leubin also of Pittsburgh, and former pastor of Hilltop will return to occupy the pulpit. Rev. Leubin's friends may greet him during the afternoon when a reception will be given in his honor.

Climax of the celebration and also of 25 years of work will be on Sunday morning, Oct. 26, when with appropriate ceremonies the mortgage on the church will be burned. At this service, Dr. George W. Miley, recently elected president of the Synod of Ohio, United Lutheran Church in America, will be the speaker.

Two past events which have also been linked with the anniversary program were the return on Sunday, Aug. 3, of Rev. A. C. Baughman, former pastor, and the Lutheran Men's Rally held at Westgate Park on Monday, Sept. 22. Dr. F. Eppling Reinartz of Philadelphia, was the speaker at the rally, which was sponsored by the Men's Brotherhood.

Members of the committee which assisted Mr. Echols in planning the anniversary celebration are John C. Rohr, Mrs. Burleigh Emrich, Mrs. M. W. Carey, Newton A. Thatcher, Mrs. Henry Geshwilm, W. B. Dilsaver, A. C. Keidel, Miss Dorothy Geshwilm, Hugh E. McCurdy, George J. Weidman and Chas. E. Pfaltzgraf with Rev. Carveth Pearn Mitchell, pastor acting in an advisory capacity.

History of Church

On Jan. 1, 1916, Rev. A. J. Holl of First English Lutheran Church and several of the men of his congregation canvassed the Hilltop announcing the first service of a new Lutheran Mission Church to be located in what was then, this new section of the city. This first service was held on the first Sunday in January in a small room at 15 N. Oakley-av. For more than a year Rev. Holl conducted these services each Sunday afternoon, with sometimes only two or three people in attendance. Then, in February of 1916, the General Council of the Lutheran Church of North America, called Rev. J. W. Wenrich from St. Mark's Lutheran Church of Wapakoneta, O., to assume the duties of field missionary for the district of Columbus. In this capacity he took charge of the new mission on Apr. 1, 1916. The following month the men of First Church purchased two lots on W. Broad-st, at S. Terrace, to be held in trust for the new congregation.

On July 30, 1916, a temporary organization was formed with 20 members, from which a church council was elected. On Jan 7, 1917,

"The Friendly Church on the Corner"

the charter was closed with a membership of 36. Steps were then taken to become a permanent organization, a constitution was adopted and the congregation became known as the "Hilltop English Evangelical Lutheran Church." Plans were begun immediately for the construction of a new church, but, due to the many difficulties encountered in such a project, actual work on the building did not begin until October, 1919, with the cornerstone being laid in November of the same year. The new church was dedicated to the work of the Kingdom on Dec. 19, 1920, with Rev. Holl, the founder, having a very prominent part in the services.

In the year 1919, three of the large Lutheran bodies merged, to become known as the United Lutheran Church. This merger abolished the office of field missionary, so on Apr. 20, 1919, Rev. Wenrich was unanimously elected pastor of the congregation, which he served faithfully for nine years. On Mar. 16, 1925, he resigned to return to his first pastorate in Stoutsville, O., which he served until his death in January, 1938.

Rev. A. C. Baughman was called from the Home Mission Field in Wisconsin to the Hilltop on July 1, 1925. During his ministry the congregation continued to grow and many improvements were made on the church property. Most outstanding of these improvements were the installation of the pipe organ, which was a gift from the Monroe Avenue Lutheran Church and the purchase of the first central heating plant. Rev. Baughman resigned in May, 1928, to return to the Mission Field in the Northwest.

From the Foreign Mission Field in British Guiana, South America, Rev. H. E. Haas was called on Nov. 1, 1928. After serving the local congregation a little more than two years, Rev. Haas resigned on Jan. 1, 1931.

On May 1, 1931, Wm. G. Leubin, a last year student of Hamma Divinity School, Springfield, O., was called by the congregation. Rev. Leubin assumed the pastorate immediately after his graduation a short time later. During his ministry here an important step was

Junior Choir

taken in the organization of the Congregational Committee of Evangelism. After having guided the congregation through the dark, discouraging days of the depression, Rev. Leubin resigned on Apr. 27, 1938, to become pastor of the Bethany Lutheran Church of Pittsburgh, his home city.

Rev. Carveth Pearn Mitchell left the First Lutheran Church of Dayton, O., to take charge at Hilltop on Aug. 1, 1938. Under his guidance the congregation has made phenominal strides toward achieving its proper place in Lutheranism. During the years 1939 and 1940, membership and attendance at services have increased greatly, and activities of the church have expanded not only locally, but in affairs of the church at large. Many improvements have also been made on the church property during Rev. Mitchell's pastorate, including a new altar in the primary department, a new heating plant and the renovating and painting of the church parlors. This present year, 1941, the twenty-fifth anniversary year of Hilltop Lutheran Church, will mark the entire liquidation of the indebtedness, which will be appropriately celebrated by special services throughout the month of October.

Seven on the original 36 charter members are still active in the affairs of the congregation, they are Mr. and Mrs. Geo. Weidman, Mrs. Anna Pfaltzgraf, Mrs. Marie Stein, Mr. and Mrs. Chas. Houx and Mrs. Edward Weisenberger.

Members of the Church Council are—President, Rev. C. P. Mitchell; vice-president, Charles E. Pfaltzgraf; secretary, John C. Rohr; financial secretary, Burleigh Emrich; treasurer, Henry Geshwilm; Harley Conrad, Wm. H. Hallsteine, W. B. Dilsaver, Newton A. Thatcher and Leonard Echols.

The Hilltop Lutheran Church School is divided into 15 classes with a total enrollment of 250 members, including 60 in the Primary Department. Church School officers are—Superintendent, Wm. H. Hallsteine; primary superintendent, Mrs. Henry Geshwilm; assistant superintendent, Chas. Maus; secretary, Miss Dorothy Geshwilm; treasurer, Mrs. Chas. Houx, and cradle roll superintendent, Mrs. A. C. Keidel.

A very important part of the work of the church is carried on by the eight organizations which include all age groups and provide a means for everyone to take part in affairs of the congregation.

The Wenrich Missionary Society, formerly known as the Women's Missionary and Aid Society, was founded June 9, 1916, and has taken a very prominent part in the activities of the church throughout its 25 year history. Officers of the society are—President, Mrs. A. W. Cline; vice-president, Mrs. Lester Byerly; secretary, Mrs. Augusta Reichel; financial secretary, Mrs. W. B. Dilsavor; treasurer, Mrs. Fred Bayers.

On Jan. 18, 1922, the Men's Brotherhood was organized to create more interest among the men of the church. Reorganized in October of 1931, it now has an active membership of 40 men. It's officers are—President, Chas. E. Pfaltzgraf; vice-president, Chas. Maus; secretary, George Blesch; treasurer, John C. Rohr.

The activities of the young people of the church are centered in the two Luther Leagues, Senior and Intermediate. The Senior League, for high school and college students, was organized in 1923 and has a membership of approximately 25 with Kenneth Linton as president. Other officers are—Vice-president, Betty Geshwilm; secretary, Helen Grenell; treasurer, Walter Grenell. The members of the Intermediate League are boys and girls of junior high school age, this being the youngest group in the church that is self-governing. Officers of the organization are—President, Dick Geshwilm; vice-president, Lorraine Kolesar; secretary, Marilyn Grenell; treasurer, Bettyann Keidel.

A second missionary group, the Young Ladies Missionary Society, was organized in 1927. Now known as the Tena Wagner Missionary Society, in honor of one of the faithful members of the congregation, it has a membership of 38, headed by Miss Leonard Echols as president; Mrs. Jack Weisbrod, vice-president; Mrs. W. H. Hallsteine, secretary, and Miss Ruth Thatcher, treasurer.

In order to provide aid to the Oesterlen Home, Springfield, O., the orphanage of the United Lutheran Church, an organization was begun in September, 1939, known as Oesterlen Circle. Mrs. Harry Hoffman is chairman of the circle.

To stimulate interest and fellowship among mothers of primary children and to supply the needs of the primary department, the Mothers' Club was organized in February, 1940, with Mrs. A. C. Keidel as chairman.

Mrs. Carveth P. Mitchell has charge of the kindergarten and elementary school children's activities as supervisor of the Children of the Church, which group rounds out the complete Christian educational program of Hilltop Lutheran Church.

We congratulate the Hilltop Lutheran Church and Rev. Mr. Mitchell—

The twenty-fifth Anniversary is not just the story of existence, but a reflection of those Divine qualities we know as Permanence, Reliability, Dignity and Reverence.

It is the Policy of the Jerry Spears Funeral Service to foster these qualities in our Community.

IF I WERE THE PRESIDENT
(Apologies to John N. Garner)

I am in nowise a politician,
Don't know one from the other,
But will give you my opinion.
Of how to treat your brother.
My idea I got from another
My poetry is never sublime
With apologies to Mr. Garner.
I will put it in rhyme.

I would treat alike all citizens
With the best of my ability.
Any kind of separate solution
Is only slippered senility.
The laborer and the financier
Must be treated the same.
You can't favor one of the classes
And the other class defame.

Not to protect men of money
Is positively suicidal.
They must be fairly treated
Or many will be idle.
Never encumber the farmer,
Let him raise all he can
But regulate distribution
On the democracy plan.

Give men constructive employment
So they'll have money to buy.
A basic solution for everybody
I would fairly apply.
Seek wisdom from the Almighty
To apply the proper code,
So the rich man, nor the needy
Wouldn't carry an overload.

New Station Has Opening

Security Petroleum, Inc., announce the grand opening of their first Columbus station Friday and Saturday, Oct. 3 and 4, at 1000 W. Broad-st, across from the Avondale Theater. This station is one of the most modern in the city. Products of the new station are called Bonded because they are backed by a $5000 bond.

The policy of the new station will be not to offer substitutes, not to misrepresent and to give full measure. A large driveway enables the service men to keep business moving and makes for faster service.

For the formal opening of the two days, Friday and Saturday, special low prices on products will be offered.

This is the first Security Petroleum station in the eastern part of United States. The station is open 24 hours a day.

The Hilltop Record

In Its 25th Continuous Year Of Community Service

Vol. XXV, No. 35 | The Hilltop, Friday, October 10, 1941 | Total No. 1179

The Spectator
By C. C. Hartley

Plenty Of Police Protection

That noise you will hear one of these days coming from over McKinley-av way will not be a Nazi invasion or any internal revolt. It will be the opening of the new pistol range of the city police, county sheriffs, penitentiary guards and state highway patrolmen.

On last Sunday the boys acted as hosts to their many friends and held a preview inspection of the range and their new clubrooms.

When the range is fully completed it will have cost over $30,000 and will be one of the finest in the Middle West.

With all these officers of the law frequenting the Hilltop for pistol practice it seems to be a sure thing that this community will have a goodly amount of police protection in the future.

We welcome them and the entire community extends a hearty greeting and best wishes for their continued fine work.

A Fine Project

Your community paper takes this opportunity to compliment our big daily neighbor, the Columbus Dispatch, on a most notteworthy project . . . the tree planting program.

This is a program that deserves the immediate attention of every individual of our community. A vital part of the future beauty of our community depends on the care, preservation and planting of trees today.

* * *

25 Years Of Service

Best wishes and greetings to the pastor and congregation of the Hilltop Lutheran Church on the twenty-fifth anniversary of the church now being celebrated.

This quarter of a century of continued growth and stability is testimonial of the worthy service of this institution. No institution or individual can long continue to receive the better things of life without rendering a continued service.

One newspaper columnist reports that Hitler always looks so sour and glum because he gets up on the wrong side of the channel each morning.

Two Opportunities To Help Youngsters

Voters who go to the polls on Nov. 4 will have two opportunities to help the youngsters of Columbus.

They can help by voting "Yes" on the charter amendment which establishes a recreation commission of five citizens to serve without compensation, a plan designed to take recreation out of politics, and a plan that will cost nothing.

In the second place they can help by voting "For" the two-tenths of a mill levy for recreation. This means that the recreation commission will have funds to operate playgrounds and play centers. It will provide a total of $75,000 a year, which means that if your property is on the tax duplicate at $5,000 it will cost you less than one dollar a year to help support such a worthy program.

We believe residents of this community should inform themselves on these two questions and go to the polls on Nov. 4 prepared to vote intelligently. We sincerely hope the Hilltop will support the measures 100%.

League of Boy Bowlers Planned

Boys under 16 years of age will be eligible to bowl at the Hilltop Bowling Alleys on Saturday until noon for 15c. From boys of this age a team of five bowlers will be selected to enter the ABC to be held in Columbus next spring. Selections will be based on bowling ability, scholastic standing and conduct on the alleys.

Five other boys will receive wrist watches presented by Kahn Jewelers. A league of young bowlers will be formed at the Hilltop Alleys.

High school girls have organized an eight-team league at the local alleys, Bill Wolfe, owner, stated. The C. Y. O. Catholic Youth bowl on Sunday nights at 9.

G. O. P. RALLY PLANNED

A city-wide rally of Republican voters is being planned to take place in Central High School next Tuesday night, party workers said. All Republican candidates will be presented to the audience during the evening.

Cowboys To Play At Lima

The Cowboys from West High will be gunning for their initial win this season when they go on the field at Lima South this evening, in an under-the-lights game scheduled to begin at 8 o'clock.

The Bucks hope to turn in a victory over the Lima team and start along the winning road as the 1940 squad did by throttling a strong Van Wert team and then winning all but one of the season's remaining games.

The main difficulty with the Westerners still seems to lie in the lack of offensive blocking. In last week's mud pile struggle with East High, blocking on all sides was almost nil due to the slippery condition of the field and other players, but more is expected of the big Buck line if the weather is right in Lima this evening.

West, East In 0-0 Tie

In the game that was touted as the champion-making engagement, both teams slipped, slid and sloughed through a pouring rain and muddy field to a nothing-all tie.

Neither East or West exhibited any convincing superiority, but both made some fine plays despite Jupe Pluvius. The stands within the 20-yard line made by the Cowboy's forward wall were beautiful to see, and the double reverses which clicked so well in the latter part of last season enabled the Bucks to mark up 45 yards.

All in all, nothing was decided and despite the fact that Central and Aquinas now lead the city pack with one win, both East and West in a second-spot tie may be regarded with caution by any future opponents.

Hilltop Lutheran Dinner Is Tonight

Rees Edgar Tulloss, Ph. D., D. D., L. L. D., will speak at the anniversary banquet of Hilltop Lutheran Church to be held this evening in the church.

This banquet is one of a series of events to take place during the month of October in celebration of the twenty-fifth anniversary of the founding of the church. The committee planning the program is headed by Mrs. Henry Geshwilm. Members of the Keystone Class of Hillcrest Baptist Church will prepare and serve the dinner in the social room of the church.

Entertainment will be by the School of Music of Wittenberg College with Leonard Echols as toastmaster. Members of the committee assisting Mrs. Geshwilm are Mrs. Newton Thatcher, Mrs. William Hallsteine, William Stokes and H. L. Pfaltzgraf. Rev. Carveth Pearn Mitchell is pastor of the church.

Leo Phillips To Be Under Civil Service

Leo Phillips, 617 S. Ogden-av was given a provisional appointment under civil service to continue in his present capacity as head of the police department's detective bureau. Permanent appointment to the post would follow a civil service examination to be held in the near future. In the past the appointment has been made by the administration.

Phillips has served as chief of detectives since the beginning of the Green administration.

Boy Is Injured At Street Crossing

Ted Biddison, aged 8, 92 N. Eureka-av, was struck by an automobile driven by Fay E. Fogle, of 148 S. Terrace-av, at Eldon and Broad-sts, at noon Tuesday. He was taken to Mt. Carmel Hospital, where he was released after he was given first aid for knee injuries.

Fogle was arrested for having poor brakes on his car and failing to yield the right of way to a pedestrian on a cross walk, police said.

George Ansel Visits At Home After War Games In South

George Ansel of the Seventy-fourth F. A. Brigade at Camp Claiborne, La., arrived at the home of his parents, Mr. and Mrs. M. E. Ansel, 153 N. Oakley-av, Sunday noon on a 10-day furlough.

On Mar 26, Ansel left for camp at Ft. Thomas, Ky., where he was stationed for three days. After this period he was moved to Ft. Bragg, N. Caroline for a period of 13 weeks for further training. Then he spent a month at Camp Blanding, Fla. When he came to Columbus last Sunday he had just finished participating in what has been determined as the largest peace-time maneuvers in Louisiana. His next station will be N. Carolina for more maneuvers.

Ansel drives an army jeep, which is the commanding car. His is the only outfit able to stop tanks.

He took part in the battle of Mt. Carmel, La., that is pictured in the Oct. 3 issue of Life magazine. The first group of its kind, it is called the guinea pig outfit. Since this has been such a successful experiment 50 more groups of its kind are being planned. Being purely an experiment, this group fought in both the Blue and Red armies in the maneuvers in Louisiana.

Tanks are fought by 75 m. m. guns (nearly 3,000 pounds) which are pulled by a trailer. A change is going to be made in this moving of the guns, however, they are to be placed on a half track.

Officials feel the army is better equipped with this experimental group than was that of the last war, Ansel said.

Dan Harris To Appear As Guest Soloist

Dan Harris, head of the voice department at Oberlin College, will appear as guest soloist with the Hilltop Male Chorus in a concert to be presented at Central High School on Dec. 3. Dale V. Gilliland, director of the chorus, has been rehearsing for the affair for the past month.

Mr. Harris, a baritone, has been a member of the Metropolitan Opera for the past four years, although he has not been active during the regular opera season. He is well known to Columbus and particularly the Hilltop, his home for several years.

He is the son of the late Dr. J. H. Harris, pastor of the Hilltonia United Brethren Church for several years.

Bowen Welcomed By West Students

By Jean Young

There are different ways to welcome home a person but the students at West High excelled all welcomes we have heard for quite some time last week when Roy Bowen entered the dramatics classes. Upon entering the room he was confronted with a well rehearsed yell, "Yardbird Bowen."

Bowen returned last Thursday from Camp Wolters, Texas, where he had been employed by Uncle Sam for six months. When the "old man with a tall hat" decided to release all men over 28 Bowen was included.

While in the army West's favorite dramatics teacher wrote and helped put on plays in the recreation hall of the camp.

"These army fellows go mostly for the sketches of men dressed in feminine attire," Bowen explained.

"I was lucky because while I was writing the sketches I didn't have to drill," he further explained.

When questioned about army life Bowen replied, "There really isn't much to tell that hasn't already been said by some other goldier."

Truck Driver Killed Friday On W. Broad

As he was unloading salt from his truck in front of the Broad-Warren Market, 2656 W. Broad-st, last Friday, William F. Vance, 34, of 145 N. Princeton-av, a truck driver for the Genthe Milling Co., was crushed to death when an automobile struck him.

Edward N. Davis, 2731 Steele-av, driver of the car, was arrested by police and held pending investigation.

Vance had double-parked his truck and began unloading salt from the back, according to police.

Davis, police said, was driving at a speed of 35 or 40 miles an hour when his car rammed Vance pinning him against the truck tailgate.

A Jerry Spears ambulance took Vance to Mt. Carmel Hospital, but he was dead on arrival.

Davis insisted he did not see the victim and pleaded innocent to the charge of second degree manslaughter Monday, police said. His case was continued until Oct. 21.

Hilltop To Have New Fire Protection Soon

Better fire protection for the Hilltop will be assured in the near future it appeared this week.

On Monday evening city council is scheduled to hear legislation presented by Councilman Arvin Alexander to provide for the erection of an engine house in the vicinity of Hague and Sullivant-avs.

This has long been considered a much needed project in view of the continued increase in building in the Westgate and Wiltshire sections.

Councilman Alexander told the Record this week that he has been interested in this project for some time after having made a survey of the community to determine the need of the increased fire protection.

"SHALL I WASTING IN DISPAIR"
(Parody)

All the world loves a virtuous woman
We would perish for her love
Nothing too good for her under heaven
And nothing too good above.
If she be endowed with that lovableness
She is worthy of all we possess.
'Tis hard to think it is impossible
She would ever be in distress.

Any virtuous woman is beautiful
And should never be in despair
'Tis the soul that makes her lovely
Smiling through grief and care
All the world may call her homely
If she be, not so to me,—
If endowed with a soul that is lovely
No homeliness can I see.

No Interest On Your Money

- Do you know that $1,939,202.08 of impounded money has been held in the banks since May 31, 1927 as an aftermath of the 1924 Gas Rate Litigation?
- Do you know that this money has not drawn a penny of interest since July, 1936?
- Do you know that the present City Attorney, by a questionable opinion, blocked a refund of the entire principal amount as voted by City Council this year?

We're Told

Mary Link is a long distance operator for the telephone Co. . . . Elwood Lee expects to get into communications work for Uncle Sam following his induction into service this week . . . Don Dorsey appears in a couple of scenes in "Dive Bombers." He is in the U. S. Naval Service. His mother, Mrs. Gladys Dorsey, Seiler employee, has already seen the picture a couple of times and expects to see it several more times when it comes to the Hilltop . . . Ed Peters placed a small wager on the Missouri boys after seeing them alight from their train in Union Depot. He admits now you can't tell a thing about the size of 'em . . . Jean Reed won a bet from her boss on the OSU-Southern Cal. game . . . The Dr. J. H. Czatt's drove over 700 miles to see that game and were obviously not disappointed . . . Mrs. Wright down at Wright's Food Market refers to her husband as "boss" . . . We understand Myron Seifert is an active membership campaigner for the West High PTA.

This and That

Mary Janice Knospe carried her locker drawer over to her key instead of vice versa over at West. we hear . . . We hear of one young lady in a downtown office whose first name is "Laceryjet." What's her last name? We wondered that, too. But what would she need with any more name than that . . . Suz Cleveland is now employed in the office of Columbus Town Meetings. Got lost the first day she went to work in the Atlas Building . . . Russel "Russ" Bettker, butcher at Bob Nowell's Market, recently tied the knot with Helen Trautman and they are now motoring through Texas, New Mexico and California. Rudy Lurz is pinch-hitting for him while he is away . . . Margaretta Mace and Flossie at Paul Knospe's office are feuding with members of the stronger sex, we learn on good authority.

Topics

Dave Riggs is doing some NYA in addition to his regular course of study as a freshman at Ohio Wesleyan . . . Harold "Bus" Hoover writes from Canada, where he has joined the Canadian Air Force: "These English are too d- - - arrogant for we American boys." . . . Bill and Sally Ferguson have set up housekeeping on Clime-rd, near Briggsdale . . . Bob Gyer down at the Tavernette has a system for shaking up a bottle of milk that keeps us guessing. Claims he has never missed a bottle in more than two years . . . Kel Fuller, a member of the Occident staff, had to drink 18 glasses of water (one for each mistake) during initiation ceremonies of one organization . . . C G 1 is the license number of Charles Gilbert down on Hilltonia-av . . . Starling School has the best publicity department of any school we know about . . . Russ Moraine has been transferred to Camp Wolters, Tex., following war games down in La. He is now within a few miles of the training school where Bob Ferguson is stationed. The two long close friends, got together for a spaghetti dinner over so often . . . Scotty Bambelton, in the liquor control department, is a West High graduate of several years back . . . Chet Rinehart, Record employee now in military service, has been transferred from Camp Wolters to Camp Robinson, Ark. . . . Dorothy Hill is employed in the bakery department at Haunts Market.

State Control Near, HBMA Speaker Says

"Trends of our day point to state control in many phases of our every day life," was the opinion of H. H. Maynard, professor of business administration at Ohio State University, speaking before members of the Hilltop Business Men's Association in their meeting at Schmelzer's Restaurant Tuesday night.

Increased government restrictions are certain to be imposed in order to carry us through the present crisis. Many of these will not be released," he said.

"We've got to be taxed and like it," he pointed out, "in order to help pay a part of the huge debt we are incurring in order to carry on the war." Speaking on the topic, "Doing Business In a World Like This," he pointed out many facts concerning the effect a war-time economy is having on regular business conditions.

"Today government indebtedness is on a fifty-fifty basis with private debt. During the last war the government debt was only one-fifteenth of the private debts owed by individuals and businesses," Professor Maynard asserted. Increased taxes, control of installment selling, price control and rationing of materials are essential to curb the ever present dangers of inflation, he believes.

Referring to our present plans to arm America he said:

"Today is a day of preparation. Tomorrow is the day of production. Day after tomorrow will come the peace pacts."

150 New Plants

Pointing out the extent of our preparations for national defense he said that 150 new major industrial plants are now already 95 percent in operation. By way of comparison he showed that the entire cost of conducting the last World War to the United States was $32,000,000,000. Already $47,000,000,000 has been spent and we haven't fired a shot in this war, he asserted.

Wilson Posey outlined the need for this year's Community Fund Drive to the members present.

Fred Sulzberger was named to head a committee to carry out street decorations for the Christmas season. Also named on his committee are Paul Rausch, Charles Kent, W. E. Jones and C. H. Penfield.

Football Dinner Planned

A committee headed by Ray Hauntz was selected to sponsor a football dinner for a later meeting. Dr. T. S. Fox, Joe Briggs, Harold Fox and W. Hayden Jones will work on that project.

E. O. Melvin reported that two fireplaces and two concrete tables would be constructed in Westgate Park in the very near future.

Charles Kent, Ray Hauntz and Dr. M. W. Bates were selected as a nominating committee to select a slate of officers for the next year.

Booster prize winners were Curt Roberts, Fred Sulzberger, Joe Briggs, H. H. Maynard, E. O. Melvin, Jack Shank and L. E. Saunders.

Exactly As It

"We are in no way interested in the control of the Board of Education and our party is not openly endorsing any candidates for the board.

"We are interested in but one thing from the board, and that is the best possible schools for the city of Columbus."

These were the words of County Republican Chairman, Hilltopper Bill Schneider, at the Republican rally at Central High school Tuesday evening.

As a candidate for member of the Board of Education I subscribe to these principles wholeheartedly. I am interested only in the best possible schools for Columbus.

The Columbus public school system is a gigantic business enterprize having to do with the education of our children. Its policies are formulated by the board, its board of directors.

I am asking the citizens of Columbus for an opportunity to be of service as a member of this board of directors.

He'll Be A

This past week-end three of us from the Record, along with my eight-year-old son, Carlton, left the traveled highways and spent a week-end in the hills of Jackson county in West Virginia.

We were taking an advance look at the squirrel crop down that way and incidentally having a little target practice.

One of our targets was a tiny bright orange persimmon, placed on the corner of a building at about fifty feet.

Three times I pulled the trigger of a .22 automatic rifle and the persimmon remained untouched, only to hand the gun to my boy who ups and aims and sends the persimmon for a loop!

• • •

You Can't Beat Them

I might have known it! A few weeks ago I told in this column of a Canadian who threw tobacco to the fishes and then struck them in the head with an oar when they came to the surface to snit. Incidentally I remarked that it sounded like a story Doc Sulzberger or Doc Fox would tell.

Wednesday morning the three of us met and sure enough I still can't get ahead of this guy Sulzberger. He tells of a time at Buckeye Lake when the fish weren't biting he loaded his hook with a chew of tobacco and the minute it hit the water a fish took the chew. And all the time Doc Fox stands by and verifies the story. I quit!

The membership committee of the West High Alumni Association met at the home of the new president, Paul Fulton, 110 S. Roys-av, last Thursday and made plans for the drive to enlist memberships. Work Lauded

Col. Erwin

From Letterman General Hospital in Presidio of San Francisco comes word of a one-time Hilltopper who has gone a long way in the service. Lt. Col. Humphrey N. Erwin received commendable mention in the Oct. 4 edition of The Fog Horn, a publication devoted to the interests of the military personnel of the hospital.

A resident of this community for almost four years, he left the Hilltop six years ago. His wife is the former Clara Smith of Columbus. While in Columbus they made their home at 3111 Ellis-pl.

Colonel Erwin was selected to organize the school with which he is now associated. Editorial comment in The Fog Horn lauded his efforts in organization of the work.

Colonel Erwin has spent 25 years in the army. While in Columbus he was an instructor with the Ohio National Guard. The Erwins were widely known during their residence here.

Elliott of Capital University, "Ave Maria," by Bach-Gounod, and "Nachstuck" by Schumann, with Miss Mary Stonebrook as accompanist. At the evening service there will also be two groups by the Robert Morris O. E. S. Chorus with Mrs. Daniel Jerman directing; (1) "Salutation" by Gains, and "The Master of the Garden" by Jordan; (2) "Thank God for a Garden," by DelRigo, and "The Bells of Saint Mary's" by Adams. Prof. Eddie Patzsch will have charge of the music during the campaign. He is a noted gospel singer. This will be his first campaign in Columbus.

Services will be held each evening at 7:30 through Nov. 2 Sunday services are held at 10:45 a. m. and 7:30 p. m. An invitation is extended to everyone to attend these services.

The presentation was made by Grand Vice Chancellor August W. Weber.

West Bucks Ready For Tilt With North

By Harold Mors

"Block and tackle" has been the motto of the Georges, Williams and Collins and the West High Cowboys during the past week's practices, and their preparation for the two toughest games of the season, both of which come in six days, indicate that the Westerners believe the sign that hangs in the dressing-room, which says that football is all blocking and tackling.

However, rabid Hilltop fans who trek over to the Arcadia-av field to see the Bucks take over the Bears will also see some slippery shifting in the backfield. The West line is expected to do yeoman service on the defense and it can be stated that a vast improvement is noted in the linemen since the opening game with Newark.

South Game Changed

The game with South, which will inaugurate this season's gridiron activities at West, has been changed from Friday, Oct. 24, to Thursday, Oct. 23, at 3:15. The date was moved back one day because Columbus schools will be dismissed Friday when the annual Ohio teachers' meeting will be held.

Bears, Then Bulldogs

The Cowboys will meet the North Polar Bears this evening at 8 o'clock in what is always a scrappy game. North has but one letterman back, and the Maroons have not won a game this year, losing two and tying two. West has one win, one tie and two setbacks. All-in-all, this seems to be the year for the Bucks and the final gun will probably see the Cowboys ahead two touchdowns.

On the criterion of past performance, the South Bulldogs will be harder for the Cowboys to corral than will the Bears. South has won three for four this season and has exhibited some very fancy running and passing in their first four encounters. If West gets around North, South will have a tough time holding the Cowboys on their own grounds.

West Downs Lima South

Running parallel to last season's schedule, the West squad pulled a rabbit out of their headgear by setting the favored Lima South aggregation back on their heels, 12 to 0.

Fast rushing gave West the ball in South's territory on a blocked punt and a double reverse and a pass from Householder to Snyder took the ball to the two-yard line. Laughlin scored on the second play. In the last quarter, West marched down the field and Householder scored. Both placements were low.

State Control Near, HBMA Speaker Says

"Trends of our day point to state control in many phases of our every day life," was the opinion of H. H. Maynard, professor of business administration at Ohio State University, speaking before members of the Hilltop Business Men's Association in their meeting at Schmelzer's Restaurant Tuesday night.

Increased government restrictions are certain to be imposed in order to carry us through the present crisis. Many of these will not be released," he said.

"We've got to be taxed and like it," he pointed out, "in order to help pay a part of the huge debt we are incurring in order to carry on the war." Speaking on the topic, "Doing Business In a World Like This," he pointed out many facts concerning the effect a wartime economy is having on regular business conditions.

"Today government indebtedness is on a fifty-fifty basis with private debt. During the last war the government debt was only one-fifteenth of the private debts owed by individuals and businesses," Professor Maynard asserted. Increased taxes, control of installment selling, price control and rationing of materials are essential to curb the ever present dangers of inflation, he believes.

Referring to our present plans to arm America he said:

"Today is a day of preparation. Tomorrow is the day of production. Day after tomorrow will come the peace pacts."

150 New Plants

Pointing out the extent of our preparations for national defense he said that 150 new major industrial plants are now already 95 percent in operation. By way of comparison he showed that the entire cost of conducting the last World War to the United States was $32,000,000,000. Already $47,000,000,000 has been spent and we haven't fired a shot in this war, he asserted.

Wilson Posey outlined the need for this year's Community Fund Drive to the members present.

Fred Sulzberger was named to head a committee to carry out street decorations for the Christmas season. Also named on his committee are Paul Rausch, Charles Kent, W. E. Jones and C. H. Penfield.

Football Dinner Planned

A committee headed by Ray Hauntz was selected to sponsor a football dinner for a later meeting. Dr. T. S. Fox, Joe Briggs, Harold Fox and W. Hayden Jones will work on that project.

E. O. Melvin reported that two fireplaces and two concrete tables would be constructed in Westgate Park in the very near future.

Charles Kent, Ray Hauntz and Dr. M. W. Bates were selected as a nominating committee to select a slate of officers for the next year.

Booster prize winners were Curt Roberts, Fred Sulzberger, Joe Briggs, H. H. Maynard, E. O. Melvin, Jack Shank and L. E. Saunders.

Exactly As It Should Be

"We are in no way interested in the control of the Board of Education and our party is not openly endorsing any candidates for the board.

"We are interested in but one thing from the board, and that is the best possible schools for the city of Columbus."

These were the words of County Republican Chairman, Hilltopper Bill Schneider, at the Republican rally at Central High school Tuesday evening.

As a candidate for member of the Board of Education I subscribe to these principles wholeheartedly. I am interested only in the best possible schools for Columbus.

The Columbus public school system is a gigantic business enterprise having to do with the education of our children. Its policies are formulated by the board, its board of directors.

I am asking the citizens of Columbus for an opportunity to be of service as a member of this board of directors.

He'll Be A Marksman

This past week-end three of us from the Record, along with my eight-year-old son, Carlton, left the traveled highways and spent a week-end in the hills of Jackson county in West Virginia.

We were taking an advance look at the squirrel crop down that way and incidentally having a little target practice.

One of our targets was a tiny bright orange persimmon, placed on the corner of a building at about fifty feet.

Three times I pulled the trigger of a .22 automatic rifle and the persimmon remained untouched, only to hand the gun to my boy who ups and aims and sends the persimmon for a loop!

You Can't Beat Them

I might have known it! A few weeks ago I told in this column of a Canadian who threw tobacco to the fishes and then struck them in the head with an oar when they came to the surface to spit. Incidentally I remarked that it sounded like a story Doc Sulzberger or Doc Fox would tell.

Wednesday morning the three of us met and sure enough I still can't get ahead of this guy Sulzberger. He tells of a time at Buckeye Lake when the fish weren't biting he loaded his hook with a chew of tobacco and the minute it hit the water a fish took the chew. And all the time Doc Fox stands by and verifies the story. I quit!

Plans Announced For HBMA Party

Mac Toolil's nine-piece orchestra has been employed to play for the HBMA Hallowe'en Dance and Hard Times Party at the Jefferson Gardens, West Jefferson, Oct. 30, according to M. W. Bates, chairman of the dance committee.

Two door prizes and a list of prizes for drawings will be given away during the evening. Refreshments will be served.

No tickets will be sold at the door the night of the dance, it was pointed out. The party is for members of the organization and their friends. Guests may go masked or unmasked as they prefer.

Eleventh Ward Republicans To Meet

This meeting will be dedicated to the workers of the Eleventh Ward. A speaker will be present. All candidates will be introduced. The public is invited and each worker is expected to be present with a guest.

Drive Started For Members

The membership committee of the West High Alumni Association met at the home of the new president, Paul Fulton, 110 S. Roys-av, last Thursday and made plans for the drive to enlist memberships. The active list of names was divided among the committee to be contacted in the near future for renewal of membership.

The Alumni Association is anxious to reach every alumnus of West High, it was pointed out. Paul Casey, chairman of the membership committee, has set the goal at 1000.

The members of the class of '41, both June and January, are asked to contact Don Mathews, Paul Fulton, George K. Hardy, Margaret Thomas or any member of the committee. Tickets will be supplied by any committee member. The membership fee of 50c will provide admission to various events throughout the year.

John A. Bentz Dies After Wreck

Funeral services were held Monday in St. Aloysius Church for John A. Bentz Jr., 21, of 245 Wrexham-av, who died in University Hospital Friday from injuries suffered when his car crashed into a culvert on Oct. 6.

West Bucks Ready For Tilt With North

By Harold Mers

"Block and tackle" has been the motto of the Georges, Williams and Collins and the West High Cowboys during the past week's practices, and their preparation for the two toughest games of the season, both of which come in six days, indicate that the Westerners believe the sign that hangs in the dressing-room, which says that football is all blocking and tackling.

However, rabid Hilltop fans who trek over to the Arcadia-av field to see the Bucks take over the Bears will also see some slippery shifting in the backfield. The West line is expected to do yeoman service on the defense and it can be stated that a vast improvement is noted in the linemen since the opening game with Newark.

South Game Changed

The game with South, which will inaugurate this season's gridiron activities at West, has been changed from Friday, Oct. 24, to Thursday, Oct. 23, at 3:15. The date was moved back one day because Columbus schools will be dismissed Friday when the annual Ohio teachers' meeting will be held.

Bears, Then Bulldogs

The Cowboys will meet the North Polar Bears this evening at 8 o'clock in what is always a scrappy game. North has but one letterman back, and the Maroons have not won a game this year, losing two and tying two. West has one win, one tie and two setbacks. All-in-all, this seems to be the year for the Bucks and the final gun will probably see the Cowboys ahead two touchdowns.

On the criterion of past performance, the South Bulldogs will be harder for the Cowboys to corral than will the Bears. South has won three for four this season and has exhibited some very fancy running and passing in their first four encounters. If West gets around North, South will have a tough time holding the Cowboys on their own grounds.

West Downs Lima South

Running parallel to last season's schedule, the West squad pulled a rabbit out of their headgear by setting the favored Lima South aggregation back on their heels, 12 to 0.

Fast rushing gave West the ball in South's territory on a blocked punt and a double reverse and a pass from Householder to Snyder took the ball to the two-yard line. Laughlin scored on the second play. In the last quarter, West marched down the field and Householder scored. Both placements were low.

13th Anniversary

Thirteen years ago I became associated with Carl Johnson in the barber business on the Hilltop. During these years I have enjoyed the friendship and patronage of hundreds of you Hilltoppers.

To each of you I desire to express my appreciation and trust that I will be able to serve you as satisfactorily in the future as in the past.

To those of you whom I have not had the pleasure of knowing, accept this invitation to come in at your earliest convenience.

Sincerely,
ROY TAYLOR.

CAMP FIRE GIRLS

A Father's and Daughter's banquet was held Oct. 13 at Schmelzer's Restaurant. The girls of Tewahana Camp Fire group sponsored the dinner.

"I feel that the Tewahana Camp Fire fathers, girls and their guardian deserve a lot of credit. The group was organized under the leadership of Mrs. Ardis Hawthorne in 1935, and we are proud to report that she is still our guardian. Immediately after the organization of the Camp Fire group the Mothers' Club began, very soon the fathers were also interested. The majority of the girls were only 10 years of age when the group began and therefore, when they had parties, some one had to take them and call for them. That is where their fathers made an entrance," said Mrs. William J. Lewis of the group.

The Wa-Kan-Ya Campfire group elected the following officers Monday, Oct. 13. Joanne Walker, president; Betty Crego, vice-president; Lorraine Frank, secretary; Jocelin Plank, treasurer, and Nita Mathias, scribe.

This group took gifts of food to the Children's Hospital Wednesday, Oct. 15.

The Shushtawahe Camp Fire girls took a week-end trip to Camp Wyandot Oct. 3. Those on the trip were Joyce Reed, Betsy Ann Sparks, Marjorie Fry, Judy Jones, Kitty Lou Cline, Zoe Skipper, Cloetta Clark, Wilma Borland, Betty Rae Beard, Martha Toy, Iris Weaver, Marilyn Work, Jean Meservey, June Hedrich, Mrs. Cline, Mrs. Emerick, Mrs. Borland, assistant guardian, and Mrs. Amy Reed, guardian.

The Army Builds Bridges

The above photo gives one a first hand view of military operations in the war games just completed in the swamps of Louisiana. Corporal Robert L. Hartman, H. Q. Co. 11th Infantry, from Fort Custer, Mich., is responsible for photographing the pontoon.

These pontoons were used frequently in providing a quick means of access to some of the swamp lands. Corporal Hartman is now at his home, 420 S. Harris-av, on 15 day leave.

On Leave

George Whitcraft

"We are told never to review any movements of a U. S. ship for fear the news may fall into the wrong hands," was the reason George Whitcraft, 2402 Sullivant-av, offered for the extreme secrecy of every naval maneuver.

"I can tell you just a very little about our last cruise to Alaska," he said.

"We took the ROTC boys from Washington University up to Alaska for training."

George did not receive his diploma with his graduating class of West High School in February of 1940 but was given the valuable piece of paper in December of that year before he left for Seattle, Wash. He left with the naval reserve Dec. 16.

"We are called out only on national emergencies," Whitcraft explained.

Whitcraft is stationed with the engine force of the oil burning U. S. S. Kane. His duties are watching gauges and pumps.

"Sometimes we don't even know ourselves just what is going on," chuckled the sailor.

This is the first leave George has had in all of his navy service. He will be here 20 days. He drove to Toledo with two soldiers and came the rest of the way on the train. The boys traveled day and night to hurry home.

Public Defender Ralph G. Smith, 2662 Summit-st, is a candidate for City Attorney.

Smith is 31 years of age, married, and resides with his wife, the former Frances Dum, and two children. He has occupied the important legal post of City Public Defender since March of 1938. Prior to that time he was in the private practice of law, except for a period spent as Supervising Attorney in the state office of the Home Owners' Loan Corporation.

Smith holds two degrees from Ohio State University and is a member of a number of civic, religious and fraternal organizations including the Indianola Methodist Church, University Lodge of Masons, Ohio State Bar Association, Lawyers' Club, Barristers Club, Columbus Junior Chamber of Commerce, Moose Lodge, Eagles Lodge and others.

When asked for a statement, Smith said: "Incumbency in the Public Defender's office has been in times past a period of apprenticeship for many men who have become prominent in public life, as, for example, Judges Clayton W. Rose and Cecil J. Randall.

Local Church Has Sound System

Since September, Concordia Lutheran Church, 45 S. Brinker-av, has been enjoying the facilities of a sound system, which includes hearing aids for the hard-of-hearing, enabling them to follow the service and hear the sermon, and a loud speaker in the basement for mothers with restless children. It was installed by Bell Sound Systems, Inc. of Columbus.

CREATED BY GOD, ONE AND ALL

I think it is wrong to slaughter
Killing game large and small
On the mountain and in the water
Many would kill them all.
Game is scarce all over the nation,
Lay your old gun away,
There's better ways of recreation
When you take a holiday.

If feeling the call of the wildwood
In some forest far away.
If you'd live for a day your childhood
Don't maim, slaughter and slay.
Reverently view the mysteries of Nature,
The crystal water fall,
Reverence sincerely every living creature
Created by God, one and all.

O.P.M.'s Program To Aid Building

OPM's new priority plan is to aid private home building, says Albert Jordan, auditor of West Side Lumber Co.

The administration has approved allocation of materials for 200,000 privately built houses in defense areas during the next six months. Columbus has been defined as a major defense area.

Private home builders are to get project preference rating covering the critical materials needed.

FHA offices will process applications from builders, but OPM will make actual decision on granting priority aid, Jordan said.

Houses under $6,000 are eligible for aid, and modernization that adds an extra housing unit will get top rating.

The way to get the priority rating is as follows:

1. Obtain copies of Fir PD 105 from FHA office or local financing institution, also get documentation sheets PD 105-a and fill out six copies of each, together with blueprint drawings, specifications and plot plan.
2. File with priority clerk at FHA office.
3. OPM will then notify relative to priority approval.

Plenty of lumber is available, as well as cement, plaster and many other items. The critical materials must be obtained with a priority order. The average $6000 home contains two tons of steel, 144 pounds of copper, 72 pounds of zinc, 200 pounds of lead and two-thirds of an ounce of chromium, which must have a priority order.

Revival To Last Until Oct. 26

A revival, which started Oct. 12 at the Sullivant Avenue Church of God, will continue through Oct. 26. The song service begins each evening at 7:30 and preaching at 8 p. m. by the pastor, Rev. T. S. Royal. Machines will be at the end of the Sullivant Avenue bus line to take people to the church and will bring them back after the service.

At their first meeting, the Girl Reserves of Starling Junior High School elected officers and planned their activities for the semester. Harriet Wilson, last year's president, was a guest at this meeting.

The new officers are Maude Jackson, president; Carmen Day, vice-president; Mathilde Marocher, secretary, and Joan Simpson, treasurer.

Their program, as outlined, includes work on scrap books for the Children's Hospital, splash parties and pot-luck suppers at the Y. W. C. A., a recognition service in the auditorium, a variety show, a song fest, Thanksgiving baskets, a Christmas party and a Mothers' Tea.

Programs Stress Safety

Safety has been emphasized in a series of similar programs, held at Starling Junior High School for the eighth, the ninth, and the seventh grade students.

At the ninth grade assembly "Safety of Life and Limb" was stressed by Roy B. Weed, director of safety; Corporal Robert E. Cook, head of the delinquency squad, and Sergeant Joe Knight of the safety patrol. Leaflets, containing safety rules, were distributed among the pupils.

Music for the various programs was furnished by Doris Bateman, Helen Dennis, Florence Hooker, Ellamae Malfe, Mathilde Marocher and Nancy Waters.

Seek Charter Amendment To Set Up Independent Recreation Comm.

Residents of the Hilltop will be given their chance to put Columbus on its feet in a civic way this November, when two issues, providing for the creation of a non-salaried city recreation commission and a two-tenths mill levy to insure funds for city recreation, appear on the ballot.

Success of the companion bills will bring Columbus out of its current recreational doldrums, which have placed this city far behind others of comparable size in the matter of recreational facilities, it has been pointed out.

The bills were placed before City Council last June by a Citizens' Recreation Committee, which had been formed last year under the chairmanship of A. W. Raymond, manager of the Columbus Auto Club. Mr. Raymond is a former city recreation director.

According to reports and investigations of the Citizens' Recreation Committee, Columbus is woefully lacking in playgrounds, parks, recreation centers, ball fields, public swimming facilities, tennis courts, and the staffs to man them.

Typical statistics submitted by the committee reveal that the city operates 27 playgrounds, where at least 65 are needed; that many of the most needy districts are without playgrounds; that only 16 percent of juvenile delinquents were found to be living where public playgrounds were accessible; that these playgrounds are operated only during the summer months.

Play equipment has also been proved inadequate, while some grounds are without toilet facilities or shelter. Some are even without drinking water.

Columbus has 46 tennis courts—less than half the number a city of this size should have, members of the committee say, adding that the number of baseball and softball diamonds is also only approximately half what the city needs.

Lemon Juice Removes Spots

Most spots may be removed from white table linen with lemon juice. Rub salt quickly over the spots after moistening with lemon juice. Rinse and then wash as usual.

Columbus Has Small Expense For Recreation

Considering the 16 largest cities in Ohio, Columbus, while ranking third in population, according to the 1940 yearbook of the National Recreation Association, is almost at the bottom of the list in per capita expenditures. Only Springfield, of all the cities above 40,000 population, spends less per capita than Columbus.

The proposed two-tenths mill levy sought in the new bill would add approximately two cents of taxes on each $100, bringing the current tax rate of $1.89 on each $100 of assessed evaluation up to $1.91.

The recreation commission suggested would set up a board of representatives from school park, or other public departments which control recreation facilities and provide unified cooperative machinery for the harmonious use of all these facilities.

3,000 Died Last Year From T. B.

A war has been going on in Ohio and the rest of the United States continuously for more than thirty years. "Almost three thousand human beings in Ohio were killed by tuberculosis in Ohio last year," stated Dr. C. A. Neal, president of the Cincinnati Anti-Tuberculosis League, speaking at the Ohio Welfare Conference in Akron last week. This means that someone dies of tuberculosis in our state every three hours. "Tuberculosis has been going on for so many years that it sometimes becomes accepted as one of the necessary evils and it takes a few hard facts to jar people out of a passive attitude toward it," continued Dr. Neal.

While there is no known specific cure for tuberculosis, two million people owe their lives during the past 30 years to the progress made in conquering this disease through accepted treatment and preventive measures. Everyone has a role in the fight. Once each year the tuberculosis and health associations in the 88 counties of Ohio ask for financial support so that the rate of progress will not slow down. The annual Christmas health seal campaign will not open on Nov. 24 this year. Buy Christmas seals and save a life!

1,000 Registered For Evening School

H. M. Appleman, director of Columbus Evening High School, announces that over a thousand adults have registered for night classes at Central High School. Registration will be continued another week.

The alumni of the school sponsored an assembly program Oct. 8 to introduce the leaders of the school to the student body. Mr. Appleman, Vernon J. Zieg, principal of the school; George T. Elliott Jr., president of the alumni, and Dick Seidell, president of student council, will take part in the program. This will be followed by a get-acquainted dance and party for the students and friends of evening school. All are invited.

Town Meetings To Start Oct. 27

The opening of Columbus Town Meeting's fourth season on Monday night, Oct. 27, is being announced by Franz T. Stone, president of the organization.

Admission is free to the meetings which will be held each Monday night at 8:30 in the Central Y. M. C. A. auditorium. There will be a half hour open discussion of the evening's topic—followed by the broadcast, from 9 to 10 o'clock, over radio station WCOL. Radio listeners may telephone questions in to the speakers during the second half of the broadcast period.

Subjects for this season's Columbus Town Meetings have not yet been announced, but the first meetings will deal with questions facing the public in the coming elections. Later discussions will take up further problems of current local interest.

The Spectator By C. C. Hartley

Isn't This Important?

There has been the charge that the Board of Education is a "Sacred Cow" and that people vote for members of the board merely because of a name. One candidate for the board has even stated that his reason for seeking the office is "because it is such nice work."

Personally I have never held the board to be a "sacred cow." Any group of seven people who spend one-third of the county tax money certainly should be carefully selected and not just because they have a "pretty name."

While all the fuss is being made over electing three city councilmen most of the people are sitting back and are barely aware that there are at the same time three members of the school board to be elected.

These three city councilmen will play a part in seeing that we get police and fire protection, that we get some streets repaired, that we pay higher or lower rates for gas, etc. And the three members of the board of education who will be elected will have a part in the policy making of the public schools, the expenditure of your money for teachers and janitors, the erection of and repair of buildings that house your children while they are getting the best kind of an education this board will make it possible for them to get.

Yet today, if a survey were to be made, it is very doubtful if a third of the voters have any intention of going to the polls on Nov. 4, and likely that even those who do couldn't name one or more candidates who are seeking a place on the board of education.

I'm not arguing my own case. True enough I am a candidate for the board of education but day by day as the campaign comes closer to a conclusion I realize the importance of the job I am seeking.

Every day I see all the more reasons why I'm glad I'm a candidate for this position.

Nearly every day there is some questionnaire or inquiry from some group or another asking what my stand would be on this or that. In each instance they are wanting to know how I look upon their problems . . . their's, the adults!

I have yet to find any group or parents' lobby seeking anything for the children!

Maybe I can be elected if I cater to the wishes of all the organizations that want something for themselves. But really, folks, if that's all the job is for I don't want it. As for these special groups I can merely answer that should I be elected as a member of the board I will vote to give them every consideration to which they are entitled.

When I thought of seeking an opportunity to be of service on the board I wasn't thinking of what I could do for a lot of adults on the outside of school. I was thinking in terms of what can I do about "temporary" portable school buildings, old buildings that are fire traps, hazardous traffic conditions that take youngsters' lives, getting the best education possible from the best teachers possible, creating better summer recreational facilities, spending this one-third of the county tax money so that the people who are making it possible will have cause to say it was well spent.

Sincerely that is my idea of what the school board job will be like if I am elected. Personally I don't want any part of it just because it is nice work or you meet a lot of nice people in the job. It can be this, but first it *must have a function of rendering a service to the thousands of children in the Columbus schools.*

What Are You Going To Do About It?

After today there will be but eleven more days before the election. If another battleship is torpedoed and Ohio State wins another football game it appears that there will be hardly enough interest in the election to make it worth while holding one.

And all the time, day after day, we hear repeated remarks of the excessive increases in taxes. More and more spending by the federal government is causing us all to scratch our heads and wonder where it will hit next.

But what are we doing about it? Isn't our first obligation to set a good example at home? To start living within our incomes?

Yet, as the picture now looks, and unless something is done to arouse an inert public the party machines will have their way in the local election on Nov. 4 and we will continue to get the well known example of saying,

(Continued on page 3)

West Vs. South On Monday

By Harold Mers

The South-West game to have been played yesterday afternoon was postponed until Monday afternoon at 3:15 o'clock. Dr. H. H. Reighley made the announcement just before the Record went to press yesterday.

The West High football squad will go to Dayton for next Friday's game, where they will meet the Dayton Roosevelt eleven in a night game. In the first of the current series of games, played at West last year, the Cowboys surprised everyone by steam-rolling the Rooseveltians 32 to 0.

North Jinx Beats Bucks

It'll happen every time! The North Polar Bears just seem to have the voodoo sign on the Cowboys. In the eighteenth game of competition, played last Friday, North stretched their win total to 13 games; West winning four, tying one.

The Polar Bears took advantage of a fumble to set up their first scoring play. On the kick-off, following a successful conversion, Bob Swisher caught the ball, and was tackled after a short runback. Erman Tipton, North captain, swooped down, stole the ball and ran for the second Bear score before either team knew what was happening.

West came back to score on a sustained drive in the second quarter, holding North for no score. Laughlin scored on a line smash.

In the second half, the North "T" formation proved too much for the Bucks, who held the Maroons to one score in the third quarter. Several injuries and substitutions, with a tired team, gave North a decided edge in the last quarter and the Polar Bears rammed across 32 points to give West its worst defeat since 1903.

10th Ward Dems To Hold Rally

Democratic Committeeman Oscar F. Dildine of the tenth ward announces a big rally to be held at Starling Junior High School next Wednesday, Oct. 29, beginning at 7:45 p. m.

Entertainment of a new variety has been promised. The public is invited.

The reception committee includes Mary Swank, Mable Kaiser, Alice Lombard, Catherine Bach, Helen Tritschler, Cecelia Marsch, Margaret Steinhaur, Mary Fox, Lulu Spencer, Lulu Renner, Freda Vogel, Mary Penny, Lenora Sibbalds, Addie Peck, George McCord, Robert Devine, Martin Whelan, Burton Kendrick, A. E. Keifer, Forest Radcliff, Paul Gulick and Hugh McNulty.

Local Teams To Be Honored At Banquet

Members of the Westgate and Glenwood Knot Hole teams will be guests of honor at a dinner to be held Monday night at the Y. W. C. A. All Knotholers are invited to attend the banquet, according to Jim Rhodes, chairman of the event.

The Westgate team was the winner in the senior baseball division in the city-wide playoffs. Glenwood was a winner in the junior division.

Many baseball personalities are expected to be on hand for what is termed the biggest "kid" party in Central Ohio.

Becky Roese Is Try-out Winner

Miss Becky Roese, 204 S. Harris-av, was one of the three picked from the 100 try-outs to make a record which was sent to Major Bowes to get his approval that the applicant may appear on the Oct. 30 amateur hour when the honored city will be Columbus. Miss Roese will not know the winner until a few days before the program.

Snyder Services Were on Monday

Services were held Monday for Charles A. Snyder, 466 S. Harris-av, who died Oct. 16 in Mt. Carmel Hospital. He was an assembler for the Exact Weight Scale Co. and a member of the Hilltop Community Church.

Surviving are his wife, Mrs. Elizabeth; sister, Mrs. Carrie Esterling and two brothers, Emmet and John.

Interment was in Memorial Burial Park by Jerry Spears.

RECEIVES SENTENCE

Eddie Turner, negro, age 31, 228 S. Wheatland-av, was sentenced to a term of 63 to 200 years in the Ohio Penitentiary by Criminal Court Judge Robert P. Duncan last Friday after he pleaded guilty to 10 counts of assault and robbery.

Democrats Will Meet Oct. 30

A meeting of Eleventh Ward Democrats will be held at the V. F. W. Hall, Wayne and Broad, at 8 p. m. Thursday, Oct. 30.

There will be an opportunity to hear the candidates and a special program has been arranged.

The reception committee is made up of Fred Sulzberger, Harley Sapp, Ralph Jacobs, Mrs. Martha Merriman, Grover Amrine, Rev. Raymond Bauschard, Wyatt Millikin, Gene Hays, Mrs. Stella McCarty, Robert Draper, Mrs. Ella Bestwick, William Daubenmire, Mrs. Cleo Jacobs Mrs. Josephine Nowell, Mrs. Jessie Palmer, Robert Reardon, Mrs Jennie Sulzberger and Mrs. Marcella Scott.

It's Twins!

Without a doubt the "strut-tingest" guy on the Hilltop this week was Walter Davis, proud papa of twin daughters born in Mt. Carmel Hospital Wednesday morning. The news burst upon members of the Record staff with more stunning effect than the results of the Southern California-O. S. U. football game causing almost a shutdown in activities for a time.

Mrs. Davis (the former Louella Siniff) is reported doing nicely as are the new daughters but at this writing Walter had still not come back to earth. Passing out cigars right and left he put in his appearance at the office only long enough to receive congratulations. A grin from ear to ear was much in evidence as he tried to tell friends just how wonderful "they" are.

Seven pound, two ounce Linda Lou and five pound 10 ounce Cinda Sue are resting comfortably in the nursery unaware of all the commotion they have caused.

Dr. C. O. Cramer was the attending physician.

Funeral services were conducted from St. Aloysius Church Tuesday morning for Mrs. Catherine Martin, 2574½ Sullivant-av. She had been an active member of the auxiliary to the United Spanish War Veterans. Death occurred Friday in Mt. Carmel Hospital at the age of 64 years.

Wife of the late James I. Martin, she leaves two daughters, Miss Jane Martin and Mrs. Mary Grady; two sons, John J. and James L. Martin; a brother, Neal Eck, and one sister, Mrs. J. T. Walter, of Portsmouth.

They Keep Track of Books

Shown in the above photo are members of the Hilltop Branch Library. Left to right, they are Doris Lee Middleton, 155 Columbian-av; Mildred Phalor, 125 N. Powell-av, the librarian; Mrs. Nannie Currier, 45 Eldon-av, and Mrs. Joseph Hague, 2255 W. Broad-st.

For 13 years the Hilltop branch of the public library has been serving the community. Distributing books is not the only job of a library, however.

"We have many people call who are perplexed about the spelling of a certain word," Miss Mildred Phalor, branch librarian, explained. This is a service of the public library, according to the branch librarian.

Books which have captured prominent places on reading lists all over the country and which are called for quite often at the library are "Berlin Diary" by William L. Shirer, a war correspondent, a book which has been read for three years and is still in demand, "Mein Kampf" by Adolph Hitler, Ernest Hemingway's successful story entitled "For Whom the Bells Toll," and A. J. Cronin, author of such best sellers as "The Citadel" and "Green Light" has another favorite before the reading public, "Keys of the Kingdom."

Books For Children

Marjorie Flack's series of Scotty dog stories which appeal particularly to the younger children are the tales of "Angus." Many of these books may be found in the Hilltop Library. A favorite of the younger set through the years has been the "Winnie the Pooh" stories which are considered almost a child's classic by Miss Phalor. These books are written by Milme.

"So many of the girls of high school age like the career books," said the librarian.

For the boys who like adventure the library has a collection of such stories on the sea for them by Howard Peas.

The very small children find a great deal of enjoyment looking at the crude pictures in the Monroe Leaf books.

Some of the very latest publications and best sellers on the shelves at the library are "This Above All" by Eric Knight, "Random Harvest" by James Hilton, "Mr. and Mrs. Cugat" by Isabel Scott Rorick, "Oliver Wiswell" by Kenneth Roberts, "H. M. Pulham, Esquire" by John P. Marquand, "In This Our Life" by Ellen Glasgow, "Out of the Night" by Jan Valtin, "Blood, Sweat and Sand," by Winston Churchill and "Lanterns on the Levee," by William Alexander.

Boylston's stories of "Sue Barton" are read very much by the junior high school set.

Book Week Will Be Nov. 2

Starting Nov. 2 and continuing through Nov. 8 in step with the libraries all over the country, the Hilltop branch will recognize national book week. Children in the elementary schools are being asked to draw their conception of their favorite book. These drawings will be given to their teachers who will look them over and submit some to the library which will be put on display there. As part of the project for that week the elementary schools will visit the library and become acquainted with the library in general.

On Nov. 8 the Lockett Story League will start the Saturday story hour at the local branch of the public library. These stories will begin at 10 a. m.

At the registration last year there were 4800 patrons who had cards with the library. There were 101,923 books issued last year from the library and 1232 new books were received in that time. Total number of books in the library at the time of the registration was 11,373.

The Hilltop library has the books of the late Lucas Sullivant.

Working in the library regularly are Miss Phalor, 125 N. Powell-

This Is A Calm Fellow Who Is Up In the Air A Lot

Here is a story of a fellow, well known to a lot of Hilltoppers, who although calm in his every endeavor, was really up in the air a lot.

Gifford Markeson, 29, of 1925 Fairmont-av, is now a co-pilot with the United Air Lines and is stationed at Oakland, Calif.

Giff, a graduate of West High, flew to Cleveland last Friday and thence on by air to his new post.

Fourteen years ago he began "fooling around" with airplanes. He was a regular attachment to the Sullivant Avenue Airport and about that time Walter Serrley was flying pleasure passengers from the local port and took quite an interest in Giff. He gave the lad his first instruction.

Later when Giff had accumulated enough hard earned cash he purchased a plane, and took over the management of the Clickinger Field on the South Side. Then this past summer after he had accumulated 1,000 hours of flying time he sold his ship, took further instruction at the Park Flying School in St. Louis and then this past week made the connection he has always wanted.

Gifford Markeson

Here was proof positive that a man with such determination can't be kept down. Now he's really up in the air and earning good money for it. He is the son of C. E. Markeson and the nephew of Mrs. A. F. Brogenhardt.

Hillcrest Ladies Group Remembers Boys In Camp

Knowing that "news from home" is the one thing that will make the day seem right for the boys away from home, a group of women at Hillcrest Baptist Church are supplying that bit of cheer to the draftees from their church.

Headed by Mrs. William McNutt, 755 Racine-av, the women send monthly packages to 13 men who are scattered all over the United States. Included in this package are weekly copies of the Hilltop Record, "The Secret Place," a book of daily devotions; weekly copies of the Sunday School papers; weekly copies of the church bulletin; the church paper, and a personal letter.

Not included with the reading matter, but perhaps just as readily welcomed by the selectees is a monthly box of cookies. It is hoped that the personal letters will be answered and these answers will be read at church services.

The soldiers to whom this monthly contribution is sent are Herbert Harrison, Fort Knox, Ky.; Leroy N. Ludwig, Camp Willis, Tex.; Charles A. Keller, Pensacola, Fla.; Robert D. Wilhelm, Saratoga, Calif.; George Van Dyke, Rounte, Ill.; Willis E. Ballard, Camp Roberts, Calif.; Robert C. Freshman, Camp Lee, Va.; Will L. Cunningham, Hatticsburg, Miss.; Charles B. Hawkins, Camp Lee, Va.; Jack Kirkpatrick, Miss.; and P. Amos Geninick, Camp Wolters, Tex.

Not included in the soldier list, but recipients of the "home town news" are Hampton Cruise, Pan-American Airways, Midway Islands, and Midshipman James C. Camp, Annapolis, Md.

This project is the work of the student council of the Hillcrest Women's Missionary Society, but the church itself is also helping make the plan a success. Those helping Mrs. McNutt are Mrs. John Aston, 593 S. Harris-av; Mrs. John Raugh, 468 S. Burgess-av, and Mrs. E. G. Nieder, 137 S. Westgate-av. Rev. George MacDonald is the pastor of the church.

Heart Attack Is Fatal For Auto Salesman

A heart attack was fatal Sunday afternoon to Norman Mack, 44, 129 Powhatan-av, for several years a salesman for the Rodenfels Chevrolet Co. Death occurred while he was visiting at the home of James Moore in Delaware.

Mr. Mack was born in Columbus and had lived on the Hilltop most of his life. He was a member of Franklin Post, American Legion. He served during the World War as a member of the 145th Field Artillery.

Surviving are his wife, Mrs. Mildred Lynch Mack; two sons, William and Robert, and a daughter, Marilyn Mack; his mother, Mrs. Katherine Mack, two brothers, Carl and Louis Mack, and a sister, Mrs. Lillian Weber.

Funeral services were held from Spears Chapel Wednesday at 2:30 p. m. Burial was in Memorial Burial Park.

Alum Creek Conference To Open Today

The Alum Creek quarterly meeting will take place at the Sullivant Ave. Friends Church starting today and lasting through Sunday.

At 2 p. m. today business of the ministry and oversight will be taken up. At 10 o'clock Saturday morning there will be a meeting for worship. At 1:30 a business session; 10 a. m., Sunday, worship; 2 p. m., Perry Hadden will be the speaker; the concluding service will be on Sunday evening at 7:30.

On Monday evening revival services will start at the church, according to J. W. Crumrine, pastor of the church.

Money Earmarked For Fire House

A long felt need for a second fire house for the Hilltop seemed a step nearer realization this week as $100,000 was earmarked by City Council for construction of three new fire houses for the city.

City officials were reluctant to state any time when the new building would get under way but it is thought that work will start as soon as a location can be obtained. The vicinity of Hague and Sullivant avenues is being considered as the logical location to best serve the rapidly growing section west and southwest.

Continued growth west of Hague-av has placed a constantly increasing load on present fire fighting facilities. The distance involved in making a run to the southwest extremity of the Hilltop would necessitate several minutes to complete under the existing conditions.

Former National Honor Students Tell Whereabouts

Miss Blanche Kern, vice-principal of West High School, has received several interesting letters recently from members of the Otto H. Magly Chapter of the National Honor Society. She is interested in hearing from all who were elected to the National Honor Society to find out what they have been doing since graduation from West and what they are doing at present.

The Otto Magly Chapter is now beginning its eleventh year. The first group of 16 members were installed in the spring of 1930. Of that group Charles Boye and Lyman Brownfield made Phi Beta Kappa in college work. In the second group Kennath Clark received a degree of Doctor of Philosophy. He is at present an instructor in the department of psychology in the University of Minnesota. In the same group is Paul Langdon, an examiner of the budget for the Railroad Retirement Board in Hyattsville, Md.

In the third group Norman Broadway, Margaret Michel and Dorothy Seiller were Phi Beta Kappa students. Four others were graduated "Summa Cum Laude." They were Margaret Fletcher, Dorothy Jones, Rachel Richards and Silas Sharp.

There are now 500 members of the society and information from each of them is welcomed by Miss Kern.

Light Is Needed At Eureka

Need of a traffic light at Eureka and Sullivant-avs was demonstrated again Wednesday night when a man giving his name as Dent was struck by a car while attempting to cross the street. He was not seriously injured, police report.

A traffic survey of the corner was conducted by the city traffic department this past Friday, according to Robert Guthrie of that department. He stated Thursday that the information was being compiled and a recommendation would follow. Other spots on Sullivant-av have been surveyed recently.

Three weeks ago two persons were injured at this same corner while attempting to cross the street.

Late this past summer an elderly gentleman was killed at this corner.

Henry Koontz, proprietor of Koontz Drug Store, stated this week that there have been numerous requests for a light at this corner.

The Hilltop Business Men's Association recently asked the traffic department to make the necessary surveys and try to place lights where they are needed in Sullivant-av.

Dear Friend Carlton and All:

Well at long last I have found time and energy to knock out a few lines of chatter along in your direction and sincerely hope that the delay in corresponding is not held too hard upon my record. I just realized that I have been in these parts two months today and have been away from the beloved Hilltop for approximately 10 weeks now, and believe me I sure miss good old Columbus town and the Hilltop especially. I will now give you a little bit about my trip out here and what I have been doing since I have been here if you don't mind. I left Treasure Island and the Pan-American Airways around Aug. 9, though on the huge Boeing Clipper and arrived in Honolulu, Hawaii, approximately 14 hours later. I stayed at the Moana Hotel on beautiful Waikiki Beach for three days and then embarked on the Anzec Clipper for here. I arrived here in Midway on Saturday, Aug. 15, and have been here since. My duties here consist of plane guards with the flying clippers, and communications by short wave between San Francisco and Manila in the Philippines. The work is very interesting and absorbing and it gives me a great deal of pleasure.

The island is about two miles long and approximately three-quarters of a mile wide. It is a naval and marine base and heavily armed for any persons harboring any nefarious plans in their hearts about this little dot of land in the middle of the Pacific. We have numerous ferry flights through here for the Dutch East Indies and the service as far as communications and hotel accomodations is concerned is rendered by Pan-American.

We have a most beautiful white sand beach here and the ocean provides excellent swimming as well as marvelous fishing (W. Davis please note). There are some few million birds on the island, they are varieties of terns and frigate birds. The weather is fine and just lately has been getting along the windy and rainy lines. The island is more or less of the tropical variety, but it is considerably farther north than Hawaii, so we therefore have weather similar to that of upper Southern California.

Our living quarters out here are very nice, showers, radios, picture shows, ping pong and tennis courts. We have all our meals at the hotel.

I am going to be out here until February and then I am going back to Honolulu for the period of 18 months. I received a copy of The Hilltop Record today by boat and have devoured each and every article in it, and believe me, I really enjoyed it.

I am feeling fine and getting a bit on the portly side from such good food and plenty of rest, nothing to do but just be good and while away one's time at sports and such.

I hope this letter finds you and yours in good health and that opportunity is still banging her knuckles bare on your front door. I would appreciate very much to hear from you in the near future, and anyone that would like to write me is most welcome and I promise I will answer any such letters.

Well for now I had better be signing off here, I have to be on watch in a few minutes and I shall not take more of your time at the present. Again I say my best regards to all and will be thinking of you all. I remain sincerely your friend,

Hampton Cruise.

Editor
Hilltop Record
City
Mr. Editor:

It may be of interest to your readers to know that two graduates of our own West High are now serving their country in the regular army, having enlisted in it for a regular army enlistment of three years.

Corp. Raymond R. Hartman enlisted in Co. D, 10th Infantry of the Fifth Division, and at the present time is on his way to some outlying island possessions of this nation, but hasn't been heard from for over one full month's time, since embarking from New York.

Corp. Robert L. Hartman enlisted in the Headquarters Co. of the 11th Infantry of the Fifth Division and has just finished his part in the war games in the South and has returned to his base camp at Fort Custer, Mich.

Both of these men took part in the Tennessee war games and earned their corporal stripes at that time. They both took map drafting at West and owe their promotions to the fine schooling they received in it at West.

It was but natural that these young men enlisted, as family tradition shows that for generations their forefathers and relatives have taken a part in the foreign and domestic wars of this nation.

They pride themselves on the fact that such men as the Streets and Wheelers of Civil War fame were related to them, as their great-grandmother was Nancy Jane Street, a close relative of the Wheelers, while on the other grandmother's side was James Neer, another vet of that war. On their mother's side, her grandfather, Lewis I. Mitchell, served in the same war.

Their father, R. M. Hartman was a sergeant in the late war and served in France and U. S. for some two years' time. They come of a race of men who believe in this nation and back up their convictions with actions; we are justly proud of them, as is their foster parent, the Westway Post of the Veterans of Foreign Wars of America.

THE OLD SARGE.

Seeks Re-election

W. Herbert Dailey

His record in the interests of the public in the 10 years he has been a member of city council justify his return to that body, is the claim of W. Herbert Dailey who is seeking re-election on Nov. 4.

This record includes his constant fight for conservation, his fight against stream pollution, his constant fight for better sewage disposal methods.

He cites he was instrumental in bringing about the erection of the North Broadway Bridge and the Front Street improvement to eliminate a jog in South Front-st which will be started in the near future.

He has consistently opposed sewer rental and claims the by-products of the sewage disposal plant would provide enough revenue to operate the plant.

He has stood for better recreation facilities, is endorsed by labor and one of the later programs he is interested in is to build dams in the Scioto river to provide fishing and recreation facilities.

RETURNS HOME

Ray Haughn Jr., son of Mr. and Mrs. R. E. Haughn Sr. of 389 S. Harris-av, returned home Saturday after a year's absence because of illness. Ray is a West High School graduate where he was active in music and dramatics.

Firm Compliments Rhodes For His Reports

Financial reports of City Auditor James A. Rhodes, a candidate for re-election Nov. 4 to the office he now holds, are termed a "comprehensive and intelligent recording of finances" by Dun & Bradstreet, Inc., New York mercantile agency.

This is one of several fact-finding agencies to compliment Rhodes' reports, which have included quarterly summaries on municipal finances, citing revenue collected and expenditures made.

An excerpt from the Dun & Bradstreet letter of praise follows:

"Few municipalities in Ohio prepare and publish an annual financial report other than that required by state law. Columbus is to be complimented for being among the few.

Mrs. Stein Candidate For Board Education

Mrs. Elizabeth Stein is a candidate for one of the seats on the Columbus Board of Education in the election to be held Nov. 4. She is a vice-president of the Ohio Congress of Parents and Teachers, director of the department of Public Welfare and chairman of legislation.

For many years Mrs. Stein has been active in child welfare work. Before her marriage she was a teacher in the public schools of Barnesville, Ohio, and attended Ohio Wesleyan University. She served as president of two local parent-teacher associations; was president from 1937 to 1939 of the Columbus and Franklin County Council of Parent-Teacher Associations and is now fourth vice-president of the Ohio Congress of Parents and Teachers.

Mr. and Mrs. Stein have two sons and reside at 1026 Reinhard-av.

An Old Teacher Writes of Student

Editor's Note: The following article appearing in a recent edition of East Side News was written by Bernice M. Strader. It will be of particular interest to older readers of the Hilltop Record because the author was formerly a teacher on the staff of Highland Avenue School at the time Miss Daisy Charters was principal. Mrs. Lemley is a former Hilltopper now residing on the East Side.

By Bernice M. Strader

Well, here it is the second week of school and all the teachers and pupils have been exchanging greetings and many a smile has lingered through the day, casting sunshine into every corner of hundreds of schoolrooms in dear old Columbus.

Once I was a teacher and into my schoolroom tripped many dear children; it was ever my greatest delight to watch them year by year as I patiently and happily led them onward and upward on the Road of Education. I always carried in my heart a vision beyond the day and waited until one by one they have grown up.

As I pass along "The Sunset Trail" I often meet them and we renew those lovely friendships started in their childhood days when their bright faces looked up at me and their eyes shone like stars. Through the years they have been my closest friends and it has been a deep and lasting joy to keep in touch with as many as I could.

Now, I suppose you readers are asking why I am writing all this. One of my former pupils is today a successful business woman and should you chance to drop into her office at the Ace-Hi Employment Service, what do you think you would see? She sits at her desk interviewing applicants for positions of all kinds and seeks to find work for young and old.

As a child she was always serious-minded, faithful, industrious and ambitious. She carried with her a sweet winning smile which has brought her many friends. Her deep interest in all who knew her has grown and ripened, and it is a marvelous thing to watch her. Lo, there sits beside her in the office her old teacher, listening and learning the ways of employment service; the tables are turned and the pupil is teaching, while the old teacher learns.

Well, after all I have said, I see that I have not mentioned the name of this pupil whom I have watched as she grew up. Her name is Mrs. D. Chellis Lemley and she is owner and operator of the Ace-Hi Employment Service. No person is prouder of her than her old teacher who knows that success is earned by hard, faithful work.

Now, West Side folks, give her a call if you need real service. By the way, she is the publisher of The East Side News and I feel sure you too wish her success in this also.

My wish for her through the coming years is that the best will always come her way and each year will find her still climbing upward, tasting the joy that springs from labor.

Arvin Alexander

City finances constitute the main interest of Councilman Arvin Alexander in the city governing body.

Alexander, who is seeking re-election to council, is advocating he should be returned because he has made a thorough study of the city financial program and that increased city taxes are not justified at this time in view of the increased burden of federal taxes.

In a meeting this past week in this community he stated, "Some of the Republican leaders are passing the word around that there is no issue in this campaign. Let me tell you there is an issue. That issue is in your pocketbooks, in the form of increased taxes. If the mayor gets a Republican council he will ask for some form of nuisance taxes."

Alexander is the youngest man in council, having been appointed in 1939.

He is a graduate in law from Ohio State University and father of a boy four and a half years old. He is a member of St. Paul's Episcopal Church and a trustee of the St. Paul Neighborhood House, is a member of the Ohio State Bar Association, Barristers Club and the Columbus Bar Association.

Alexander is chairman of the council finance committee and the airport committee and a member of the service committee.

TAX INCREASES
? ? ? ? ? ? ? ? ? ? ?

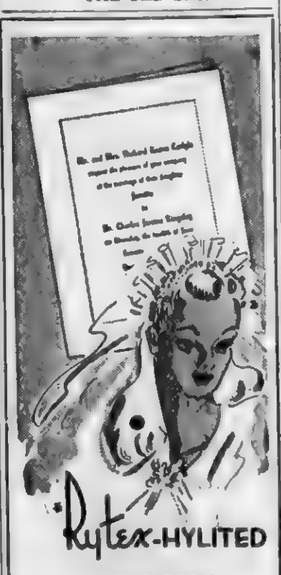
Mayor Green wants a Republican Council so that new tax measures can be rushed through to make more money available for spending!

The issue of this campaign is TAXES.

Everyone is tightening his belt to meet the many new tax requirements for National Defense. The new federal income tax will hit us all.

That's why this is no time for tax increases in Columbus.

The city hall record shows Green will spend all we will give him and more.



His recently introduced city income tax bill has been killed by the Democrats in Council. He has introduced other nuisance taxes.

You will pay those taxes if Green gets a rubber stamp Council.

Your only security is to get out and vote for

If You Like Horses Join the Calvary Is Pvt. Bercaw's Advice

"A horse gets tired just as a human so we must give him a little consideration. We do it by trotting and walking him when there is a long, distance to cover in one ride," was Private James Bercaw's recipe for keeping a horse in shape while on war "games."

"We ride the horses at the average of five miles per hour so they won't tire too quickly," said Private Bercaw.

During the eight weeks of maneuvers held in Louisiana recently the horses were on the move all the time and covered an area of 1000 miles in this period of time.

When the cavalry stops for the night or a rest period and a sudden move is possible the horses are left with their saddles on. A command for immediate evacuation of a certain camping spot comes through a line of men, each relaying his message on, according to rank. Last to get the order is the corporal.

"I like to ride very much and I think the horse is a very interesting animal. It's an animal which cannot help itself and requires a lot of attention," Bercaw said in answer to a question why he chose the cavalry branch of the service.

Advantages of the cavalry, according to Bercaw, are to delay action and give the foot troops time to move on or to scout around on the edge of a settlement.

"At all times our horses come first," said the equestrian.

In the event a man's horse is injured in action and the man is forced to leave the troop another soldier is asked to fall out to help."

Little fighting is involved in the duties of the cavalry.

On Dec. 27 of last year Bercaw enlisted in the 107th cavalry and on March 5 of this year the outfit was inducted in the army.

Prior to his enlistment, he had not ridden a horse, but that's the way Uncle Sam prefers his men because he likes to teach them his way.

For two months after the cavalry went to Camp Forrest, Tenn., it was necessary to do all their drilling bareback as the saddles did not arrive until later.

Tuesday evening Bercaw entertained all the men in the cavalry who came home with him, accompanied by their girl friends, at his mother's home, 78 S. Richardson-av.

Among his activities at home the riding soldier is president of the Chevalier Degree of the De Molay.

His ten day leave being up, Bercaw returned to Camp Forrest today from which place he expects to go out on more maneuvers in South Carolina.

Bercaw is the son of Mrs. Chas. Bercaw and the late Mr. Bercaw of the Richardson-av address.

NO DAYS ARE DARK AND DREARY

Every one speaks of the weather,
Just to make conversation.
We speak of war, the price of leather
And foreign immigration.
It's wrong to seriously complain
If the sky looks dark above
There's many things we can't explain,
But we know that God is love.

Give thanks for what we possess,
The sun is not far away.
We have good cause for happiness
Though much weeping every day.
It's ridiculous to be repining
And I have come to this decision
The sun I'm sure is always shining,
It depends upon our vision.

Of the $42,000,000 promised you by the present City Attorney one week before election in 1937? This case is still pending 4 years after it was filed.

Do you know that the present City Attorney has perpetuated himself in office since 1910 by such sheer political use of the gas litigation?

It is June in January."

Chet Henery, a Hilltopper, makes the above statement in regard to fresh frozen meats, fruits and vegetables. Chet recently opened a cold storage locker plant northwest of the Hilltop on the Scioto-Darby-rd. Here individuals may rent lockers refrigerated at zero temperature to store their own fresh fruits, meats, poultry and vegetables. The plant also sells home dressed meats at wholesale prices to its patrons. Many Hilltop people have already taken advantage of this new service and it is claimed that savings of from 25 to 35 percent can be made as well as having top quality at all times.

Chet issues a cordial invitation to everyone to come out and visit his new plant and investigate this new method of food preservation.

The plant will be open Wednesday and Saturday evenings until 9 o'clock.

X Ralph G. Garner
For CITY AUDITOR

Mr. Garner should need no introduction to the tax-paying public of Franklin County and Columbus. He was associated with late Arthur J. Thatcher, one of the most outstanding auditors of his day, for twenty years as deputy Franklin County Auditor, having served in all branches of that office and being acquainted with every detail of its management.

Mr. Garner, a candidate for City Auditor at the November 4 election, feels that a public office is a public trust and the privileges accorded him by the tax-paying voters of this county should not be abused by any office holder. He has always been of this opinion as evidenced by his long tenure in politics and intends to waver not one bit from this contention should he be placed in the City Auditor's office.

Now the Chief Deputy Sheriff of Franklin County, Ohio, having held this estimable position for the past five years, Ralph Garner has been constantly at the service of the public and has acquitted himself nobly at this task as evidenced by his many well-wishers. He is married, has one son, Ralph Jr., and lives at 1422 E. Hudson Street.

Hallowe'en Brings Added Hazard of Fire, Department Official Says

By Lt. John Jordan

The approach of Hallowe'en brings to mind the gay parties and their bright, colorful costumes. At many of the parties you will find that the hostess has added to the gayety of the occasion by putting up attractive decorations.

In most cases both the costumes and the decorations are made of flimsy fast burning material that spreads fire rapidly. Yet slow burning costumes and decorations can be purchased at most costume shops or they can be made fire-resistant at home with very little expense.

Hallowe'en fires, like most other fires, are the result of carelessness. During the height of the festivities a lighted cigarette or match is carelessly knocked or thrown into the decorations which immediately takes fire and quickly spreads to all parts of the decorated downstairs. In the excitement costumes catch fire and in a few minutes what started out to be a gay party can suddenly be changed to disaster.

Candles come in for their share of blame for Hallowe'en fires. The candles used in paper imitation pumpkins are placed in windows or hung with the decorations to create an eerie atmosphere. The pumpkins often catch fire from the candles and ignite the curtains and decorations with the usual results. The Fire Prevention Bureau suggests that in order to avoid this danger, small electric lights be used instead of candles. Hallowe'en fires are sometimes caused, too, by draping decorations over light bulbs. Decorations should be hung several inches away from lights or other heat producing units.

The safest practice, of course, is to rinse the costumes and decorations in the fire-proofing solution recommended by the fire department. The solution is made by mixing one and one-fourth pounds of boric acid and one and one-half pounds of borax with three gallons of water. The solution will not harm the material and cannot be noticed after it becomes dry.

The ingredients are inexpensive and may be mixed in smaller amounts, but the same proportion of materials should be used.

Gas Question To Be Discussed By Town Meeting

Franklinton Grads Plan Homecoming

Franklinton School, the first school in Central Ohio, will observe it's annual homecoming on Friday, Nov. 7, at which time all former students of the school are invited to join in the celebration.

Harry Kelley is president of the organization and Mrs. Lilley Ihni Shapter is secretary and treasurer. Publicity is being handled by Mrs. Bertha Donley Griffith.

The reception committee is made up of Miss Francis Walsh, principal at Franklinton, and Miss Garnet Casey. Mrs. Della Hartley is chairman of the refreshment committee.

Miss Mable Lilley, a former sixth grade teacher at Franklinton, has checked into the history of the school and found many interesting stories relative to the educational and political life of the town of Franklinton.

On May 20, 1785, the national government provided that one thirty-sixth of every township in the western territory be set aside for schools. This was further confirmed in the ordinance of 1787. For a time all schools west of the Scioto river were supported by the Virginia Military Fund.

Sullivant Built School

Lucas Sullivant, founder of the town of Franklinton, took advantage of the government's offer and built the first log school—15 feet square. The building was on Scott-st just east of Sandusky-st, then known as Washington-st.

Sullivant did the hiring of most of the teachers. An article from the "Freeman Chronicle" read, "A schoolmaster wanted . . . A person possessing a good moral character and the necessary qualifications for a teacher of a school of young scholars. Will meet with person on application. Lucas Sullivant."

Some of the earliest teachers included Miss Sarah Reed, Miss Mary Wail, Mr. Pele Sisson, Mr. William Lusk. All took a great interest in the social and religious affairs of the community.

In 1826 Franklinton township was divided into five districts. The second and third made up the town of Franklinton, having 273 householders and 405 children in the village.

The old courthouse once stood where Franklinton School now stands and served as a school. There are persons still living who have attended classes in the old courthouse.

In 1872 the Columbus Board of Education acquired the property for $1890. A four room building was erected on the site of the courthouse and four rooms were added later with the north building of eight rooms being built in 1909.

Was Relief Station

During the 1913 flood the building was used as a central relief station, the teachers joining in with the Red Cross to carry out the relief work.

Mr. Reed Crain, father of Miss Marcella Crain, a present teacher at West High school, and Miss Ella Waterman were teachers at the old court house.

Old principals of the school who are still living include Miss McCoy, Miss Pfeifer, Miss Margaret Koerner, Mr. Clemens, Vance Smith and the present principal, Miss Frances Walsh.

Just a few of the former pupils at the Franklinton School include Neth Jones, Harry Fleming, Fred Bennet and Harry Andrews of Columbus, August Chilicote of Cleveland, Dr. Carl Boyhs, a Toledo physician, and Fred Keller, head of a boys' school in Africa.

The old bell that rang in the courthouse tower, summoning hundreds of boys and girls to school, is now on display in the Sunshine Shelter House just a few blocks from its old post. The bell was cast in Philadelphia and hauled across the mountains by a wagon freighter to Franklinton.

The Campaign Comes To An End

Those of us who have been campaigning will be ready to relax after this evening and take it easy while we await the verdict of the voters on Tuesday.

At this writing it appears that a one time predicted vote of about 40,000 may be upped to about 60,000 due to a little more interest being shown toward some of the candidates and the increased interest in the gas rate question.

A 60,000 vote is not representative of any active interest on the part of the people of Columbus. It is hoped that this figure will be materially increased.

This is my first time ever to campaign and while it has been fatiguing it has yet been most interesting. From the beginning I have maintained that one can write or talk advisedly only on subjects he knows. If I accomplish nothing more I feel I will have at least learned a lot about the ways and means of candidates getting elected.

But I am hopeful that my efforts will bring about the opportunity I have been seeking to serve as a member of the Board of Education.

I sincerely believe the Hilltop and West Side need continued representation on the board and I further believe my interest in everything that has been good for this community qualifies me to represent these people.

If elected I pledge my heartiest support to a program of progressive education with the interests of the children always coming first.

In the matter of assisting in the direction of the expenditure of the one-third of your county tax money I believe my business experience will be most helpful.

Should there be controversial matters facing the board I believe all parties concerned should have their equal opportunity to present their views and as a member of the board I would merely abide by my best judgment and, like the umpire of a ball game, "call 'em as I see 'em".

I have sincerely appreciated all the fine cooperation extended by many, many friends, and trust that should I be elected, they as well as the public in general can always sincerely say I am doing a most satisfactory job.

If you have confidence in this type of representation on your school board I will greatly appreciate having your vote and those of your friends all over the city.

* * *

What Is Intelligent Voting?

Just how well prepared are you to vote intelligently next Tuesday? Do you know the candidates? Do you know their qualifications? Or will you be voting merely for a name?

To vote is a patriotic duty. To vote intelligently is even more important.

If there are three to be elected, which is true in the case of the city council and school board, do you vote for three regardless of whether you know anything about them or not? Or do you vote for one man because you firmly believe in him and then cast two more votes for a name?

I believe intelligent voting depends on a knowledge of the candidate or some good reason for voting for him. Your vote is much more productive if you vote only for those candidates you feel are competent to serve you.

They had one boy and four girls of whom three girls are still living. They are Mrs. Francis Kuhn, Hilliards; Mrs. Ruth Distlehorst, of the home, and Mrs. Emma Cline, Galloway. There are four grandchildren.

They have resided at their present address since 1900, having moved there from Madison county where they had lived since two years after their marriage.

STUDENTS TO MEET

The annual Journalism Association of Ohio Schools will be held Nov. 7 to 8 with headquarters in the Deshler-Wallick Hotel.

Vote For Better Recreation

Columbus' strange lethargy regarding its boys and girls is a sickness which has managed to shoot this city to the foot of the class from the standpoint of recreational facilities.

While the 15 largest cities in the state, excluding Columbus—which ranks third—have gone ahead with intensive recreational programs, this city has quietly chosen to remain at the bottom of the heap, tossing its head at glaring statistics which are sufficient to give it a permanent red face.

Attempting to buck this impasse, residents of the Hilltop may collaborate with other Columbus citizens when they go to the polls next Tuesday by marking a big "X" before two sister bills.

The first provides for a two-tenths mill levy to insure funds for city recreation. The second calls for the creation of a non-salaried City Recreation Commission to administer operation of the playgrounds and other recreational facilities which would spring from success of the two-tenths mill levy.

The levy, incidentally, adds only two cents of taxes on each $100, raising the current tax rate of $1.89 on each $100 to $1.91.

In return, Columbus buys a place for its youth to play, to breath, to laugh. Columbus, in short, by endorsing the two bills, buys its boys and girls a slice of permanent sunshine.

Statistics show that the city operates 27 playgrounds, needs 65; that many of the most needy districts are without playgrounds; that only 18 percent of juvenile delinquents were found to be living where public playgrounds are accessible; that these playgrounds are operated only during summer months; that play equipment, as well as staffs, are grossly inadequate.

It has also been shown that, of 1,002 children killed or injured by automobiles in the past five years, the largest numbers occurred after school hours in the spring and fall when the playgrounds were closed.

Although these are only a few of the manifold shortcomings of Columbus' recreational program, they are sufficient to indicate that something must be done.

Voters of the Hilltop may help do it!

They may go along with the double recreational bills which will appear on the ballot next Tuesday.

Republicans To Meet Tonight

An eleventh Ward Republican organization meeting will be held at West Broad Street School at 8 o'clock this evening. Candidates have been invited. The meeting is open to the public, according to George Sinclair, committeeman.

James N. Linton will be the main speaker and entertainment will be furnished by Fred Washburn and Fred Hawks. Mayor Floyd Green and County Chairman William Schneider will be present.

Miss Limotta Is Queen of Homecoming

West High's homecoming queen who will reign over the Aquinas-West game on Nov. 14, will be Carmelita Limotta, 105 S. Skidmore-st. Her attendants will be Ann Patrick, 633 S. Harris-av; Eileen Watts, 47 N. Burgess-av; Marilyn Myers, 142 S. Westmoor-av; and Melda Porter, 86 Haldy-av.

They were announced by the school officials yesterday morning.

Finley Services Were On Tuesday

Services were held Tuesday at the Spears Funeral Home for Mrs. Cora Mae Finley, age 68, 253 Whitethorne-av, who died Saturday at her home after a long illness. She was a member of Westwood Pythian Sisters, Columbus auxiliary 18, Spanish American War Veterans, Rickly chapter, OES, WCTU and Hoge Memorial Presbyterian Church.

Surviving are two daughters, Mrs. Mary C. Death, at home, and Miss Charlene C. Finley of Westerville; one son, James, 142 Clarendon-av; one sister, Mrs. James M. Deane, Detroit, Mich.; and one granddaughter, Mrs. John Galluccia, at home.

Bryan Services Were Wednesday

Mrs. Minerva Catherine Bryan, 32 S. Oakley-av, died Sunday night at the age of 69. She is survived by her husband, William Henry; son, Charles Karst of 60 N. Terrace-st; two sisters, Mrs. Cora Keller of 838 Campbell-av, and Mrs. Emma McCarthy of 32 S. Oakley-av. Funeral services were held Wednesday. Interment was in Memorial Park by Floyd Born.

Hartley Gets Endorsements

Revealing support from Hilltop school, business and professional leaders, C. Carlton Hartley's campaign for a seat on the Columbus Board of Education drew to a close this week-end.

Backed By Principals

All Hilltop school principals, along with numerous other community leaders, indicated their support of Hartley with a signed statement this week.

The indorsement read: "C. Carlton Hartley, publisher of the Hilltop Record, is a candidate for the Columbus Board of Education. We the undersigned know of his fine work over a period of time in promoting the welfare of the community.

"He has been an inspiration to and a booster for, numerous projects of the business men, churches and schools. He has contributed space in his paper and much personal time in forwarding community events that make the Hilltop one of the best places to live.

"We wish to recommend him to the voters as one of the best men we know to represent them on the Board of Education."

The following Hilltop school principals signed the statement: Dr. H. H. Reighley, West Senior High; Vance M. Smith, West Junior High; Edgar W. House, Starling Junior High; E. B. Graham, John Burroughs; Matilda L. Stuart, West Broad; Helen C. Kennedy, Highland Avenue.

Robert M. Draper, Hilltop attorney and president of the present Board, also was included in the indorsement. Mr. Hartley was recently indorsed by the West High Alumni Association.

Other Support

Other support indicated by the statement included local business men, leaders of Camp Chase Post 98, American Legion, and professional men of the community.

Vandals Destroy Park Property

The work of vandals is causing no end of trouble at Westgate Park, according to George Johnson, caretaker of the park.

"I come to the park in the morning and find expensive light bulbs stolen, tables from the shelter house thrown in the lake and similar mischief," he said.

Police have been notified to be on the lookout for those doing the work. If anyone is caught destroying city property they are subject to a fine of $35 and a workhouse sentence of 30 days, Johnson stated.

When the park property is better taken care of by the public there is more likelihood that improvements will follow. Just now new outdoor furnaces are being constructed for general use of the public.

Hilltop Prepares To Vote Next Tuesday

Interest in Tuesday's election may not be as great as usual but candidates seeking the various posts have not allowed any grass to grow under their feet in their efforts to "get out the vote." Working on the theory that most votes are won over the week-end preceding balloting time, virtually all office seekers were out "beating the bush" early and late in an attempt to build up enthusiasm that will bring voters to the polls.

Only two Hilltopper's names will appear on the ballot. They are Harry L. Hopwood, 2970 Parkside-dr, attorney, and C. Carlton Hartley, 124 S. Brinker-av, publisher of the Hilltop Record, both seeking a place on the Board of Education.

Lacking in any major issue the election is not expected to bring out more than 40,000 to 45,000 votes. Based on the 22,000 who marked their ballots at the primary election, political observers are not predicting more than double that number in Tuesday's voting.

Considerable interest has been shown in the proposed charter amendment asking for the creation of a recreation commission apart from the city recreation department and the passage of a two-tenths mill levy for operation of the commission.

The vote for or against the approval of the 56.22 gas rate is expected to get considerable attention in view of the recent rulings against the gas company by the utilities commission.

A sixty-five hundredths of a mill levy is being sought for the support of the County Tubercular Hospital.

With three places to be filled in city council the Republicans are offering incumbent Joseph R. Jones, Robert McClure and Frank Kearns. The Democrats are offering incumbents Arvin J. Alexander and W. Herbert Dailey. Charles Harcourt, self-styled "people's candidate," is also a Democrat but is without the party blessing.

John L. Davies, city attorney for the past 11 years, seeks re-election on the Republican ballot, using the recent decision handed down on the gas rate as his campaign material. Vigorously opposing him with Democratic support is Ralph G. Smith with the charge that $2,000,000 of the gas consumers' money has been impounded since 1933.

Rhodes Seeks Re-election

James A. Rhodes, present city auditor, is conducting an active campaign for re-election, claiming a more thorough administration of that office during the past term without increased cost. He is a Republican. Opposing him is Ralph Garner, chief deputy in the sheriff's office, as the Democratic choice.

Standing on his record as a judge in the municipal court is Judge Lytle G. Zuber, seeking re-election on the nonpartisan ballot. His opponent is Judge Gale R. King, one time holder of an unexpired term in that court.

Robert Shaw and John M. Baker oppose each other for the short term judgeship on the same ballot.

In the nonpartisan school board race eight candidates will vie for the three posts to be filled. Others on the ticket include Florence Denton, an attorney, Elizabeth Stein, a housewife, Dr. Ruth St. John, incumbent, Dwight Swisher, attorney, Carl Wirthwein, incumbent, and Al Dorbert, insurance man.

Precinct E of the Eleventh Ward has moved to the west entrance of St. Mary Magdalene Church, corner Parkside-rd and Guernsey-av.

Bruised Bucks Meet Strong Dayton 11

Harold Mers

It will be a bruised and battered Cowboy eleven who trek to Dayton this afternoon to engage a strong Dayton Roosevelt eleven on the Kiser gridiron in a game scheduled to begin at 3:45 p. m.

From the very start of the season, Coach George Williams and his West Cowboys have found themselves the victims of the Fifth Horseman of teams with small reserve strength—Injury.

In each game in which the Bucks have participated this season, one less varsity member was able to play due to injuries. Since the opener with Newark, backs, Davies, Blackwell, Beynon, Williams and Byerly—one more than a complete backfield—have been lost for the rest of the season. Guards Wisdom and Wright are also on the hospitalization list and will see no more action this year. Five of the above were starters in the Newark game.

In addition to the above who are out of the picture entirely, Householder, Blackwell and Bates are unable to go at full speed as the result of hurts in previous games. Murnane will be missing at center for the remainder of the season due to ineligibility.

In this week's practices, the entire varsity squad numbered but 17 men!

All in all, things look pretty dark for the Bucks, who meet two of the league's toughest outfits, Central and Aquinas, at Magly Field in the next two weeks.

Bulldogs Win Over Bucks

In another muddy game, the South Bulldogs slipped to a 13-0 win over the Cowboys at West Monday afternoon.

Both teams racked up five first downs, but the South eleven managed to block two West punts which resulted in the scoring of both of the Bulldogs' touchdowns.

Three-Alarm Fire Sweeps Lumber Yard

All available fire-fighting equipment in the city was called into action Wednesday night to combat a three-alarm fire that swept through the yards of the H. H. Giesy Brothers Lumber Co., 780 W. Gay-st, destroying an estimated 3,000,000 board feet of hardwood lumber.

Flames shooting 100 feet in the air attracted hundreds of spectators as 14 pump companies poured tons of water on the spectacular blaze. T. Don Bates, manager, said the loss would run in the vicinity of $150,000.

Four warehouses containing mahogany, maple and birch woods were destroyed. Firemen continued to pump water onto the ruins Thursday forenoon.

William Mawhirter, 53 Hartford-av, is yard foreman for the company. The alarm was turned in by three children.

Gilliland To Direct Chorus

Mr. Gilliland

Dale V. Gilliland, professor of music at Ohio State University, will direct the Hilltop Male Chorus in a public concert to be presented at Central High School auditorium Dec. 3 with Dan Harris, baritone, a member of the Metropolitan Opera, as guest soloist.

This will mark the first concert for the local singers this season and the first appearance of Mr. Harris in a Columbus recital. Officials of the organization are predicting a good ticket sale for the affair because of Harris' popularity in central Ohio.

He is a son of the late Dr. J. H. Harris, former pastor of Hilltonia United Brethren Church. He has sung in his father's church many times as well as other Columbus churches. Last winter he appeared in a recital at Westerville on the campus of Otterbein College, his alma mater.

Professor Gilliland is in his third year as director of the chorus. Under his direction last year the same group won second place in the statewide Eisteddfod held at Memorial Hall. His mixed chorus, composed of male chorus members, combined with a newly organized ladies' chorus, won first place in the same competition.

Tickets may be purchased from any member of the Hilltop Chorus.

11th Ward G.O.P. To Meet Nov. 6

The Eleventh Ward GOP Club will meet Thursday, Nov. 6, for its regular monthly meeting at the K. of P Hall, Burgess-av and Broad-st, at 8 p. m.

There will be a regular business meeting which will be followed by a half-hour quiz program for which prizes will be awarded.

Death Takes Hanna Ong, Pioneer Hilltop Resident

Mrs. Hanna Bigelow Ong, 2900 Crescent-dr, died in St. Francis Hospital Sunday from complications resulting from a fractured hip suffered in a fall at her home two weeks ago. Mrs. Ong was a pioneer of the Hilltop. She was 82.

She was the daughter of Timothy Bigelow who owned the Four Mile Inn, which was opposite Camp Chase at Hague-av and W. Broad-st, during the Civil War days. At this period of history she lived in the hostelry where it was a common sight for her to see soldiers coming and going. Mrs. Ong lived there 30 years. The building was razed in 1913.

Her husband, the late Delbert Ong, was a prominent Columbus real estate operator, having developed several of the early plats on the Hilltop.

Surviving are five nephews and two nieces, including Merrill Bigelow, Dr. Leslie L. Bigelow, Henry E. Binns and Emmett Binns of Columbus, Walter Binns, Mrs. William Johnston and Mrs. Harry Hurtzhalz.

Rev. Joseph Shellhaas, pastor of Glenwood Methodist Church, of which Mrs. Ong was a member, conducted the funeral services Tuesday at the Floyd Born Funeral Home.

Franklinton Grads Plan Homecoming

Franklinton School, the first school in Central Ohio, will observe it's annual homecoming on Friday, Nov. 7, at which time all former students of the school are invited to join in the celebration.

Harry Kelley is president of the organization and Mrs. Lilley Ihni Shapter is secretary and treasurer. Publicity is being handled by Mrs. Bertha Donley Griffith.

The reception committee is made up of Miss Francis Walsh, principal at Franklinton, and Miss Garnet Casey. Mrs. Della Hartley is chairman of the refreshment committee.

Miss Mable Lilley, a former sixth grade teacher at Franklinton, has checked into the history of the school and found many interesting stories relative to the educational and political life of the town of Franklinton.

On May 20, 1785, the national government provided that one thirty-sixth of every township in the western territory be set aside for schools. This was further confirmed in the ordinance of 1787. For a time all schools west of the Scioto river were supported by the Virginia Military Fund.

Sullivant Built School

Lucas Sullivant, founder of the town of Franklinton, took advantage of the government's offer and built the first log school—15 feet square. The building was on Scott-st just east of Sandusky-st, then known as Washington-st.

Sullivant did the hiring of most of the teachers. An article from the "Freeman Chronicle" read, "A schoolmaster wanted . . . A person possessing a good moral character and the necessary qualifications for a teacher of a school of young scholars. Will meet with person on application. Lucas Sullivant."

Some of the earliest teachers included Miss Sarah Reed, Miss Mary Wait, Mr. Pele Sisson, Mr. William Lusk. All took a great interest in the social and religious affairs of the community.

In 1826 Franklinton township was divided into five districts. The second and third made up the town of Franklinton, having 273 householders and 405 children in the village.

The old courthouse once stood where Franklinton School now stands and served as a school. There are persons still living who have attended classes in the old courthouse.

In 1872 the Columbus Board of Education acquired the property for $1890. A four room building was erected on the site of the courthouse and four rooms were added later with the north building of eight rooms being built in 1900.

Was Relief Station

During the 1913 flood the building was used as a central relief station, the teachers joining in with the Red Cross to carry out the relief work.

Mr. Reed Crain, father of Miss Marcella Crain, a present teacher at West High school, and Miss Ella Waterman were teachers at the old court house.

Old principals of the school who are still living include Miss McCoy, Miss Pfeifer, Miss Margaret Koerner, Mr. Clemens, Vance Smith and the present principal, Miss Frances Walsh.

Just a few of the former pupils at the Franklinton School include Neth Jones, Harry Fleming, Fred Bennet and Harry Andrews of Columbus, August Chilicote of Cleveland, Dr. Carl Boyhs, a Toledo physician, and Fred Keller, head of a boys' school in Africa.

The old bell that rang in the courthouse tower, summoning hundreds of boys and girls to school, is now on display in the Sunshine Shelter House just a few blocks from its old post. The bell was cast in Philadelphia and hauled across the mountains by a wagon freighter to Franklinton.

The Campaign Comes To An End

Those of us who have been campaigning will be ready to relax after this evening and take it easy while we await the verdict of the voters on Tuesday.

At this writing it appears that a one time predicted vote of about 40,000 may be upped to about 60,000 due to a little more interest being shown toward some of the candidates and the increased interest in the gas rate question.

A 60,000 vote is not representative of any active interest on the part of the people of Columbus. It is hoped that this figure will be materially increased.

This is my first time ever to campaign and while it has been fatiguing it has yet been most interesting. From the beginning I have maintained that one can write or talk advisedly only on subjects he knows. If I accomplish nothing more I feel I will have at least learned a lot about the ways and means of candidates getting elected.

But I am hopeful that my efforts will bring about the opportunity I have been seeking to serve as a member of the Board of Education.

I sincerely believe the Hilltop and West Side need continued representation on the board and I further believe my interest in everything that has been good for this community qualifies me to represent these people.

If elected I pledge my heartiest support to a program of progressive education with the interests of the children always coming first.

In the matter of assisting in the direction of the expenditure of the one-third of your county tax money I believe my business experience will be most helpful.

Should there be controversial matters facing the board I believe all parties concerned should have their equal opportunity to present their views and as a member of the board I would merely abide by my best judgment and, like the umpire of a ball game, "call 'em as I see 'em".

I have sincerely appreciated all the fine cooperation extended by many, many friends, and trust that should I be elected, they as well as the public in general can always sincerely say I am doing a most satisfactory job.

If you have confidence in this type of representation on your school board I will greatly appreciate having your vote and those of your friends all over the city.

What Is Intelligent Voting?

Just how well prepared are you to vote intelligently next Tuesday? Do you know the candidates? Do you know their qualifications? Or will you be voting merely for a name?

To vote is a patriotic duty. To vote intelligently is even more important.

If there are three to be elected, which is true in the case of the city council and school board, do you vote for three regardless of whether you know anything about them or not? Or do you vote for one man because you firmly believe in him and then cast two more votes for a name?

I believe intelligent voting depends on a knowledge of the candidate or some good reason for voting for him. Your vote is much more productive if you vote only for those candidates you feel are competent to serve you.

Finley Services Were On Tuesday

Services were held Tuesday at the Spears Funeral Home for Mrs. Cora Mae Finley, age 68, 253 Whitethorne-av, who died Saturday at her home after a long illness. She was a member of Westwood Pythian Sisters, Columbus auxiliary 16, Spanish American War Veterans, Rickly chapter, OES, WCTU and Hoge Memorial Presbyterian Church.

Surviving are two daughters, Mrs. Mary C. Death, at home, and Miss Charlene C. Finley of Westerville; one son, James, 142 Clarendon-av; one sister, Mrs. James M. Deane, Detroit, Mich.; and one granddaughter, Mrs. John Galluccia, at home.

Bryan Services Were Wednesday

Mrs. Minerva Catherine Bryan, 32 S. Oakley-av, died Sunday night at the age of 69. She is survived by her husband, William Henry; son, Charles Karst of 60 N. Terrace-st; two sisters, Mrs. Cora Keller of 828 Campbell-av, and Mrs. Emma McCarthy of 32 S. Oakley-av. Funeral services were held Wednesday. Interment was in Memorial Park by Floyd Born.

Vote For Better Recreation

Columbus' strange lethargy regarding its boys and girls is a sickness which has mastered to shoot this city to the foot of the class from the standpoint of recreational facilities.

While the 15 largest cities in the state, excluding Columbus—which ranks third—have gone ahead with intensive recreational programs, this city has quietly chosen to remain at the bottom of the heap, tossing its head at glaring statistics which are sufficient to give it a permanent red face.

Attempting to buck this impasse, residents of the Hilltop may collaborate with other Columbus citizens when they go to the polls next Tuesday by marking a big "X" before two sister bills.

The first provides for a two-tenths mill levy to insure funds for city recreation. The second calls for the creation of a non-salaried City Recreation Commission to administer operation of the playgrounds and other recreational facilities which would spring from the process of the two-tenths mill levy.

The levy, incidentally, adds only two cents of taxes on each $100, raising the current tax rate of $1.89 on each $100 to $1.91.

In return, Columbus buys a place for its youth to play, to breath, to laugh. Columbus, in short, by endorsing the two bills, buys its boys and girls a slice of permanent sunshine.

Statistics show that the city operates 27 playgrounds, needs 65; that many of the most needy districts are without playgrounds; that only 18 percent of juvenile delinquents were found to be living where public playgrounds are accessible; that these playgrounds are operated only during summer months; that play equipment, as well as staffs, are grossly inadequate.

It has also been shown that, of 1,002 children killed or injured by automobiles in the past five years, the largest numbers occurred after school hours in the spring and fall when the playgrounds were closed.

Although these are only a few of the manifold shortcomings of Columbus' recreational program, they are sufficient to indicate that something must be done.

Voters of the Hilltop may help do it!

They may go along with the double recreational bills which will appear on the ballot next Tuesday.

James N. Linton will be the main speaker and entertainment will be furnished by Fred Washburn and Fred Hawks. Mayor Floyd Green and County Chairman William Schneider will be present.

Miss Limotta Is Queen of Homecoming

West High's homecoming queen who will reign over the Aquinas-West game on Nov. 14, will be Carmelita Limotta, 105 S. Skidmore-st. Her attendants will be Ann Patrick, 633 S. Harris-av; Eileen Watts, 47 N. Burgess-av; Marilyn Myers, 142 S. Westmoor-av; and Melda Porter, 98 Haldy-av.

They were announced by the school officials yesterday morning.

Hartley Gets Endorsements

Revealing support from Hilltop school, business and professional leaders, C. Carlton Hartley's campaign for a seat on the Columbus Board of Education drew to a close this week-end.

Backed By Principals

All Hilltop school principals, along with numerous other community leaders, indicated their support of Hartley with a signed statement this week.

The indorsement read: "C. Carlton Hartley, publisher of the Hilltop Record, is a candidate for the Columbus Board of Education. We the undersigned know of his fine work over a period of time in promoting the welfare of the community.

"He has been an inspiration to and a booster for, numerous projects of the business men, churches and schools. He has contributed space in his paper and much personal time in forwarding community events that make the Hilltop one of the best places to live.

"We wish to recommend him to the voters as one of the best men we know to represent them on the Board of Education."

The following Hilltop school principals signed the statement: Dr. H. H. Reighley, West Senior High; Vance M. Smith, West Junior High; Edgar W. House, Starling Junior High; E. B. Graham, John Burroughs; Matilda L. Stuart, West Broad; Helen C. Kennedy, Highland Avenue.

Robert M. Draper, Hilltop attorney and president of the present Board, also was included in the indorsement. Mr. Hartley was recently indorsed by the West High Alumni Association.

Other Support

Other support indicated by the statement included local business men, leaders of Camp Chase Post 98, American Legion, and professional men of the community.

Vandals Destroy Park Property

The work of vandals is causing no end of trouble at Westgate Park, according to George Johnson, caretaker of the park.

"I come to the park in the morning and find expensive light bulbs stolen, tables from the shelter house thrown in the lake and similar mischief," he said.

Police have been notified to be on the lookout for those doing the work. If anyone is caught destroying city property they are subject to a fine of $35 and a workhouse sentence of 30 days, Johnson stated.

When the park property is better taken care of by the public there is more likelihood that improvements will follow. Just now new outdoor furnaces are being constructed for general use of the public.

Hilltop Prepares To Vote Next Tuesday

Interest in Tuesday's election may not be as great as usual but candidates seeking the various posts have not allowed any grass to grow under their feet in their efforts to "get out the vote." Working on the theory that most votes are won over the week-end preceding balloting time, virtually all office seekers were out "beating the bush" early and late in an attempt to build up enthusiasm that will bring voters to the polls.

Only two Hilltopper's names will appear on the ballot. They are Harry L. Hopwood, 2970 Parkside-dr, attorney, and C. Carlton Hartley, 134 S. Bricker-av, publisher of the Hilltop Record, both seeking a place on the Board of Education.

Lacking in any major issue the election is not expected to bring out more than 40,000 to 45,000 votes. Based on the 22,000 who marked their ballots at the primary election, political observers are not predicting more than double that number in Tuesday's voting.

Considerable interest has been shown in the proposed charter amendment asking for the creation of a recreation commission apart from the city recreation department and the passage of a two-tenths mill levy for operation of the commission.

The vote for or against the approval of the 56.22 gas rate is expected to get considerable attention in view of the recent rulings against the gas company by the utilities commission.

A sixty-five hundredths of a mill levy is being sought for the support of the County Tubercular Hospital.

With three places to be filled in city council the Republicans are offering incumbent Joseph R. Jones, Robert McClure and Frank Kearns. The Democrats are offering incumbents Arvin J. Alexander and W. Herbert Dailey. Charles Harcourt, self-styled "people's candidate," is also a Democrat but is without the party blessing.

John L. Davies, city attorney for the past 11 years, seeks re-election on the Republican ballot, using the recent decision handed down on the gas rate as his campaign material. Vigorously opposing him with Democratic support is Ralph G. Smith with the charge that $2,000,000 of the gas consumers' money has been impounded since 1933.

Rhodes Seeks Re-election

James A. Rhodes, present city auditor, is conducting an active campaign for re-election, claiming a more thorough administration of that office during the past term without increased cost. He is a Republican. Opposing him is Ralph Garner, chief deputy in the sheriff's office, as the Democratic choice.

Standing on his record as a judge in the municipal court is Judge Lytle G. Zuber, seeking re-election on the nonpartisan ballot. His opponent is Judge Gale R. King, one time holder of an unexpired term in that court.

Robert Shaw and John H. Baker oppose each other for the short term judgeship on the same ballot.

In the nonpartisan school board race eight candidates will vie for the three posts to be filled. Others on the ticket include Florence Denton, an attorney, Elizabeth Stein, a housewife, Dr. Ruth St. John, incumbent, Dwight Swisher, attorney, Carl Wirthwein, incumbent, and Al Dorbert, insurance man.

Bruised Bucks Meet Strong Dayton 11

Harold Marr

It will be a bruised and battered Cowboy eleven who trek to Dayton this afternoon to engage a strong Dayton Roosevelt eleven on the Kiser gridiron in a game scheduled to begin at 3:45 p. m.

From the very start of the season, Coach George Williams and his West Cowboys have found themselves the victims of the Fifth Horseman of teams with small reserve strength—Injury.

In each game in which the Bucks have participated this season, one less varsity member was able to play due to injuries. Since the opener with Newark, backs, Davies, Blackwell, Beynon, Williams and Byerly—one more than a complete backfield—have been lost for the rest of the season Guards Wisdom and Wright are also on the hospitalization list and will see no more action this year Five of the above were starters in the Newark game.

In addition to the above who are out of the picture entirely, Householder, Blackwell and Bates are unable to go at full speed as the result of hurts in previous games. Murnane will be missing at center for the remainder of the season due to ineligibility.

In this week's practices, the entire varsity squad numbered but 17 men!

All in all, things look pretty dark for the Bucks, who meet two of the league's toughest outfits, Central and Aquinas, at Mogly Field in the next two weeks.

Bulldogs Win Over Bucks

In another muddy game, the South Bulldogs slipped to a 13-0 win over the Cowboys at West Monday afternoon.

Both teams racked up five first downs, but the South eleven managed to block two West punts which resulted in the scoring of both of the Bulldogs' touchdowns.

Three-Alarm Fire Sweeps Lumber Yard

All available fire-fighting equipment in the city was called into action Wednesday night to combat a three-alarm fire that swept through the yards of the H. H. Giesy Brothers Lumber Co., 780 W. Gay-st, destroying an estimated 3,000,000 board feet of hardwood lumber.

Flames shooting 100 feet in the air attracted hundreds of spectators as 14 pump companies poured tons of water on the spectacular blaze. T. Don Bates, manager, said the loss would run in the vicinity of $150,000.

Four warehouses containing mahogany, maple and birch woods were destroyed. Firemen continued to pump water onto the ruins Thursday forenoon.

William Mawhirter, 53 Hartford-av, is yard foreman for the company. The alarm was turned in by three children.

Gilliland To Direct Chorus

Mr. Gilliland

Dale V. Gilliland, professor of music at Ohio State University, will direct the Hilltop Male Chorus in a public concert to be presented at Central High School auditorium Dec. 3 with Dan Harris, baritone, a member of the Metropolitan Opera, as guest soloist.

This will mark the first concert for the local singers this season and the first appearance of Mr. Harris in a Columbus recital. Officials of the organization are predicting a good ticket sale for the affair because of Harris' popularity in central Ohio.

He is a son of the late Dr. J. H. Harris, former pastor of Hilltonia United Brethren Church. He has sung in his father's church many times as well as other Columbus churches. Last winter he appeared in a recital at Westerville on the campus of Otterbein College, his alma mater.

Professor Gilliland is in his third year as director of the chorus. Under his direction last year the same group won second place in the statewide Eisteddfod held at Memorial Hall. His mixed chorus, composed of male chorus members, combined with a newly organized ladies' chorus, won first place in the same competition.

Tickets may be purchased from any member of the Hilltop Chorus.

Death Takes Hanna Ong, Pioneer Hilltop Resident

Mrs. Hanna Bigelow Ong, 2900 Crescent-dr, died in St. Francis Hospital Sunday from complications resulting from a fractured hip suffered in a fall at her home two weeks ago. Mrs. Ong was a pioneer of the Hilltop. She was [redacted]

Library Will Have Book Week

This year, celebrating book week, the children of the public schools have been invited to make an illustration representing their favorite book. Some of these posters will be on display at the Hilltop Branch Library, 21 N. Hague-av, during book week, Nov. 2-8. The Campfire Girls, under the leadership of Mrs. Harry Emrich, will also have an exhibit at the library. In accord with the theme of book week, "Forward With Books," this exhibit will be a replica of an old-fashioned school room; emphasizing the type of books used then.

There will be many new books which will be displayed on the tables of the library but which may not be issued until after book week so that everyone may have an opportunity to see them.

Many classes will visit the library during the week and parents and friends are invited to see the displays. Library hours are 1:00 p. m. to 9:00 p. m., Monday through Friday, and 9:00 a. m. to 9:00 p. m. on Saturdays.

On Saturday, Nov. 8, the first of a series of story hours will be given at 10 o'clock. Members of the Lockett Story League are telling the stories. The series will last six weeks.

X | RALPH G. GARNER

For CITY AUDITOR

Mr. Garner should need no introduction to the tax-paying public of Franklin County and Columbus. He was associated with the late Arthur J. Thatcher, one of the most outstanding auditors of his day, for twenty years as deputy Franklin County Auditor, having served in all branches of that office and being acquainted with every detail of its management.

Mr. Garner, a candidate for City Auditor at the November 4 election, feels that "A public office is a public trust" and the privileges accorded him by the tax-paying voters of this country should not be abused by any office holder. He has always been of this opinion as evidenced by his long tenure in politics and intends to waver not one bit from this contention should he be placed in the City Auditor's office.

Now the Chief Deputy Sheriff of Franklin County, Ohio, having held this estimable position for the past five years, Ralph Garner has been constantly at the service of the public and has acquitted himself nobly at this task as evidenced by his many well-wishers. He is married, has one son, Ralph Jr., and lives at 1422 E. Hudson Street.

Taxes Are Issue Of Councilmen

The two Democratic candidates for city council this week were concluding their campaign for re-election with a plea that the public should cast their votes for Dailey and Alexander to insure protection against increased city taxes and the addition of nuisance taxes.

"With the public facing the highest taxes they have ever paid this is no time for additional taxes in the city. We should live within our incomes. A Republican council will abide by the wishes of the mayor and inflict these taxes on you," was the statement of Arvin Alexander.

Herbert Dailey claims he should be returned to council because of his 10 years' experience in the position and his acquaintance with the operation of the city's business. He claims he has been active in the fight against stream pollution, and has constantly sought a more economical operation of the sewage disposal plant.

Carl Wirthwein, a member of the school board for the past four years, is a candidate for re-election. He was born in Columbus and has been a resident of this city all his life. He is a graduate of South High School and Ohio State University.

He taught in the high schools of Columbus for 15 years. As a property owner and tax payer he claims to have kept in mind the interests of both the school children and the taxpayers who support the schools.

Lytle G. Zuber

Lytle G. Zuber, now serving as Judge on the Municipal Court, and candidate for the long term to succeed himself at the election next Tuesday, has had splendid training as an attorney, with unusual opportunity for experience on the staff of the Attorney-General of Ohio. In the recent poll of members of the bar practicing in Columbus, conducted by the Bar Association, Judge Zuber was given an overwhelming preferential vote as a candidate for the bench, and has been endorsed by the Columbus Bar Association.

A member of the board of the Council of Social Agencies of Columbus and Franklin County, Judge Zuber has given much time and energy to the civic and social agencies of the community. He has served on the board of the Family and Children's Bureau, the Big Brother Association, and is now a member of the Columbus Urban League. He has been president of the YMCA Men's Camp, chairman of the Boys' Camp fund of the Juvenile Court, chairman of the legal division of the Community Fund, and division chairman for the Red Cross drive.

Judge Zuber is 41 years of age, was born in Cincinnati, where he graduated from Franklin School, later receiving degrees at Williams College and at Harvard. After experience in the Attorney General's office, he has been in the private practice of law in Columbus since 1933. He is a member of St. Paul's Episcopal Church, and with his wife and daughter, Lucy, aged 8, lives at 158 South 18th Street.

No New Taxes Says McClure

Another business man is needed on city council, is the claim of Robert T. McClure, prominent East Side automobile dealer, who is seeking a place in city council at the election on Nov. 4.

He was educated in the Columbus schools and served as assistant city clerk for 10 years, starting in 1905. He was later in the real estate business and still holds a broker's license.

He is actively associated with the McClure-Nesbitt Motor Co., 1505 E. Main-st, and is a member of the Neil Avenue U. P. Church.

McClure stated he would support no income or nuisance taxes if elected to council.

Gale R. King Seeks Judgeship

Gale R. King, solicitor for the village of Valleyview and former chancellor commander of the Westwood Lodge, Knights of Pythias, is again a candidate for judge.

King is well known and has many friends on the West Side, and was associated in the practice of law with the late Domas B. Ulrey, a prominent West Sider. The term he seeks is the position vacated by Judge Joseph M. Clifford, who was elected to the common pleas bench of Franklin County last fall.

Mr. King, in a statement this week, said:

"To the electorate of Columbus I offer more than 10 years of training for the position to which I aspire, the devotion of my term of office to the duties of that court and to the rendition of prompt and fair-minded justice.

"Our city has a reputation as a peaceful city in which to live. One of the conditions which make it so is the faithfulness and integrity of our local courts.

"The courts interpret the law, and see that it is not applied unjustly against any individual, and I regard it as a sacred privilege to guard the innocently accused from persecution.

"In these troublesome times more than ever before, I feel that it is my duty to zealously guard the rights of all peoples, so that my court may contribute its full share to the preservation of the democracy which we know and love."

King was elected to the judgeship in 1939 by a majority of over 7800 and filled the unexpired term of the late Judge Harold L. Kime.

Mr. Hopwood is a native of Columbus and was graduated from the law college of Ohio State University in 1927. At the university, he was a member of Sphinx—won as a consequence of his activity in campus politics.

Smith Claims Gas Decision Is White Rabbit

Ralph G. Smith, who is seeking election to the office of City Attorney, stated this week that the recent decision handed down by the utilities commission in connection with the gas rate litigation does not state that the consumers will receive a refund of a definite amount of $400,000 nor does the commission get a lower rate than that now in effect for natural gas.

Said Smith, "In 1939 it was a refund of $2,000,000 of impounded money. Today it is still pending. In 1937 it was a $42,000,000 civil suit. Today it is still pending. In 1941 it's 52c gas and a $500,000 refund. This latest white rabbit is handed down on the eve of an election by two appointees of a former special counsel of the present city attorney."

Smith is the present City Public Defender. He holds two degrees from Ohio State University and is active in numerous civic groups.

Dr. Ruth St. John Cites Health Survey

Standing firmly on the health problem of Columbus school children, supporters of Dr. Ruth St. John for re-election to the Columbus school board are citing her work as chairman of the committee which brought to the front certain unfavorable statistics concerning the health of Columbus children.

Dr. St. John's supporters have presented an imposing list of itemized physical defects inflicting Columbus students which naturally result in great loss of money. On the strength of the survey she made, plus her record as an intelligent and active member of the school board, Dr. St. John is being supported for re-election to the school board.

Ralph Garner Is Sheriff's Deputy

The candidacy of Ralph G. Garner for the office of City Auditor is based first on his qualifications to fill that office. Mr. Garner points to his record of 15 years' experience in the office of County Auditor. As a deputy county auditor, under the late Arthur J. Thatcher, his duties were comparable to those of the office to which he aspires.

Mr. Garner, who at the present time is serving as Chief Deputy Sheriff under Jacob F. Sandusky, has lived his entire life in the north side. He is married and has a son who is engaged in business on the north side.

Mr. Garner belongs to a number of social and fraternal organizations and is a member of the Presbyterian Church. The family resides at 1432 E. Hudson-st.

Sandusky Bottleneck To Be Eliminated

The Sandusky-st "bottleneck", recognized by traffic surveys as one of the city's most difficult problems, is expected to be eliminated in the near future, according to local officials. Work on the $1,500,000 project is scheduled to start Mar. 1, 1942, "providing there are no unforeseen developments" to retard present plans.

Of vital interest to the West Side, the Hilltop, Grandview, Upper Arlington and a large portion of Clintonville residents using Olentangy-blvd, the improvement will be a welcome asset to the city in general. The West Side Board of Trade and the Hilltop Business Men's Association have worked for several years trying to interest city and county officials in the importance of this project.

New Bridge Planned

Plans as now outlined involve a long time series of improvements which include a new bridge across the Scioto River, relocating the railroad tracks of the New York Central, extension of McKinley-av, installation of a "clover leaf" traffic design to make possible a free flow of traffic from the northwest section of the city into the Spring-st bridge, and an underpass at McKinley-av and Sandusky-st.

Many obstacles have retarded the progress of the program. In the first place it was necessary to get a common understanding among railroad officials, city, county and state officials, as well as the federal government. Several plans were suggested as a course of procedure, some of which were impracticable from an engineering standpoint. Workers in the county engineer's office have had plans under advisement for several months but it has been only within the last few weeks that the present plans have been agreed upon.

Hearing Scheduled

Within the next few days the county commissioners are expected to pass a resolution indicating their "intention to proceed" with the project. The engineer's office will then start securing the land for relocating the tracks to a point immediately north and adjacent to the Pennsylvania tracks.

Shortly afterwards (the law provides between 30 and 90 days) the commissioners must hold an open hearing, at which time the plans are revealed to the public and complaints involving the land the county must secure to move the tracks will be aired.

It has been reported that State Highway Director Hal G. Sours has included a new clover leaf intersection at Spring and Sandusky streets in the 1942 road building program. It is also reported that Director Sours has agreed to aid in financing the new Sandusky-st bridge.

Subdivision On Hague-av Is Available

A new subdivision has just been laid out on N. Hague-av, in the 1500 block, one mile west of the Scioto Country Club, by Harry Holton, of the real estate firm of Heed and Holton, who laid out Broadview, Hillcrest and Hillcrest Park now completely built upon.

A plat of the subdivision is shown in another part of this paper. The lots are all 100 feet in width, mostly 250 feet in depth, some more. Three streets run across the property, each way, making all lots easy to approach.

Along the run which extends from north to south across the property a park consisting of about 10 acres has been laid out with a street on each side. It now has old growing trees and more will be planted.

Streets have been given an Indian name and many arrow heads and flint chips may be found in the grounds.

A large spring formerly flowed in this park from which a great many of the adjoining farms in the early days were supplied with water. An effort will be made to re-open this spring.

Deeds for the lots will carry a building restriction of $5,000 and $4,000, also provide a proper set back from the street line. Gas and electricity is now available in Hague-av.

Just west of and adjoining the subdivision, 54 acres is available for small farms in five to 10 acres or in entirety.

Butte Services Were on Sunday

Services were held Sunday for Cecil O. Butte, 49, 2905 Olive-st, who died Friday in Mt. Carmel Hospital of heart disease after an illness of 18 months.

He was a native of Johnstown and had lived several years in McKeesport, Pa., where he was affiliated with the Masonic Lodge. He was a member of the Hilltop Lutheran Church.

Surviving are his wife, Mrs. Hazel Butte; a daughter, Mrs. Udell Penwell; a son, Charles David Butte, and a grandson, all of Columbus; and two sisters, Mrs. Edna Riley, Columbus, and Mrs. Edward Heifler, Newark.

Wylie S. Shroyer was in charge of the services.

Hilltop Lutheran Mortgage Burned

The mortgage of the Hilltop Lutheran Church was burned Sunday, climaxing the twenty-fifth anniversary celebration of that church. Dr. George W. Miley, recently-elected president of the Snyod of Ohio, United Lutheran Church, was the speaker. Assisting Rev. Carveth Pearn Mitchell, in the mortgage-burning ceremony, were the members of the present church council and William Weisert, a past council member.

Hilltop Lutheran Church was founded in 1916 and the present building was dedicated in 1920.

OUR DANGER IS WITHIN OUR BORDER

Using steel, straight, bent and twisted
Preparing for serious trouble
Over eighty million tons are listed
That amount we soon could double.
I have no fears from a foreign nation
Our danger abides within;
Unlimited taxation, causing stagnation
Unreasonable discipline.
Strikes too numerous to mention
Millions everywhere in despair.
Perhaps all have an honest intention
But something is wrong somewhere.
Precedent and law we carelessly ignore
Trouble will come from within
If we're going to prevent a civil war
Now is the time to begin.
Business is stagnant, everywhere unrest
Suspicion, chaos and disorder
Financiers everywhere afraid to invest.
Our danger is within our border.

Conservation Bill Is Flayed By Isaak Walton President

"Public waters will be completely saddled if the Conservation Authorities Bill of 1941, H. R. 5549, recently introduced by Representative Rankin of Mississippi, is enacted into law. This bill proposes the establishment of eight regional corporate authorities, patterned after the Tennessee Valley and the proposed Arkansas Valley Authorities, to take possession of our public waters, manage them and saddle them with high dam upon high dam. Under its provisions a farmer could not even build a bridge across his creek or the urban riparian owner could not build a building or dock alongside a stream without first securing a permit to do so. Otherwise they would be violating the law." Such were some of the charges made against that bill today by John Murray Dalton, 188 Dakota-av, president of Columbus chapter of the Isaak Walton League of America.

Mr. Dalton continued: "Under this bill the authorities could take possession, by condemnation, of every river, creek and brook and land adjacent thereto. The stated purpose is to conserve our resources and prevent floods; erect high dams for production of hydro-power; to retain waters in times of floods; for irrigation and drainage of lands and to divert, pipe and sell such water for various purposes. Nowhere in the bill is there any recognition whatever of the public values in water or provision for protecting them against exploitation for special utilitarian uses as outlined in the bill. On the contrary, true public rights in water would cease to exist.

Dalton concluded with the following plea: "Let's keep hands off our waters until all present real public values are given full consideration, except in restoration to correct man's heedless mistakes of the past. Let's work with nature, not against her. Our rivers are now burdened with many monuments to man's selfishness such as high dams, diversions, wide fluctuations in flow, drainage and pollution. The real public need is a stop light rather than a go sign on such blind construction."

The following members reside west of the river: F. P. Brown, 64 N. Powell-av; Dr. C. H. Lose, 2657 W. Broad-st; Guy Hathaway, 188 Dakota-av; and J. Murray Dalton, 188 Dakota-av.

Do I Scare You?

I'm one of 90,000 who belong to a city within a city. There are 90,000 of us under 21 years of age who live in Columbus. WE CAN'T VOTE, but YOU CAN and WE NEED YOUR HELP.

Here's Why Your Help Is Needed

1. The city operates only 27 playgrounds. At least 65 are needed.
2. Only16 percent of the juvenile delinquents are found to be living where playgrounds are accessible.
3. The playgrounds are operated only during Summer months. 1,002 children were killed or injured by automobiles in the last five years. The largest numbers of accidents occurred after school hours in the Spring and Fall when the playgrounds are closed.
4. Persons placed in charge of playgrounds are grossly under paid and are consequently to a great extent immature, inexperienced and in general poorly qualified.
5. Play equipment is inadequate and in a bad state of disrepair.
6. Many grounds are without toilet facilities and shelters, and some without drinking water.
8. The program and facilities for small children are most inadequate.
7. The number of baseball, softball diamonds only approximate half of what the city should have.
9. There is only one public swimming pool and that is not in good repair. Sixty drownings occurred in the last 10 years due to swimming in unprotected river and gravel pit swimming holes.
10. Columbus stands at the bottom of a list of 18 cities of similar size in the United States in the per capita expenditure for public recreation. It stands next to the bottom in a list of 15 of the largest Ohio cities.

Vote "Yes" on the Recreation Charter Amendment
Vote "For" the Two-Tenths of a Mill Levy

1. Vote "YES" on CHARTER AMENDMENT which establishes a recreation commission of five citizens who serve without compensation (Takes recreation out of politics. Costs nothing.)
2. Vote "For" TWO-TENTHS OF A MILL LEVY for recreation. This means that the recreation commission will have funds to operate playgrounds and play centers—$75,000 a year. (If you own property valued on the tax duplicate at $5,000, this 2/10 of a mill would cost you less than one dollar a year.)

Citizens Committee on Public Recreation

In 1933 it was a refund of $2,000,000 of impounded money. Today it is still impounded.

In 1941 it's 53c gas and a $500,000 refund. This latest white rabbit was handed down on the eve of election by two appointees of a former special counsel of the present City Attorney.

Board of Trade Has Active Program

The West Side Board of Trade regularly carries on a program of civic improvement that rivals the work of any similar group in the city, according to board officials.

One of the current improvements, expected to start in a few months, the Sandusky-st project—is one idea that has been fostered by the group back as far as five years ago. Present plans for elimination of the "bottleneck" were presented and received the approval of the West Side Board of Trade.

Closely linked with the Sandusky-st project is that of adequate flood protection for the West Side. Dating back as far as the 1913 flood this has been a major problem in the minds of most West Side residents.

At present a movement is under way to try to effect a Wednesday afternoon closing of all stores. The program would be used through summer months. Last year the board was instrumental in getting the United Business Men's Association started. This group is composed of representatives of all the community civic organizations and has carried out an active program since it was instituted.

Joseph Linville, 83 S. Eureka-av, is president of the board. John G. Thomas, 546 Woodbury-av, is first vice-president; John Endres, 209 S. Terrace-st, is second vice-president; R. J. Eyerman, 26 S. Huron-av, is treasurer; and Harry Mock, 986 W. Broad-st, is secretary.

The board of directors includes W. J. Brust, Stanley Smith, G. A. Bryant, Henry Mone, William C. Hardman, William Moler, Harold Cramer, J. A. Ridgeway, A. S. Weiland, Lowell Shroyer, William Zenker and Terry Snyder. The directors meet on the third Tuesday of each month. Regular meetings of the entire group are held on the first Tuesday of each month at 527½ W. Broad-st. Every other meeting, however, is a luncheon held at some restaurant.

94-Year-Old Resident Dies

Services for George Thomas Kreemer, 247 S. Gift-st, were conducted Friday from the Evangelical Lutheran Center.

The 94-year-old West Side resident is survived by a daughter, Mrs. Elizabeth May Hollingsbeck of Dayton; sons, Clarence and Herbert of Columbus; a brother, S. L. Kreemer of Westchester, Pa.

Triangle Club Takes Five New Members

Mrs. J. E. Beery, 802 W. Broad-st, reported to police last Thursday that two diamond rings, valued at $300 were stolen from her purse taken from a desk drawer at the above address.

— Letters — To the Editor

Your community post of the Veterans of Foreign War is doing its part in keeping this community in the eyes of the nation.

Our sons, known to us as the Sons of Veterans, are carrying on where their fathers left off in our armed forces. Many of our comrades who are still physically fit have again entered some branch of these forces.

We point with pride to the fact that our past commander comrade, R. G. Willson, is again serving with the navy as a chief machinist mate, and that his two sons are in the same branch of service.

The Old Sarge has two sons in the regular army, one in Iceland and one at Fort Custer.

Past Commander George Chambers has given his two sons to the U. S. Navy, as have several more comrades of this post.

These "Sons of Vets" are, as a rule, graduates of our own West High School and as a result of this, residents of the Hilltop should be mindful of the fact that they have a right to be proud of the patriotic men from this community who were born and raised on the Hilltop.

On Monday evening, Oct. 27, the Hilltop was again honored by another West High student being recognized by the Franklin County Council of the V. F. W., being the winner of the department award for selling more poppies than any other high school girl in this city during our poppy sale.

State department president, Mrs. Alice Wolf, also a resident of the Hilltop, took part in this presentation as did the members of this post, who are delegates to the council.

Westway Post conducted the funeral services for one of the finest men it has ever been our good fortune to know, a true comrade who was loved by all: Comrade Red Reeves was your friend and mine. May he rest in peace.

Republicans Offer Three Way Slate For Labor, Professions, Business

The Republican party is offering the slate of Jones, Kearns and McClure for city council on Nov. 4.

Each represents a different group, labor, profession and business.

Joe Jones, who is a present member of council, has for the past 21 years been foreman of the sterotype department at the Columbus Citizen. He is a union man and a mechanic. Joe Jones is "Labor."

Frank Kearns is a young lawyer full of ambition and energy. He earned an A. B. degree at Xavier College and left Harvard Law School with an L. L. B. He served as assistant attorney general under Gilbert Bettman and John W. Bricker. When John Bricker ran for governor in 1940, Frank handled the speaker's bureau. Now he is eager to serve the people of Columbus in council. Frank Kearns is "Profession."

Bob McClure is an average citizen and could even be classed as "Mr. Taxpayer." He is a quiet, unaffected business man with a good knowledge of municipal affairs. He served in the city clerk's office for 10 years. In 1934 he was appointed to the civil service commission where he stayed for six years. He is associated in business with his brother at the McClure-Nesbitt Co., and is a licensed real estate broker. Bob McClure is "Business."

RE-ELECT THEM

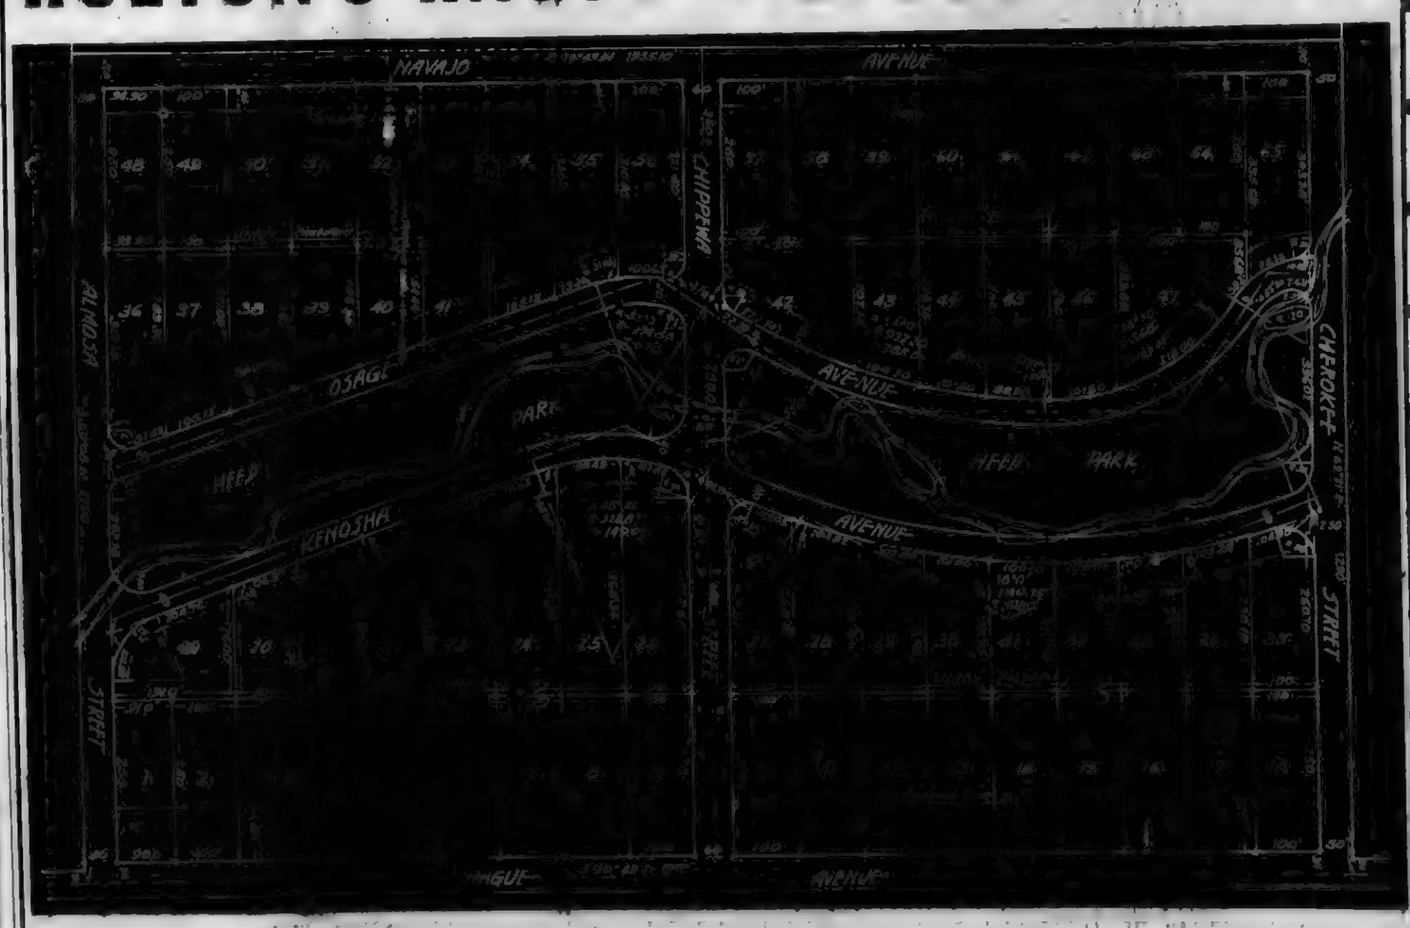
On Tuesday Nov. 4

W. HERBERT DAILEY

LOOK AT THEIR RECORD:

1. They have repeatedly voted against "NUISANCE TAXES" and the INCOME TAX advocated by Mayor Green.
2. They have forced needed adjustments for the sewage disposal plant.
3. They are seeking a more economical operation of this plant.
4. They have not been a rubber stamp for an excess spending administration.
5. They have always shown the utmost consideration for the public playground program and all programs to help the children.
6. They have fought against stream pollution.
7. They have worked for the development of the Sandusky Street Bridge.
8. They have stood against reductions in municipal services.
9. They have stood for every worthwhile civic improvement.
10. They have worked for improved fire protection.

THIS IS THE ISSUE:



There is the rumor around that there is no ISSUE in this campaign.
But there IS an ISSUE.
Your pocketbook is the issue!
With federal taxes increasing almost daily the people of Columbus are not in a position to pay higher city taxes.
We should do everything possible to get along on what money we have. But not so our mayor. If he gets a Republican council he will ask for some form of city nuisance taxes, for collection of garbage, street lighting, or a city income tax.
Last summer he asked for just these same taxes and the Democratic council refused them.
Councilman Alexander and Dailey will say "No" to such tax ordinances.
If you don't want such taxation, work for and elect these men.

HER VERSION

Old porch swing creaking . . .
stars at eventide . . .
A woman resting, and a home
spot-clean.
She visions now, through spectacles of pride,
Such lambent things of temporary sheen
As windows and pale flaxen-colored floors.
There are no thumb-prints either large or small
On white proximities to knobs of doors.
Through vine-thatched lattice, golden arrows fall
On last year's blue voile frock.
Oh, she is glad
That she is she. Her goodly heart has found
A state of exaltation—only had
By those who know what makes their world go round.

They have been blest to whom the evening brings
Fatigue lulled drowsy by a heart that sings.

Of tall, bright flaming candles on the stair,
The shadows of black branches on the panes,

The sound of falling rain upon the leaves,

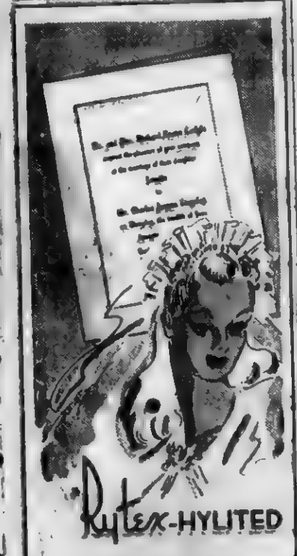
No Shortage In Coal Supply, McVay Asserts

"At the present time we are able to deliver all types of coal in any quantities desired but the future is unpredictable," said Ray McVay, owner of the McVay Coal Co., 217 W. Main-st, in commenting on the predicted shortage of coal during the coming winter. The Bauch Coal Co. and McVay Coal Co., are operated jointly from the Main-st address.

"We have plenty of coal in stock now," he said but feared a possible shortage later, due to the demand defense industries are making on transportation facilities.



McVay pointed out that his firm had purchased two new trucks and completely overhauled the other trucks and equipment so that immediate delivery could be made to any part of the city.

The firm makes a practice of stocking the same types of fuel throughout the year so that early orders can be duplicated from the same stock later in the winter.

An added service is being offered all customers this year. If any client is having heating difficulties, a heating expert will be sent to inspect the plant and make suggestions as to how to correct existing troubles.

New rubber-tired wheelbarrows were purchased this fall for the protection of lawns and walks where "wheel-ins" are necessary, he pointed out.

U. S. Hasn't Learned From Experience of Past

The United States hasn't profited much from experience in the last war on the control of prices, reports Ohio State University's Bureau of Business Research in its current bulletin.

"The specter of runaway prices which was with us during the last war seems to be haunting us now," the bureau says, "Although the amplitude of the increases in wholesale prices during this war is less than during the last war, the trend is discouragingly similar.

"Wholesale prices have started an upward march which seems to have gained momentum during the last six months. Increased costs of production and distribution have no doubt played a part in the increase in prices, but probably a more decisive factor has been the ability of the producer to make price increases because of the increased demand caused by the expanding consumer purchasing power and the mounting governmental requirements."

Charts prepared by the bureau show that the wholesale price level had an average increase of about 15 per cent from August, 1940, to July, 1941.

Certain significant contrasts in wholesale price increases during the first 22 months of this war as compared with the same period of the previous war are pointed out.

Wholesale price of farm products which increased only seven per cent during the first 22 months of the first World War has gone up 31 per cent.

Wholesale food prices are up 1.2 per cent now, as contrasted to an increase of six percent in 1914-16.

In contrast with these prices, all metal and metal products, which increased about 95 per cent during the World War period, have increased only about four per cent this time; chemicals and allied products, which increased 98 per cent during the first 22 months of the other war have increased only 11 per cent since September, 1939.

"The relatively stable prices of metal and metal products and the substantially increased prices of farm products are due, in large part, to the regulatory activities of the federal government," the university bureau says.

However, the impact of higher wholesale prices has not yet been fully felt by wage-earners.

"The increase in the cost of living which reflects the increase in the retail prices of food, clothing, fuel and light, house furnishing goods and rent amounts to only four per cent since September, 1939, as compared with the increase in wholesale prices of about 12 per cent over the same period," the bureau reports.

Rhodes Changes Audit System

City Auditor James A. Rhodes, upon assuming his duties Jan. 1, 1940, found that the practice in the office at that time, because of lack of funds, was to merely pile all unpaid vouchers in the vault without making any book record of them.

James A. Rhodes

Today all unpaid vouchers are being filed numerically.

All vouchers are now being entered on the books and distributed to the proper operating accounts and properly shown as liabilities when funds are not available to pay them.

During Rhodes' tenure in office, work and business have jumped tremendously. The license department has yielded twice as much to the city, but the cost of administering the duties of his office has not increased.

In 1927 the expense of operating the auditor's office amounted to $32,309.70 while in 1940 it was $32,405.29, despite the additional work which was thrown upon its personnel.

Rhodes claims that through the new system he inaugurated the efficiency of his office jumped immensely without any increase in personnel. Since Rhodes became auditor he has prepared quarterly reports reflecting the true status of operating details instead of merely annual reports as heretofore.

This has resulted in keeping expenditures more closely within the amount of income than had been possible before.

A system has been perfected to still further improve the operations in the office and make it possible to give monthly reports which should enable the expenses to be kept within even a still closer margin of income.

West Is Underdog To Central Pirates

By Harold Mers

West's crippled Cowboys will be the definite underdogs when they play host to the Central Pirates, current city league leaders, in a game to be played at Magly Field this afternoon.

The Pirates have one of the toughest defensive teams in the loop and if they should manage to score, the Cowboys' chances are pretty slim.

If Central wins today's game, they are sure of a tie for the league championship, which they haven't won since 1931, but the East-Central game to be played next week will decide the winner.

With six regulars out for the season and Hopwood, Householder and Davis playing with a bruised shoulder, sore knee and sprained hand, respectively, the Westerners will have to base their attack on something other than power plays.

Next Week Is Homecoming

Plans have been made for the annual homecoming game, which will be the final match on the Cowboys' schedule. Aquinas will furnish the competition for the locals next Friday at Magly Field.

Lose To Roosevelt, 7-0

Jupe Pluvius and Lady Luck both seem to be down on the Cowboys; for the fifth game, the Bucks had to slip and slide on a sea of mud when they played Dayton Roosevelt last Friday. After holding the strong Teddy offensive for all but two minutes of the game, a long punt that refused to cooperate rolled to West's two-yard line.

Kicking from the end zone, the Cowboys failed to get the punt off, the only one that failed during the game, but it was enough to give Roosevelt the ball on West's four. The Dayton eleven scored on the second play, with less than a minute left to play. The gun cracked as West passed from Roosevelt's 40-yard line.

Preceding the homecoming game between West and Aquinas on Nov. 14, the queen, Carmalita Limotta, will come in upon the field at the far end in a convertible car, attended by her court, and will be followed by the West High Band parading across the field behind the car.

The introduction of the queen and her court will take place in the middle of the field, the flag will be raised and the queen will decide which team shall start the game, by flipping a coin.

It's A New Day. Thank You

"Well, how do you feel?"

That seems to be a common question since Tuesday night so it looks like it isn't out of place to use a little space herein to tell how a defeated candidate feels the day after. At least these are my feelings.

The truth of the matter is I never felt better, although I am a little tired physically and need a little rest. Other than that I'm perfectly at ease with the world and have no regrets whatsoever.

The fact that 14,131 people scratched a ballot for me on Tuesday makes me feel pretty good. My thanks to every one of you, down to that last one.

I feel pretty good about the fact that these figures represented an independent vote, without any organization support.

I represented no special group, no party machine, I had no axes to grind, nor was I sent into the race to defeat any candidate. My campaign was based on sincerity, I called no names, the support I had was from my friends. I asked for nothing to which I was not entitled, I used no claims that were untrue or made any promises I could not have filled.

The election is over and I'm holding no grudges against anyone. I was sincere in my desire to serve on the Board of Education, but now that the election is over there are plenty of worthwhile things to take my time and energy. Tomorrow is another new day and there'll be new work to do. And if it's a job that's good for this community or for Columbus as a whole I'll be happy to help all I can.

"Growing Pains" To Be Presented

Tonight at 8 o'clock the 9A class of West Junior High School will present a three-act comedy, "Growing Pains." Although it is a humorous play concerning children of high school age there will be a mystery involved. The part of the lovely Vivian will be played by a girl whose identity is known to no one but Mrs. William Milhern, director.

The play is based on the adventures of Mr. and Mrs. McIntyre and their 'teen age children, George and Terry.

In the cast are Beverly Glick, who will play Terry McIntyre; George Blesch has the part of George McIntyre; Wilda Swain, Mrs. McIntyre; and Tom Calhoun, Mr. McIntyre.

Jack Moore, Brian; Ruth Underwood, Prudence; Joe Moore, Dutch; Patty Smith, Patty; Susie Johnson, Sophie; and Betty Anne Smith, Mrs. Patterson.

Miles Services Will Be Today

Mrs. Clara Miles, mother of Walter Miles, member of the Ohio Censor board, died at her home, 586 Hilltonia-av, Wednesday after a long illness.

She was a native of Athens and had resided in Columbus since 1913 and was a member of the Hilltop Church of Christ. She leaves another son, Elza Miles, and three daughters, Mrs. Lulu Orr, Hazel Miles and Mrs. Blanche Marks.

Services will be held at 2 p. m. today in Hilltop Church of Christ and interment will be made in Memorial Burial Park. Jerry Spears will be in charge.

Louis Finneran Is In Hospital

Louis E. Finneran, 195 N. Oakley-av, age 12, is confined in Mt. Carmel Hospital following an emergency appendectomy of last Wednesday.

Robert J. Finneran, father of Louis, was removed to his home recently to recover from a fractured spine suffered in an accident in the Pennsylvania R. R. yards Sept. 12.

Dr. Keiser To Speak

Dr. F. L. Keiser, superintendent of the Institution for Feeble Minded, will be the speaker at the regular meeting of Camp Chase Post of the American Legion this evening. All Legionnairse are urged to attend. It is the intention of the committee that there shall be a worthwhile speaker at each meeting.

All World War veterans are requested to be present for the Armistice Day parade on Tuesday. They are asked to report at Third and Mound-sts at 10 a. m.

TOWNSEND CLUB NO. 7 TO MEET TUESDAY

Townsend Club No. 7 meets Tuesday, Nov. 11, at 7:30 p. m. in the VFW Hall, 2393½ W. Broad-st. The public is invited.

Workers Hope To Make Goal

With one day remaining there was a continued hope among Hilltop and West Side Community Fund workers that they would reach their goal by the close of the campaign today.

Mrs. Eric Blesch, Hilltop major, reported Wednesday that her totals had mounted to 57 percent of her quota and with good reports due later she expected to reach 100 percent.

Mrs. William Lehman reported 85 percent of her goal on Wednesday.

The women's territorial division, which has charge of the Hilltop and West Side collections, had a total of 87.7 percent of their quota on Wednesday. One of the captains, Mrs. Robert Warren, had a report of 179 percent of her quota. C. Carlton Hartley reported 108 percent of the original quota set for his group.

V. F. W. Urges Armistice Observance

Editor's Note: The following letter was addressed to the Hilltop Record. Feeling that it is fitting that every person should give some thought to Armistice Day it is being reproduced in these columns.

In a few short days the streets of thousands of our cities will again echo to the tramp of marching feet, as the men who survived the last Great War again march in memory of a day long past when peace was again the aim of the nations of earth.

That day is just a memory to most of us, but to the men who will march in memory of their Comrades who has passed into the Great Beyond, it will be a day of remembrance, a day in which they will hark back to the joy that was the peoples of war-torn nations, a people that had grown weary of strife and bloodshed in a cause never clearly defined.

Today, when the nations of earth are again locked in another struggle for supremacy, while men gone mad with a lust for power so great that they are willing to sacrifice the lives of thousands of innocent people that they may go down in history as a Great Leader, when the lust for power and profit are so great that they have lost all sense of decency and the fitness of things, is the time to stop and consider the cost, in human lives, time to consider the fate of this nation if we, too, are foolish enough to be drawn into this Hell on Earth.

Let us as citizens of a free peopled nation dedicate Nov. 11 to a firmer desire for a just and lasting, honorable peace, as well as a day of remembrance, a day in which we pause in memory of brave men who sacrifice their lives that you and I might have these twenty odd years of peace.

We, the Veterans of Foreign Wars of America, the men who have fought America's foreign wars, petition our fellow citizens to join us in our plea to our governor and comrade, to make Armistice day truly a day of remembrance, by proclaiming it a state holiday each year.

We extend to our fellow citizens an invitation to join us in the various services on Nov. 11, and assist us in making that day truly a day of sincere remembrance.

Sandusky Street Project Approved By Commissioners

The "go ahead" signal on the Sandusky-st bridge bottleneck elimination was given by county commissioners this week and actual work on the job is scheduled to start as soon after Jan. 14 as possible.

Facts presented in County Engineer Slade's report to the Board of County Commissioners, Messrs. George W. Matson, Harry T. Vigor and C. P. Lauderbaugh

That the elimination of the Sandusky-st bottleneck should be planned to care not only for present needs, but for those of years to come.

That the present traffic over Sandusky-st bridge exceeds 20,000 cars each 24 hour period.

That there is a delay to motorists of three hours out of each 24 hour period, resulting in a monetary loss of approximately $110.00 a day or $40,000.00 a year.

That three factors are vital in the consideration of any proposed improvement in this locality, viz:

1. The elimination of the New York Central railroad grade crossing at the south end of the present bridge.
2. The construction of a new bridge in Sandusky-st over the Scioto River.
3. The improvement of McKinley-av and its extension east to W. Broad-st at the west end of the Broad st. bridge.

That the county should proceed at once with the first stage of this improvement, viz: the elimination of the New York Central Railroad grade crossing and that the other two phases be scheduled and planned to be constructed upon the completion of this portion of the improvement.

That construction be carried on in such a manner as to cause the least inconvenience in the matter of detours to the motoring public.

That the Board of County Commissioners adopt a resolution of intentions to proceed with this first stage of the improvement.

Engineer Slade presented a resolution to the board for their consideration and approval.

Properties to be appropriated include 58 parcels of land, the vacating of seven streets and six alleys.

Stork Delivers Two Babies In Three Minutes

The stork was doing double duty at Mt. Carmel Hospital Saturday when he delivered babies to two former Hilltop girls three minutes apart. A baby girl was born to Mrs. Lewis Thomas (formerly Helen Grewell) of London. Three minutes later an eight pound boy arrived for Mrs. Guy Blauser of West Jefferson.

The mothers shared the same room in the hospital.

Hilltop Casts Medium Vote

With very few exceptions the Hilltop ran true to form with the vote cast throughout the city on Tuesday in the municipal election in which two judges, three councilmen, three school board members, city auditor and city attorney were elected and three levies were defeated by huge margins.

In the council race W. Herbert Dailey maintained a nice lead in the tenth and eleventh wards. He is an incumbent. With all the precincts accounted for except three in the eleventh ward, considered by the Republicans to be one of their strongholds, Dailey, a Democrat, polled 2024 votes, with Jones running 1931 and Kearns 1790.

In the tenth ward with all but one precinct accounted for, Dailey had a total vote of 1685, followed by Jones with 1497 and Kearns with 1418.

Hilltoppers Lose

Neither Hilltop candidate for the school board was elected. The three places went to two incumbents and a former member of the board. C. Carlton Hartley, without organization support, totaled 14,131 throughout the city to run in sixth place while Harry L. Hopwood, with strong Republican support, totaled 13,911 for seventh place in the race.

In the race for municipal judge Gale R. King was popularly supported on the Hilltop, gathering 1429 votes in the tenth ward to the 1140 for Judge Zuber and 1491 in the eleventh to the 1670 for Zuber. Zuber had a lead of approximately 1600 in the city to be elected over King. Henderson received a very light vote on the Hilltop.

Best total vote given a candidate by Hilltoppers was that of James Rhodes for city auditor, who totaled 2175 to the 1039 for Garner in the eleventh ward and Garner by a score of 1[illegible] in the tenth ward.

In the city attorney race L. Davies, incumbent, defeated Ralph Smith by a vote of 1401 in the eleventh ward to 1225 in the tenth.

Hilltop voters turned thumbs down on the gas ordinance by a two to one majority and the bond issues lost in this community by nearly a three to one margin.

Community Fund Success Story Speaks For Itself

This is the story of a tough job well done.

Community Fund leaders have agreed it is unlike any success story that has ever developed out of the campaign. But the story speaks for itself.

Three days before the Community Fund drive was scheduled to start, one of the prominent business groups that has always had a major part in the drive reported that it would not participate this year.

At campaign headquarters there was scurrying and hurrying to find some group to take over this important task that had been thrown back in their laps. Lists were scanned, heads were scratched. Then one of the leaders happened to recall he knew a member of the Mantle Club.

He called on this man, who incidentally happened to be a member of the local board. The Mantle Club was invited to participate in the drive and after asking for the toughest job the fund had, accepted.

So, three days before the drive started, the Mantle Club called for volunteers from the organization, and more than double the required number responded. Two teams totaling 82 men started in on the drive Monday. That evening they had already turned in 70 percent of their quota with more than half of it in cash.

Today the Mantle Club has accomplished the job they set out to do and have 128 percent of their quota. Two days after the drive had started each of the 10 captains of the club had gone over the 100 percent quota set by the fund. Of the 35 captains in the business division C. E. Meinhardt from the Mantle Club tops the list with 183.6 percent of his quota and the 10 Mantle Club captains are in the first 13 in the list of 55, the lowest Mantle Club captain having 111.9 percent of quota.

Down in the state house grounds a huge billboard has carried the names of the three top majors in the entire city campaign. Roy Stage of the Mantle Club is in first place, Mayor Floyd Green is in second place and K. Ben Jones of the Mantle Club is in third place.

That the job this group did was a tough one is evidenced by the fact that numerous of their prospects had never been called on before, many had never given, and next to the territory of the women's division it is considered the most difficult one in the campaign.

SUPERSTITIOUS

We're all suspicious and a little superstitious.
We all obey some signs
The trapper free, the men on the [illegible]
Also the men in the mines.
Old miners declare as you are aware
That it is a positive sign
The roof will cave in as sure as sin
If rats all leave the mine.

To rock a chair when no one is there
Some one is sure to die.
Make a wild pass and break a mirror glass,
Trouble will mount to the sky.
If a dog howls at nght when there is no light
Just before the break of morn,
Sell the old farm, move away from all harm,
Never again can you raise any corn.

You'll never get fat if you kill a black cat,
'Tis bad to kill a black dog.
At a picnic together that spells bad weather,
'Tis bad if you see a ground-hog.
Disaster everywhere if a woman cuts hair
I warn you all beware;
Signs bring me no care I firmly declare
But please don't rock my chair.

Discouraged

If Harry Fleming never attends another football game again (as he vows he won't) he has something of an excuse. In all his life Harry had never witnessed an exhibition of the "rough and tumble" game.

Came Fri., Oct. 24, afternoon when West was scheduled to play South and he being on a bit of a vacation decided to see the contest. So, ambling out to Magly Field, he was somewhat surprised to see very few people around the place. Finally he asked a student how to get into the place and then he learned what several other people learned on short notice—the game had been postponed.

"It wouldn't have been so bad if I hadn't taken the time to clean up," Harry lamented. "Well, never again."

Refreshment Time?

This story is related as an actual happening in one of the Hilltop churches a couple of years ago:

A small boy was attending his first Communion service and being somewhat strange to him he watched in wonder when the wine was being passed to the worshippers.

"Let me have some beer, too, mama," he blurted out in a voice easily heard throughout the audience.

Service Plus

Howard Minnameyer claims this actually happened down at the State Hospital grounds recently.

A bunch of boys were playing football when one lad suffered a broken arm. After the inhalator squad had been summoned and the boy was carried from the field on a stretcher one of the squad members turned to the boys and said:

"But why did you call out a whole inhalator squad for just a broken arm? Why didn't you call a doctor instead?"

"One of the boys did say to do that," ventured the lad who sent in the call, "but doctors cost money. The inhalator squad is free."

MODERN POETRY

By Esther Weekley

PEACE

The past recedes on years so fleet;
The pain and glory both grow dim;
The present rests beneath our feet;
The future held upon the rim
Of was.

One light moved down Time's changing way
And holds the faith in men's tired eyes—
The star that showed where Jesus lay
Shines in our hearts and glorifies
Sweet peace.

Gertrude P. Weaver,
In In Quest of Song.

OH, SAY, CAN YOU SING?

Oh, say, can you sing, from the start to the end,
What so proudly you stand for when orchestras play it;
When the whole congregation, in voices that blend,
Strike up the grand tune and then torture and slay it?
How valiant they shout when they're first starting out;
But the dawn's early light finds them floundering about.
'Tis the Star Spangled Banner they're trying to sing,
But they don't know the words of the precious, brave thing.
Hark, the twilight's last gleaming has some of them stopped,
But the valiant survivors press forward serenely,
To the ramparts we watched, when some others were dropped,
And the loss of the leaders is manifest keenly.
Then "The rockets red glare" gives the bravest a scare,
And there's few left to face "The bombs bursting in air";
'Tis a thin line of heroes that manage to save
The last of the verse, and "The home of the brave."

This poem was sent in by Rev. W. F. Dissette, pastor of Immanuel Baptist Church, Belvidere Avenue. He would like to know the author; says it was written during the World War.

THE UNKNOWN SOLDIER SPEAKS

(Paris, France)

Unknown I . . . so you think!
Rouse the thousands of other dead,
They can say who I am . . .
We fought side by side and shed
Our life's blood for the same cause.
My spirit cries out against being held as hostage.
This great honor they bestow upon me is lost.
Rather would I lie in the ravage
Of Flanders Field, with a nameless marker at my head,
Than to lie here so honored, alone . . .
This eternal flame that burns over me?
Is it to warm the heart of my tomb of stone,
Or to ease the ache my spirit knows
For open country and starlit nights?
Unknown . . . Surely someone, somewhere in this world,
Remembers this nameless one who is denied the rights
Of the earth for his final resting place . . .
Oh to lie on some far plain where cattle graze,
To hear the pounding clatter of hoofbeats
At roundup time, to feel the warm sun of summer days
Beating down upon me . . . Ah, you think because I am dead,
I would not know . . . that I am daft . . . indeed,
Does not the spirit live long after the soul has departed?
Have you not felt the undescribable need
To touch my tomb as you pass by? That was
My spirit calling to you, calling for freedom and a name.
Oh, God, will I ever lie thus, ensconced in bitter memories
Always a martyr to a world that in exchange offers only a flame?

Myrtle L. Reeder,
In Singing Quill.

Glenwood Church Is Scene of October Wedding

The Glenwood Methodist Church parlor was the scene of the 3 o'clock marriage of Miss Charlene Young to Corp. Robert Culbertson Thursday, Oct. 16. Rev. J. B. Shellhaas officiated at the ceremony for which the bride, the daughter of Mrs. D. B. Lashley, 559 Nashoba-av, wore a street length dress of soldier blue with matching hat from which fell a shoulder length veil. Her corsage was of yellow roses. Their only attendants were Miss Rosemary Moore and Robert Wunderle. Immediately following the ceremony, a reception was held at the home of the bride's parents, after which the bride and groom left for Cincinnati.

Corp. Culbertson, now stationed with the 107th Cavalry at Camp Forrest, Tenn., is the son of Mrs. Edna Inscho, 368 W. Woodruff-av. He is a graduate of North High School and the bride is a graduate of West High School.

Dr. Maude A. Royden, English preacher and writer, will speak at an open public meeting Friday night, Nov. 7, at Memorial Hall on the subject "What Sort of World Do You Want?" The meeting is being sponsored by the Y. W. C. A. and Peace Action for Franklin County.

A large stock of ranges, refrigerators, radios, washers and ironers and other appliances has been warehoused in the building formerly occupied by the Hilltop Record at 14 E. Oakley-av, by Westgate Electric Shop, 2855 W. Broad-st.

A lease for the building to be used to warehouse electrical merchandise was completed a few days ago.

Bucks To Fi... :941 Grid Season

West High will play host to some hundreds of its alumni afternoon and evening at the annual homecoming foot- game and dance.

The Cowboys will be out for their initial win in the city league competition when they come on the field to oppose the Aquinas eleven at 3 o'clock this afternoon. The outcome of the game will probably depend on the ability of the big West line to bottle up the fast Irish backfield.

The homecoming dance will start at 9 o'clock in the gymnasium with music furnished by Mac Tooill's band.

Preceding the homecoming game between West and Aquinas, the queen, Carmalita Limatta, will come in upon the field at the far end in a convertible car, attended by her court, and will be followed by the West High Band parading across the field behind the car.

The introduction of the queen and her court will take place in the middle of the field, the flag will be raised and the queen will decide which team shall start the game, by flipping a coin.

A city administration that ...ill cut every unnecessary ex...ense item and hire employees ...r the work they can do for ...e city rather than for the ...ork they can do for the ad...inistration COULD do the job.

But we've had one after the ...ther and that just isn't fin; the ...ards for a city that operates ...nder a political set-up like we ...ave in Columbus.

Therefore if we are to have ...uch an administration it can ...ome about only by such means ...s a city manager form of gov...rnment would provide, and ...acked by every individual in ...olumbus who is interested in ...ood government.

Surely sometime such a pro...ram must start back here in ...he home communities and be ...nlarged ten fold to reach into ...very state and federal office. ...ut it MUST start at the bot... om. ...rivate vs. Public ...nterprise

There have been times in the recent history of this country when soup kitchens and bread lines have been necessary to stave off starvation of some. These were conducted by pri...ate groups interested in the welfare of our people.

When the necessity for such measures passed, these activi...ies were ceased and no more thought was given them.

Had these been conducted by the government we would have soup kitchens and bread lines with us today because those in charge would have drummed up business to prove the neces...ity for their continuation.

Today hundreds of such one time necessary functions of the government have ceased but those in charge are continuing to be supported in office and millions of dollars are wasted as the government adds more and more to our living costs with never a thought to any curtailment of expenses within the huge machine that has been built up. Certainly sometime soon there must be a reckon...ing.

Although a small congregation they have been able to purchase two lots and build the church thus far without one dollar of indebtedness.

The church when completed will be a grey brick with stone trimming.

Mr. Dean also announces a revival to begin Nov. 19 through Nov. 30, with Rev. Janie Bradford of Washington, Pa., as the evangelist. Miss Bradford will preach each night at 7:30 and 10:45 a. m. on Sunday. She has conducted two campaigns in Hilltop churches.

Seiller Store Celebrates Its 32nd Year

Seiller's Department Store, 2404-06 W. Broad-st, is celebrating its 32nd year this week.

"The success of this firm is due largely to the fact that every customer is treated as a welcome guest, who is given every attention and leaves with a warm feeling toward the store, that assures a satisfied customer," stated Jack Merriman, manager of the store.

During these 32 years the firm has made steady progress. M. W. Seiller, owner of the store, has constantly attempted to improve the store in every way.

Service of the employees to the firm has played a large part in the building of its reputation. The average time of employment with the store is ten years and several employees have a service record of 25 years.

One of the latest services of the firm, added three years ago, is its carpet and linoleum department. It is supervised by Robert "Bob" Zellers, who has been in nearly every department of the store. He finds it the most interesting.

"Every customer has a personal problem which must be solved. This department is 100 percent equipped to handle any situation. All work is the best available and all materials, whether linoleum or carpet, are the best available. This, combined with lower prices, is sure to do its part in building a still finer store for the Hilltop and Columbus," Merriman said.

FM Broadcast Demonstrated On Hilltop

"FM (frequency modulation), the newest thing in radio, was introduced to the Hilltop in a special broadcast and demonstration at Schmelzer's Restaurant, 3178 W. Broad-st, Tuesday night. Presented before a meeting of the Hilltop Business Men's Association it was the first commercial demonstration held in the city of Columbus.

Operating on high frequency, FM incorporates a new broadcast principle that is said to overcome common defects in regular broadcasting. Station W45CM in its third day of regular transmitting from Columbus dedicated a portion of its time to the HBMA meeting, demonstrating with music and sound effects, the superiority of this new reception. W45CM is the first FM station licensed in the state of Ohio.

Jim Blower, formerly with the First Federal Savings & Loan Association, now in charge of programing for the new station, conducted the demonstration.

Radio receivers equipped to pick up FM are being demonstrated at Westgate Electric Shop, 2555 W. Broad-st, and Coffman Radio and Electric Store, 2388 W. Broad-st. The public is invited to hear a demonstration without any obligation.

Features of superiority of the FM broadcast are said to be (1) elimination of static; (2) elimination of station fading; (3) interference of reception by two or more stations on the same or nearly the same wave length; (4) high fidelity of tone quality.

FM can be received only on a set built to receive it or by addition of a special adapter to a receiver built for regular broadcast.

The demonstration showed a marked contrast in tone quality over regular reception.

Winfield Lent, 220 S. Richardson-av, is recovering in St. Francis Hospital from an operation performed Monday night. He was admitted early Monday morning. Diagnosis of condition revealed an intestinal obstruction. Mr. Lent was reported to be making satisfactory improvement Thursday afternoon.

Volunteers Needed For Civilian Defense Work

Assistance of Hilltoppers in the program of Civilian Defense is being solicited and the entire community is asked to become acquainted with the program which will be under the direction of Camp Chase Post of the American Legion, locally, with a committee headed by Ray McVay.

McVay

McVay points out that the program of the local organization will have to do with air raid protection, first aid, fire and police aid, and work of being fire wardens.

It is the hope of the organization to train men and women to take their places as qualified volunteers for various types of defense work should they be called upon.

McVay commented further on the program as follows:

"As outlined by our government, civil defense is not the job of any single organization but can only be accomplished through the active participation and cooperation of all groups under the supervision and direction of the Office of Civilian Defense, operating through the agencies of state and local authorities.

Women of our nation will play an important part as in England, where the women's organization for civilian defense has proven itself invaluable, acting as air raid wardens, messengers, ambulance drivers, telephone and radio operators and auxiliary police in first aid work. In the conduct of classes for the education of civilian population, in matters of care and protection in case of emergency, women can play a large part. The American Red Cross offers courses in first aid and auto mechanics which should be extremely beneficial to civilian defense volunteers.

"As a result of tests previously conducted by the air force of the United States army, the Legionnaire has demonstrated his worth and his right to a leading part in the operation of the Aircraft Warning Service. Official reports carry the following phrases: "Without the American Legion this plan could not be carried out." "Legionnaires proved that their organization — national to department, department to district, district to county and county to post—is active, has a sense of discipline and a direct channel of command which produces organized operation in the field. The Air Defense Command has found the cooperating agency it has been looking for."

"As general chairman of Camp Chase Post I am requesting and asking for the full cooperation and support of this program on the Hilltop in the community where we live. If you are interested in any phase of this work, communicate with Ray F. McVay, General Chairman of Camp Chase Post, or Commander Chester Wagner. A place can be found for you."

Bob Ferguson Gets His Wings At Uncle Sam's Brooks Field

"Keep 'em Flying," says the army air corps.

Another Hilltopper has received his wings and been added to that ever increasing number of Uncle Sam's men who will do just that—keep 'em flying.

Mr. and Mrs. W. E. Ferguson, 235 Guernsey-av, witnessed the graduation of their son, Robert, at Brooks Field, San Antonio, Tex., this past week.

On Thursday, parents of the graduates witnessed formation flying. Fifty-four planes, with 108 boys participating, maneuvered over the field as the climax to the extensive training period.

Graduation took place Friday morning and Bob received the gold bars signifying his rank of second lieutenant, silver wings and a diploma stating his commission as pilot observer. This duty consists of piloting photographers, etc., over the country. He will be stationed at this post at San Antonio for the next five weeks, after which time he expects a 10 day furlough. His next post will be Gray Field, Tacoma, Wash.

Friday afternoon the weddings took place. Over the week-end there were 27. The Fergusons attended one at which Bob was the soloist. The flowers of the preceding wedding were removed and the new ones brought in and placed before the interested eyes

En route Mr. and Mrs. Ferguson visited the Mississippi State College for Women, where a cousin of Mr. Ferguson is a professor. In New Orleans they stayed in the French quarter where Mrs. Ferguson's cousin, Helen Bell Snell, resides.

They spent four days preceding graduation in San Antonio visiting points of interest including a trip into Mexico, when they were

Craft-VanDyke Wedding Was Held At Hillcrest

In a candle-light ceremony at Hillcrest Baptist Church, 5:30 p. m., Nov. 9, Miss Lois Colleen Craft, daughter of Mr. O. H. Craft, 59 Maple-dr, Rome, exchanged wedding vows with George Van Dyke, son of Mr. and Mrs. Ira Van Dyke of Gahanna.

The bride chose an eggshell satin dress with leg o'mutton sleeves and a sweetheart neckline for her wedding dress. She carried a large bouquet of white roses with an orchid in the center.

Miss Emmelene Woehrle, maid of honor for the bride, wore a dusty rose velvet and taffeta dress.

The two bridesmaids, Misses Margaret and Harriet Craft, sisters of the bride, wore blue velvet and taffeta dresses.

Each attendant carried a colonel bouquet and wore a Princess Eugenie hat to match her dress. On their necks hung lavalieres, a gift of the bride.

Jack Van Dyke served as best man for the groom. Ushers were Norman Link and Leo Miller.

Preceding the wedding Miss Martha Toy sang "I Love You Truly" and "O Promise Me," accompanied by Mrs. Ray Swicegood, sister of the bride, at the organ.

In each window of the church were three candles and at the altar was a seven branch candelabra on either side. Palms and ferns were the background for the huge baskets of white pom-poms before the altar.

The new Mrs. Van Dyke is a graduate of West High School. Mr. VanDyke is associated with the White Haines Optical Co. and is enlisted in the U. S. army air corps. He is stationed at Selfridge Field, Mich.

Down on the Farm

We were well aware of the fact that things have changed down on the farm since we forsook the soil some 12 years ago but to what extent we never dreamed. Monday evening we drove into the barnyard of the Melvin Planck farm at 991 Wilsor Rd. just at milking time.

Imagine our amazement after we shut off the motor to hear a blast of "jive" emanating from the barn. Then followed a 15 minute broadcast of one of (the popular?) "soap operas." Cows chewed their cuds in perfect contentment whilst giving out with their usual quota of milk.

Success at Last

Mrs. E. E. McNamee had about given up hope of ever cooking wild duck to suit the palate of hubby Doc. Preparing them for several years the seventh recipe proved successful after six others had failed.

What's the Inning?

Ruth Patterson was doing a good job of covering up her confusion a couple of weeks ago following a very minor auto collision. A crowd had gathered around with the usual crowd curiosity to see what the outcome would be.

From a radio in a nearby car came the broadcast of the Ohio State-Pitt football game.

"What's the score?" Ruth asked a bystander by way of making conversation.

"Seven to seven," was the reply.

A few moments later.

"Who's ahead?"

Isn't Susie Silly?
She works like a horse, pushing a cart around in order to pick up the groceries she needs and then struggles home with them, when a phone call to our store would bring them right to her door in real "super-service" style.
You probably have all the modern conveniences to lighten your home labors although they cost you more than the old methods. But here is a convenience that actually costs no more when you figure time, transportation and inconvenience involved, yet it relieves you of tremendous burdens. Just think, all you have to do is phone your order to our store and the friendly clerk, who knows your tastes in brands and qualities, does your shopping for you.
Your time is then your own for other household duties, rest and pleasure. Don't let hidden costs cause you unnecessary burdens. Shop the convenient way — by telephone.

Basketball Leagues To Be Formed Soon

The City Recreation Department announces that practice floors for the girls' basketball teams are available. Plans are being made for the organization of the various leagues, industrial, independent and church.

Any team or group of girls planning to have a basketball team and who wish to play in the City Recreation Department's Leagues, may obtain a franchise by registering the team in the office of the City Recreation Department, City Hall 124, Ma. 2214. All teams will practice during the months of November and December. The regularly scheduled games for the season will begin in January.

All boys' and girls' basketball teams expecting to play at Glenwood Park after school from 3 to 6 p. m. each day during the season are asked to register with Dick Murray at Glenwood Park.

Call to Girls' Basketball Teams

All churches in the West district wishing to have teams in the West Church Girls' Basketball League are requested to register their teams as soon as possible. The teams representing their churches last season were Westgate Evangelical and St. Aloysius. There was not a regularly organized church league among the West church girls. An intramural league played at Glenwood on Monday evenings. However, it is hoped that enough young people's groups of the West side churches will be interested so that a West church girls' basketball league may be organized. Glenwood shelter house is available for practice every Monday evening, the first evening being Nov. 10. Reservations for practice may be made by calling the City Recreation Department.

Industrial and independent leagues are also being organized and these teams may practice in any of the City Recreation department shelter houses. The schedule is as follows:

Schiller

Monday—3:30-6 p. m.—Neighborhood girls. 6-10 p. m.—Senior church girls' practice.
Friday—3:30 p. m.—Neighborhood girls.

Glenwood

Monday—3:30 p. m.-6 p. m.—Neighborhood girls. 6-10 p. m.—Senior church girls' team practice.
Friday—3:30 p. m.-6 p. m.—Neighborhood girls.

"A THUNDER STORM"

I stood in the mountains at noonday,
Saw it get as dark as night.
Wild animals in fright scampered away,
Song birds departed in flight.
I heard the great rumble of thunder
Sycamores caressed the sea,
It seemed creation'd be rent asunder
Weak was the giant oak tree.

Mingled with lightning the rain descended
Trembling, I stood under a rock
Boulders were unloosened, trees up-ended,
Human power was only a mock.
Snake lightning flashed in de-
Striking down the giant oak tree
It was hours before my vision
Could distinguish the land and
I had seen the wrath of the Almighty
While under that rock I stood
A vision of the power of divinity
Yet I know that God is good.
There are many shipwrecks on the ocean
Train wrecks on the mountain and plane
But nothing ever equals the commotion
Of lightning, thunder and rain.

The Fergusons claimed the 2500 mile trip was one of the most interesting they could have made. They enjoyed mild summer weather most of the time, saw cotton in bloom and visited the scenes of the recent Galveston tornado.

CONCERNING BUTTONS—As a matter of information to local housewives, certain facts about buttons should be considered. Pearl Buttons, made from mother of pearl shell, have proved their superiority over every other type of button. No other button combines the durability, lustre and beauty of pearls. It is important, therefore, that you examine carefully the buttons on wash garments you buy. If they are Pearl Buttons you can be certain of the service they will render, and you can be assured that their presence is a sign of quality in the garment itself. See that all wash garments you purchase have Pearl Buttons.

The Spectator
By C. C. Hartley

We Are Thankful

We are thankful among other things that on Thursday out of the sky will come nothing but rain, or snow or sunshine. There will be no guns fired, no bombs dropped while we eat our Thanksgiving dinner.

We are thankful that we can still walk down the street and cuss the governor or attitude of the president or things in general without being driven through by a firing squad.

We are thankful that on Thursday we will have rations of white bread and white meat instead of horse meat and dark bread.

We are thankful for the opportunity we still have to go to any church we care to visit to express our thanks.

Yes, we are thankful!

Famous Wrong Guesses

A six-year-old lad came home one day with a note from his teacher in which it was suggested that he be taken out of school as he was "too stupid to learn." The boy's name was Thomas A. Edison.

Tennyson's grandfather gave him 10 shillings for writing an elegy on his grandmother. Handing it to the lad, the old man said: "There, that's the first money you ever earned by your poetry and, take my word for it, it will be the last."

"Ah!" said Zaccheus Greely, Horace's father, when in a fit of abstraction, the boy tried to yoke the "off" ox on the "near" side, "that boy will never know enough to get on in the world. He'll never know more than enough to come in when it rains."

Benjamin Franklin's mother-in-law hesitated at letting her daughter marry a printer. There were already two printing offices in the United States, and she feared that the country might not be able to support a third.

If You Want To Get Ahead

Maintaining that "opportunity is all around us," E. J. Thomas, president of the Goodyear Tire and Rubber Company, lists the following points to be followed by anyone who wishes to get ahead in his chosen field:

Know your job.
Accumulate additional skills.
Show qualities of leadership outside your job.
Think always of what you can do for your employer.
Do not be selfishly ambitious.
Don't be a yes-man.
Always endeavor to be worth more than you're paid.

Influencing Buying

A Philadelphia department store has found that out of every 100 customers . . .

87% will buy by the attraction of sight;
7% will buy by the attraction of sound;
3.5% will buy by the attraction of smell;
1.5% will buy by the attraction of touch;
1% will buy by the attraction of taste.

West Cagers Meet Alumni On Nov. 28

West High Cowboys will get their first taste of basketball this season when they meet the Alumni team Friday, Nov. 28, on the West floor, at 7 p. m. On Dec. 2, 3:30 p. m., they will meet the Columbus Academy boys.

First practice was held this past Saturday but none of the football team members was present. They had their first workout of the season Monday evening.

Coach George Williams reports that he has but one regular back from last year, George Ours, a guard.

Commenting on the football season just closed Williams said that while he was disappointed it was the best the school could turn out under the circumstances. Two of his mainstays he had counted on for prominent roles throughout the season were ineligible with the opening of school. Injuries throughout the season dealt further blows to the Cowboy hopes.

Survey Will Be Made

A church survey for the purpose of ascertaining the number of families interested in a new Methodist Church in the Westgate section will be conducted by a group of 60 ladies Wednesday, Nov. 26. The workers, under the leadership of Mrs. A. G. Schatzman, will canvass the territory in twos. It is their intention to complete the work in one day.

Lunch will be served to the workers at noon by the ladies of the Columbia Heights Methodist Church of Rome.

The survey is being conducted by the women's department of the Methodist Union. It follows an announcement in last week's Record that plans are being formulated for a new church to be known as Westgate Methodist Church. The survey will help determine the most suitable location for the building.

A temporary location for a Sunday school and place of worship will be found in the near future.

Aircraft Warning Important To Civilian Defense

The aircraft warning service is one of the most important phases of the Civilian Defense program, according to Ray F. McVay, local chairman of the Camp Chase Post committee in charge of this district. He commented further as follows:

"With its more than a million members, and almost 12,000 posts, reaching into practically every community in this country, the American public has come to look to the American Legion and Red Cross for leadership in such service.

"If war comes again to our nation, the American Legion stands ready to cooperate to the fullest extent in whatever capacity the organization and its entire membership may best serve.

"A Civilian Observation Corps is very necessary. This corps will be under the direct control of the air force.

"The following are essential requirements: ability to obtain information of the movements of hostile air threats, the ability of our own or friendly air forces to attack and overcome these threats and the simultaneous protection of sensitive areas following adequate warnings. A nation wide network of obeervers must be on duty at all times detecting and tracing the movements of enemy aircraft. These volunteers must be loyal and have a high devotion to the nation's defense.

"We of the American Legion are personally interested in the operation of the Observation Post activity in this aircraft warning service. We sincerely solicit the cooperation of the citizens in our area.

"If you are interested in becoming a part of this Civilian Aircraft Warning Service, contact Ray F. McVay or the commander, Chester Wagner."

Dr. Arthur Breese Quit Farming For Osteopathy

The good that he had seen done by the practice of osteopathy was the factor that started Dr. Arthur E. Breese into the study of that profession. That was back in 1918 after he had spent three years as a school teacher and 10 years on the farm.

Dr. Breese was born and raised on a farm in Norwich Township near Hilliards. He graduated from Hilliards High School in 1904 and then taught two years in the Fairview School that stood at the intersection of what is now W. Lane-av and Tremont-rd in Perry Township. The third year he taught in the Norwich Township School.

On Dec. 31, 1907, he married Ota Latimer whose home was in Hilliards. She was a graduate of the high school there.

After graduating from the American School of Osteopathy at Kirksville Mo., he opened up a practice in Sedalia, Mo., later in St. Louis and then came to Columbus in the fall of 1925. On Nov. 1 of that year, he opened his office at his present location, 2405½ W. Broad-st. He has been in that same location for 16 years.

The basic principle of osteopathy is spinal adjustment, yet we endeavor to incorporate into it everything else that is good for sick folks, Dr. Breese pointed out. There are now about 9,000 practicing osteopaths in the U. S. and Canada. The profession operates its own hospitals for handling all types of cases. Surgeons and specialists handle cases that need special treatment.

In Columbus, Doctor's Hospital, Dennison and Third, has been operated by practicing osteopaths for the past two years.

Least Crowded Profession

It is the least crowded of the professions, Dr. Breese pointed out. He recommends it to any young person seeking a professional career. At the present time there are six colleges of osteopathy in the country.

Dr. Breese
Photo Courtesy Montrose

He is a member of the Caldwell Methodist Episcopal Church, near Hilliards; a member of the Odd Fellows Lodge of that village and holds membership in the Ohio State Osteopathic Association and the Central Ohio Osteopathic Society.

The Breese family lives at 317 N. Warren-av. They have four daughters. At home are two daughters, Miss Laura Breese and Mrs. Bernice Hamilton; Mrs. John Nippert, lives at 226 N. Powell-av, (they have a son, David Arthur, aged 20 months) the fourth daughter, Mrs. Virginia Moore, lives near Worthington.

Fishing is Dr. Breese's principle hobby. He is an advocate of the flyrod but enjoys trolling, especially in the waters of northern lakes.

Today's Thanksgiving

Thanks be to God for country and for flag,
For all the blessings these United States
Of ours, this great America, has known
Since first she saw above the mountain-peaks
Of dawn a splendor lighting spire and crag,
A beacon-sun no tyrant desecrates—
Freedom of race and creed, our very own
Wide tolerance through which a nation speaks.
Let thanks arise as fervently today
As when at Plymouth sturdy Pilgrims held
Their harvest service, or as when the might
Of patriot hearts prevailed. Let us display
Proudly this hour that symbol unexcelled—
Banner of peace and liberty and right.

—Robert Cary.

Never Took A Lesson . . . . .

Hilltop Artist Relates Art And Music In Her Work

By Jean Young

"Music and art are co-related and I love both," said Leila White in an interview Tuesday.

What makes Miss White's interest in art so unusual is the fact that she never had a lesson in her life and never produced a painting until a year ago.

At an early age she started to study violin and at 16 she became interested in voice. She worked with this a few years in Columbus under the instruction of Marie Donavin. Later she went to New York where she studied under Helen Chase, who taught Margaret Speaks.

It was while she was in New York that she met a fashion writer on one of the big newspapers who encouraged her to show her pictures to J. Thompson Willing, who was known in the field of journalism as the "grand old man of art." Upon entering Willing's office Miss White told herself she must prepare for the worst. Much to her amazement Willing praised her work and told her she had an excellent sense of color and that she painted so freely. That was in January of this year.

Painted in Zaleski Park

Her first real piece of art was created one day while she and her sister, Mrs. Hope Gibson, 62 N. Westgate-av, who is an artist herself, were on a visit to the Zaleski Park. One afternoon Miss White took a pad and some charcoal and ventured out into the lovely landscape to try her hand at the thing that had always fascinated her.

"I was careful that no one saw me for fear I'd make a fool of myself," the artist laughed.

When she had completed her drawings she showed them to her sister and together they went out again the next day with pastels and the following day they tried oils.

And that's how it started.

Little was done on her art work from that time until the first football game of last year when she was left alone. Then she painted a cottage. Next she painted a blue vase containing bittersweet during a Hallowe'en party. Landscape pictures followed. This was it—she liked to do the still life pictures.

One of her most prized pictures is the one she painted of her violin which she has titled simply, "First Love," because the violin was the first thing she studied. Another picture she painted from a bouquet her sister gave her on a birthday one year and she called this one, "Birthday Bouquet." "I would like to be able to do portrait painting. At present I do portraits with charcoal but these are junked as soon as they are done."

Miss White is a charter member of the Columbus Opera and a member of the Women's Music Club.

This week in observance of "Art Appreciation Week (Nov. 17-22), Miss White will have her oil paintings on exhibit at Heaton's Music Store on the third floor in the music salon.

Legion Drive To Aid Needy

Charitable Workers Will Canvass Hilltop on Thanksgiving Morning

The tenth annual drive for food and clothing will be conducted by Camp Chase Post 98 American Legion on the Hilltop on Thanksgiving Day, according to post officials. Proceeds of the drive will go 100 percent for charity.

This year's drive will be under the leadership of Commander Chet Wagner and John Van Wilson, chairman of the post's relief committee. They will be assisted by Mrs. H. J. Swain, auxiliary relief chairman.

In issuing a call for workers Commander Wagner urged all veterans, all members of the several Boy Scout troops on the Hilltop, and any citizen who desires to lend aid, to assemble at the Legion club rooms, 3184 W. Broad-st, promptly at 9 o'clock Thursday morning. Squads will be formed and a house to house canvass of the community will be made.

All residents of the Hilltop are asked to have donations of clothing, food or other useful articles ready when a solicitor appears. Cash donations will likewise be welcomed to provide coal, bread, milk or other perishable items of food as they are needed throughout the winter.

The articles collected will be distributed from a relief store to be opened in some central location on the Hilltop. This store will remain open throughout the winter or until all supplies have been given out. Churches and schools are asked to submit names of needy persons to Legion officials.

The drive is conducted on a 100 percent charity basis. No salaries are paid and all overhead is paid by the Legion. Every item collected is given out to needy families or individuals. It is the only house to house charitable drive conducted on the Hilltop for the poor of the community.

The Legion Auxiliary will serve lunch at noon for all workers.

Seiller Employees Enjoy Banquet On Anniversary

By Mary Ann Page

Wednesday evening, Nov. 12, proved to be a jolly date for the employees of Seiller's, Inc., who had their annual banquet and celebrated their thirty-second anniversary. The table was decorated with typical fall colors. All who saw the favors tried to take one home, but only the employees succeeded. They were turkeys made from pine cones. The dinner was splendid, and everyone left praising that fine Schmelzer's baked ham.

After a short discussion on plans for the holiday season, a fine "radio program" was presented. The entire show was recorded through the courtesy of Westgate Electric. Everyone laughed until they cried at that genial Kay Kyser (of Seiller's, none other than Bob Zellers). The display of talent by some of the store's older employees was a surprise to everyone.

The following persons were the honored guests and audience of the show: M. W. Seiller, J. P. Merriman, P. E. Leighninger, W. H. Sherker, Leona Williams, Mary Ann Page, Betty Taylor, Jack Amsbary, Bob Riggs, Bill Walkemeyer, Ida Lawwell, John Layman, Bertha Pleister, Ethel Rinehart, Gladys Dorsey, Avanella Overholt, Dorothy Conn, Naomi Hunter, Olive Tomlinson, Mary Born, Edith Gibbon, Emilie McCormack, Mary Reid, Bill Lytle, Cyrus Fox, Bert Young, Bob Zellers, Helena Ogden, Lenora Smith, Lillian Mustaine, Rosemary Schellhaas, Cap Amarine, and Joe Smith.

It seems that last year Harry ordered the family supply of Christmas greetings well in advance. He chose them carefully, too. (So he thought). The name was printed and the cards were taken home to await time for mailing.

A few days before the holidays the Flemings set down to address the cards. Chancing to read one of the messages his countenance dropped when he discovered he had ordered all New Year's greetings.

Embarrassing

The following incident is reported as an actual happening. It is supposed to have happened in a nearby Ohio town.

A woman, while shopping, thoughtlessly picked up an umbrella belonging to another woman. The owner stopped her, and the other, with many apologies, returned the article. The incident served to remind her that they needed some umbrellas in her own family, so she bought two for her daughters and one for herself. Later in the day, when she was on her way home, armed with three umbrellas, she happened to glance up and saw directly opposite her in the car, the very woman with whom she had the unfortunate experience in the morning. The second woman stared hard for several minutes and then, with a significant smile, she leaned forward and said in an icy tone:

"I see you have had a successful morning."

Of course it would be silly to try to cook your meals over an open fire like this but they did in those "good old days" and they had no investment in beautiful stoves as we have today. It costs more to cook now than it did years ago but it's a lot less work and more convenient.
It's convenience that counts today and in most cases it costs more money but you are willing to pay for it.

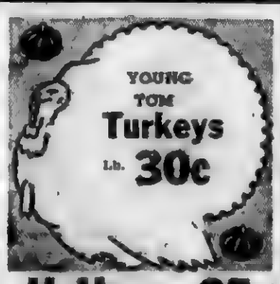
TURKEYS LACK BUSINESS FORESIGHT

Turkeys haven't any business foresight
That I could ever detect.
They eat all day and sleep all night
Never figuring cause and effect.
They stand and stutter along some gutter
Grabbing live bugs in flight.
Saucy they flutter — fatter than butter
They haven't any business foresight.



If I were a turkey, goose or chicken
Corn I'd view with scorn
Then my bones you wouldn't be pickin'
Causing my progeny to mourn
Turkeys no one would ever slaughter
If they were thin and light.
They should live on weeds and water,
They haven't any business foresight.

Seely Hardware Opens Toyland

"The largest display of toys and Christmas merchandise in the history of the store" was placed on the counters of Seely's Hardware, 1185 W. Broad-st, this week. The entire store was turned into a vertible toyland with electric trains, mechanical toys of every description and almost anything you could imagine to delight the kiddies.

Russell Seely, manager of the store, reports that there is a Billy and Ruth toy book ready for every boy and girl. It is necessary to go to the store to get a copy of it.

This year's toyland includes a large selection of American Flyer electric trains that are of especial interest to boys.

Jack Bellar Closes Grid Career At Denison U.

Jack Bellar

Jack Bellar, a tackle on the West city championship teams of 1936-37, played his last game for Denison last week. Winning his freshman numerals in 38, he received a varsity letter in '39, again in '40, and this year he is one of the seniors to be given a large blanket with his name and years he received varsity recognition. The award will be made early in December at the players' football banquet.

Jack was a member of the Ohio All Stars team which played in the Kumquat Bowl at St. Petersburg, Fla., Dec. 23, 1937. The Ohio boys beat the Florida All-Stars that year 19 to 0. Three West boys, Kimbrel, Richardson and Bellar, were on the Ohio squad.

Since the close of the season he has turned down two offers to try out with pro teams—one with the Detroit Lions, the other with the Philadelphia Eagles. Bellar expects to enter a naval training school. He has applications on file at Washington for entrance to the U. S. Marine Corps Officers Training School and the Ensign [illegible] School in the U. S. Navy.

At Denison he majored in commercial art and will receive a B. A. degree when he graduates in June, 1942. He is a member of the Phi Delta Theta fraternity. Denison's football record this year is the best since 1914. The books show they won seven, tied one and lost one.

Jack lives with his parents, Mr. and Mrs. Arthur J. Bellar, 326 Algonquin-av.

That's Flowers You Smell Down City Hall Way

That odor coming from city hall these last few days is probably from the "flowers" that have come from the city hall flower fund.

This week charge and counter charge were sailing through the air from Hilltopper and one time secretary to the mayor Wm. Crowe and another Hilltopper, Mayor Green himself.

It all started over whether Bill Crowe was fired or whether he resigned and both parties claim a victory. At any rate Crowe is no longer on the city payroll and now he has revealed that among other things his duties had to do with collecting the "flower" fund down at city hall.

Seems that all employees are asked to give, the poorest paid ones at least a quarter a week and others up to three percent of their salaries. Those who fail to kick in three weeks in a row are said to have the bug put on them and their jobs are endangered.

Some claims are that the flower fund has had a total of over $15,000 drained from city employees in this administration.

We always thought the tournament of roses was properly held in Pasadena but with that much money to buy flowers we see no reason why we can't have a tournament of roses of our own.

Or it might even be possible now to help balance that lopsided city budget if each employee down city hall way came to work each morning with a flower in his buttonhole. It's a certainty the budget isn't being brought nearer balancing by using city paid employees to collect money for the "flower fund."

The Hilltop Is Behind Coach Williams

This week we have heard some rumblings on the home front about the very poor season the West High Cowboys have just completed. Seems that some individual or individuals in the community have even gone so far as to seek the removal of Coach Williams. But on checking into the matter it also appears that the party concerned will not come out in the open to give his or their reasons for such an action.

However, by this time it is pretty generally known who is behind the movement and we find the community is pretty generally behind Coach Williams 100 percent.

True enough George Williams and his boys have gone through a tough season in which they didn't win a city league game. That's hard to take. But it isn't the first time a Columbus High school team has had such a record and it probably won't be the last one. Yet such a tumble for the Cowboys is no reason to be too severe with the team or the coach.

This season started off with two of the mainstays on the West team being declared ineligible. It was followed by many injuries, with some games having nearly a full squad of injured men on the bench.

Now let's look at George Williams' recent record at West High.

Last year and the year before West came within one game of taking the city championship in football. They were beaten by North.

In 1939 the baseball team under Coach Williams won the district title. In 1940 they were city champions. Last year they tied with Aquinas for the city title.

In basketball they have always had better than average seasons. Last year they finished in second place in the city league.

This isn't a bad record. West can well afford to be proud of it. Many city schools haven't done nearly so well.

True enough no one high school football team can win a championship every year in this league. This is the first time in 10 years that Central has won a championship. But Central fans didn't call for a new coach each year.

On Dec. 10 members of the Hilltop Business Men's association will have a banquet for the West High boys. They are behind the team win or lose. We believe the Hilltop as a whole, fans and boys, are behind the West coach and will be looking forward to an opportunity for a more successful season next year.

Several Hurt In Car Crashes

The holiday week-end accounted for accidents sending at least two Hilltoppers to hospitals while several other persons were treated for minor injuries.

Struck by an auto as she was crossing the street shortly before midnight Nov. 19, Mrs. Julia M. Monnett, 75, of 132 Belvidere-av, suffered severe head injuries and lacerations. Driver of the car was Jeannie E. Davidson, Rt. 1, Johnstown. Mrs. Monnett was taken to Mt. Carmel Hospital by Robert Lundberg, 195 N. Ogden-av, a passing motorist. The accident occurred at Belvidere and Broad.

George E. Peters, 17, 42 N. Huron-av, and Fred Wilhelm, 45, 350 S. Warren-av, suffered possible internal injuries when their automobiles were involved in a wreck near Wilhelm's home on Thanksgiving Day. Both are said to be on the way to recovery.

Altogether six cars were involved in the crash that sent young Peters to Mt. Carmel Hospital.

Seventeen West High School students escaped serious injury when the hay wagon on which they were riding was struck by an auto shortly before midnight on Nov. 19. The accident occurred in Sullivant-av just west of the city limits. Only minor cuts and bruises were suffered by the students.

Eddie Arn, operator of service, was elected vice-president. Eddie Hale, Norton Field flight instructor, was elected secretary and S. O. Nollenberger, Port Columbus superintendent, was renamed treasurer.

Bucks Open Basketball Sked Tonight

West's schedule has been moved up a week, with the Cowboy cagers engaging an alumni team in a game scheduled for this Friday evening. The reserves will take on the older grads in the post-varsity match.

According to Coach George Williams, Dick Hoover and Roy Meloeny will begin the game at the forward positions, Herb Stewart or Jack Underman at center, and Ray Laughlin, George Ours and Charles Goodwin will take care of the two guard posts. Of the starters, only Laughlin and Meloeny are seniors.

An all-sophomore reserve squad with Bell and Richards at forwards, Jim Stewart, center, and Alban and Gilmore, guards, will try to out-point the West Hi stars of yesteryear.

Bucks To Meet Academy

Another game has been added to the Westerners' schedule previous to the Lancaster game next Friday. The Cowboys will play hosts to the Columbus Academy quintet Tuesday afternoon, game time 3:30.

Petitions Seek Belvidere Light

Petitions asking for installation of a traffic light at Belvidere and Broad were being circulated this week and are to be presented to the Traffic Commission at an early date, according to Henry Mone, owner of Mone's Pharmacy at Whitethorne and Broad. The petitions were gotten out closely following the nearly fatal accident at the Belvidere intersection last week in which Mrs. Julia M. Monnett was struck by a car while crossing Broad-st.

Mr. Mone pointed out that this is just one of several "bad" accidents which have occurred at this intersection in recent months. People getting off west bound buses are forced to run the risk of crossing Broad without the protection of a traffic signal. The same condition exists for persons working at the State Hospital who desire to cross to the south side of the street. Traffic is said to many times exceed the speed limits at this point.

Less than three years ago a traffic light at that intersection was removed.

Yule Spirit Hits Hilltop

The spirit of the approaching Christmas season will put in its appearance on Hilltop streets this week-end as decorations were scheduled to be erected on Broad-st and Sullivant-av. The Hilltop Business Men's Association has again taken the initiative in seeing that the decorations are installed. Fred Sulzberger is in charge of a committee soliciting the business firms for funds to bear the cost of decorating.

Sulzberger stated that 100 Christmas cartoon posters will be added to the decorations used last year. Both members of the association and other firms in business on these two streets are contributing to the project.

The "Old Grads" of West High School will stage a battle to the finish on the basketball floor tonight in the West High School gymnasium as they tangle with the reserve team in the annual get-together of students and graduates.

The "Recent Grads" will meet the varsity team and this should be an exciting game as many of the recent graduates have continued the game in church leagues and the like and are in good condition.

Members of the Alumni Association will be admitted free at the game on presentation of their 1941-42 membership card.

MacTooill and his Masqueraders will furnish the music for the dance which is to be held following the basketball contests.

Admission to the dance will be 30c per person.

Tonight's festivities are scheduled to get under way at 7:00.

The dancing will start at about 8:30 and conclude at 11:30.

Fire Destroys Bright Home

Only a few personal belongings were salvaged when fire damaged "beyond repair" a one-floor house at 382 Lechner-av, Wednesday evening. It was the home of Mr. and Mrs. Harold Bright and their three children.

The blaze started when a fire was being started in a coal stove. Flames soon spread to the roof routing the occupants with little opportunity to save any of the contents.

The house was owned by Mary Bentz, 2020 Sullivant-av. The loss was covered by insurance written by Shank and Saunders, 2459 W. Broad-st.

Harry L. Wears Candition Critical

The condition of Harry L. Wears, 1588 Safford-av, was described by Mt. Carmel Hospital attaches as "not very good" on Thursday morning of this week. He is said to be in a critical condition following injuries suffered in a crash Tuesday night when his car failed to make the turn after crossing the Main-st bridge.

Police say his car was traveling west "at high speed" when it ran over the curb and struck two small signs and ended up against a telegraph pole. The extent of his injuries was not definitely determined.

Give A Gift-- Help A Patient

An opportunity to bring a ray of Christmas cheer to inmates of the State Hospital was extended this week by Dr. J. F. Bateman, superintendent of that institution. Donations of articles such as old costume jewelry, inexpensive cosmetics, wearing apparel, candy, fruit or tobacco, books, magazines, playing cards, games or jigsaw puzzles make ideal gifts for those who will otherwise have no remembrance from friends or relatives.

"There are approximately 1200 patients in the hospital who will know only through your thoughtfulness that they have not been forgotten," Dr Bateman said.

At present an attempt is being made to organize a patients' band if sufficient support is forthcoming through donations of musical instruments and other forms of assistance, Dr. Bateman pointed out.

Anyone desiring to give gifts for either of these worthwhile projects may contact the superintendent by calling Ra. 1171. Donations will be called for.

Daniel Harris To Sing Here

Daniel Harris

Daniel Harris, member of the Metropolitan Opera Company, will appear as guest soloist with the Hilltop Male Chorus in a concert to be presented at Central High School auditorium on Wednesday, Dec. 3, at 8:15 p. m. Slater Gets Promotion

Russel Slater

Russel Slater, teacher in charge of boys' attendance at West Junior High School for the past four and one-half years, was placed in charge of the Reeb Avenue School as principal last week. He lives at 191 S. Roys-av.

His teaching career started at McComb, O., where he spent two years in junior high work. From McComb he went to Central High at Lima, his home town. Following three years at Central he served as assistant principal at Lima South, before coming to West Junior.

Survey To Be Studied

Results of a survey of traffic at the corners of Eureka and Sullivant-ave recently was sent to the safety commission Wednesday for approval. It was found that there is a flow of 10,654 cars in a 16 hour period at that corner.

During the busiest hour of the morning there are 817 cars passing that intersection and in the evening there are 1136 per hour. There is an average of 665.88 cars passing the corner hourly, Guthrie said.

A check-up showed that in the last four years there have been 11 accidents at this corner. In 1938 there were two accidents, and in 1940, four accidents, all of which incurred property damage. There are no accidents recorded for 1939. Of the five accidents at Eureka and Sullivant this year to date one was fatal and the rest caused property damage.

The outcome of the report will be announced next week.

McMillans Celebrate 55th Anniversary

Nov. 18, 1886, was very important to Rachel Turnbull and J. C. McMillan for that was the day these two exchanged wedding vows in Cedarville, O., where the former lived. After spending a short time in Cedarville the couple moved to South Charleston, O., where they resided for 15 years. From there they came to Columbus. The McMillans have one son, Ralph, and a granddaughter, Betty Lethly, who lives with them, at 3048 Crescent-dr.

On their fifty-fifth anniversary last week a group of seven couples belled the McMillans and gave a party afterwards.

THE WRECK OF A CATTLE TRAIN

A cattle train—on a single track Main
Got out of control in a deluge of rain
Men strove in vain, normal speed to maintain—
It increased in momentum, like a hurricane.
T'was a risky ride down the mountain side
To impede that tide, all brakes were applied
But the track was wet — wheels started to slide,
No roadway could endure, and act as a guide.

The engine by a miracle held to the track
And separated from the rest, three cars back
Each car in that train, a loaded stock rack
After that wreck wouldn't make a good shack.
All trainmen jumped before it was too late
That live stock freight was left to fate
And went over the mountain — I omit the date,
That is not essential, at this time to state.

Many cattle were killed and strewn around
Over seven hundred dying, made a weird sound,
No mistake was made that ever was found,
Just an act of Providence, old timers expound.
I worked on that grade and can understand
Good trainmen on hand, but they lost command
A seventeen mile grade — no use to use sand,
That's old time railroading, now contraband.

IN MEMORIAM
In memory of John Paul Sears, who passed away five years ago, Nov. 30.
His smiling way and pleasant face
Are a pleasure to recall
He had a kindly word for each
And died beloved by all.
Some day we hope to meet him,
Some day, we know not when,
To clasp his hand in the better land.
Never to part again
—Mrs. Sears and family.

Sanduski Family Likes Hawaiian Life

By Jean Young

"It's the only place where I felt completely happy and contented," said Mrs. William Sanduski, in speaking of Hawaii where she spent five years of her life

One might almost take Doris Jean, Mrs. Sanduski's daughter, for a native of the island owing to her dark complexion and ebony hair. The dark skin is due, no doubt, to the fact that in Hawaii one can take a plunge during any one of the 24 hours, any time in the year. It is most convenient when a body of water, an ocean in fact, is only a block from your house

These Hawaiians are very sentimental people. When the boat carrying friends back to the mainland leaves, the Royal Hawaiian band is at the pier to send them

Miss Sanduski

on their way with music. While the passengers are boarding the boat the band plays lively music but the minute the gang plank is pulled up the strains of the soft and beautiful "Aloha" are heard. Each passenger has a lei on his neck which gives the boat the effect of a floating garden.

Before boarding the boat each passenger is given a lei and he is told he must cast it overboard when the boat reaches the Diamond Head, which is the first land mark leaving Hawaii. If the lei drifts back to the shore that indicates the person who threw it over will return again However, if the lei floats out into the sea he is never to return to Hawaii

Token of Friendship

"The lei is a token of friendship from the native," said Doris Jean

Minstrels will walk down the streets with their musical instruments and if they see a light in the house or see that someone is having a party they come up on the porch and serenade them This is not done with the idea they will receive something for it, but merely for their own pleasure

"They'll play a whole evening and then before they leave they will softly say goodbye" said Mrs Sanduski

A superstition of the Hawaiians is shown in their bringing food to the monument of "The Fisherman" who they believe will return to claim it In connection with the fisherman's superstition the men planning a fishing trip will not take bananas or apples because they are afraid the fish will not bite

Places of Interest

Places of unusual interest which the Sanduskis visited were the Pali, on the other side of the island; the Mormon Temple, which no one but the most devout Mormons are allowed to enter, and the King's and Queen's palaces

"Hawaiians celebrate something all the time but perhaps about the most colorful activity is their May Day or Lei Day festival," Doris Jean informed us An announcement is made in the papers a few days in advance telling all women to don their grass skirts, particularly the Holuku dress, for the festivities. On the festival day the women parade the streets in their grass skirts and wear a lei about their necks

In the Lei Day parade a spectator sees a car carrying hula dancers

"Some people think the native dance is vulgar but truly it isn't at all," Mrs. Sanduski remarked.

In a recent movie Eleanor Powell put taps to the native dance This upset the Hawaiians greatly as they take their dance seriously.

"The natives call us "haole hululg" which means white people," explained Doris.

Mr. Sanduski is an officer in the United States Army and thus

He Didn't Fool With Small Game

This actually happened

Down at Logan a group of business men made up a hunting party and headed for the fields on opening day.

Out in the country quite a ways one member of the crowd was delegated to call on a farmer to get permission to hunt in his field. He told the fellow it would be alright providing he would do a favor, and the hunter agreed

"Down there in the field is an old horse I want shot, and I haven't the heart to shoot him," the farmer said.

The hunter joined the party and they proceeded down the field without a word about the favor he had agreed to do for the farmer

In a braggadocio manner the hunter was telling his friends he hated to hunt for such small game as rabbits and pheasants. "I go more for big game. In fact the bigger the better. See that horse over there. I've a notion to let him have a round of this ammunition."

"Go ahead," his friends urged. "That's big game. Shoot it."

And he did that very thing . . . with the consequent result that all members of the hunting party dispersed in different directions with nary a soul going near that farmer's house and the "big game hunter" being left alone with the dead horse.

Bucks To Play Road Game At Lancaster

The West High Buckaroos will travel this week-end, going to Lancaster for a game tonight and trekking to Springfield tomorrow evening for a game with the annually tough Wildcats.

Win One, Lose One

The Bucks have an even score in their two games to date. Friday the Westerners dropped their season's opener to a superior alumni squad. Lack of ability on the part of the varsity to handle the ball fast and efficiently and a sort of "first game" nervousness bothered the boys The final score was 28 to 23, favoring the grads

In their second game the Cowboys showed some nice fast breaking plays and some sloppy ball handling, in downing a weak Columbus Academy quintet, 38 to 23.

Meloeny and J. Stewart showed up well for the locals under the basket and Charles Goodman, a newcomer to West, exhibited some fancy passing and ball handling. Young H. Stewart, Ours, Laughlin and Gilmore did yeoman service while Underman and Hoover were benched on the injured list.

Help 2600 Patients Have A Joyous Christmas Season

Christmas for 2,600 patients of the State Hospital for Insane will depend on the generosity of the people of Columbus, Dr. J. F. Bateman, superintendent of that institution said this week. Since there are no funds made available for other than the essentials of life Dr Bateman and his staff take it upon themselves to see that every person is remembered on Christmas Day.

Feeling that the need for poor relief on the Hilltop is adequately cared for by the Camp Chase Post of the American Legion, the Charity Newsies and other relief agencies, the Hilltop Record is taking the initiative in helping to provide an adequate Christmas for the unfortunates living as charges of the state.

Of the 2,600 patients now at the institution approximately 1,000 will be remembered by their family or friends. The other 1,600 would have no remembrance of this holiday season were it not for the thoughtfulness of the employees and friends throughout the city

Only a small inexpensive item may become the cherished gift of some person who would otherwise be forgotten at the season of the year when we pride ourselves in sharing with those round about us.

Who can help with this project?

Every person, family and business house on the Hilltop.

The Record will keep a box in the office where any gifts may be brought up until Saturday, Dec. 20, or assist in picking up contributions anywhere on the Hilltop. No item is too small to be considered in this drive for gifts. Sox, ties, cosmetics, old costume jewelry, gloves, smokes, candies and like items will be welcomed by those in charge. Business houses could contribute odds and ends that have been soiled or for some reason are no longer saleable. Church groups and organizations might give their gift exchanges after they have been enjoyed by members of their own group. Call the Record office, Ra. 1125 or Dr. Bateman, Ra. 1171.

Handicap Doesn't Alter Happiness For Les Myers

"Lester Myers is one of the most handicapped yet one of the happiest persons on the Hilltop," said Mrs. Clara Myers, his mother.

For many years Les has served the Hilltop children with candy and pop from his little car which he drives about in the community

Lester David Myers was born Dec. 5, 1898, at 55 N Eureka-av When he was eight months old he had a severe sickness which caused spastic paralysis. For five years he could not sit up, hold his head nor swallow solid food

"His greatest disappointment came when he found he could not attend school, but that didn't down Lester," was the story Mrs Myers told of his desire for an education.

"He asked for a first reader like that of his sister, who was starting to school that year and so his school work began. Every morning he took first five words, then 10 words and later 20 words a day, learning to spell and pronounce them There he began his reading lessons and he kept this up regularly until he finished the third reader," she continued.

He has read not only these elementary readers but has read historical novels and religious books, both of which interest him greatly.

Six months of his life were spent at the McLain Orthopedic Hospital in St. Louis in 1910 in an effort to enable him to stand on his feet and walk, but all was in vain.

Goes Into Business

Mrs. Myers said, "Then began his business career which was first a small tray on the side of his wheel chair, beginning with a stock of five boxes."

"Kandy Kid of the Hilltop" is the title Les' many friends have dubbed him

In his years of riding around the community in his chair and auto Les has had few accidents He has worn out five chairs. One time his wheel chair was completely destroyed. This didn't stop Les. He came up smiling and continued with his work as usual

Much of the Kandy Kid's entertainment comes from his radio and he had one of the first crystal sets on the Hilltop when the radio was so rare. Carleton Berry, of the Columbus Dispatch, gave Les his first radio

When Les started to carry pop as well as candies on his chair the weight would pull it over. Because of this he decided to get his little Austin, which he now operates He designed his first chair.

After he got his car then came the problem of a driver's license He drove down to the police station where a huge officer got into the small vericle with him and gave Les a driving test Then he got his license but the officer admitted it puzzled him how Les handled the Austin.

Les would like to thank his many Hilltop patrons and says that many of the public officials today were his patrons 25 years ago

Myers lives with his mother, Mrs Clara Myers, 55 N. Eureka-av, where she has lived for 40 years

Alumni Supports Coaches

West High Alumni Association has adopted a resolution giving its unqualified support to Coach Williams and the coaching staff of West High. This action was taken at a meeting Thursday evening, Nov. 27

Officers of the association reported at the meeting that they had been approached by a local resident who had requested the association to approve and support, as a body, petitions and a resolution for the ouster of the present coaching staff

President Paul Fulton and a committee made up of John H. Kuhn, George K. Hardy and Don Craig this week stated: "The association takes this opportunity to make publicly known that this organization had no part whatsoever in the instigation of this action. The association further feels that the individual who drew up these petitions and resolution and who was the instigator of this action, was grossly unfair to the association in connecting their name with the action. A committee was appointed to investigate the charges and accusations and their findings revealed a personal prejudice behind the whole matter"

The following resolution was drawn up with the approval of the West Alumni Association:

"The West High Alumni Association, whose purpose of organization is to further the progress of the school and act upon recommendations made by the school authorities requesting our support, and to keep closer contact among the graduate members, take this stand concerning replacements of any school official. We do NOT feel that it is for the best interest of the school for the association to interfere with the faculty and athletic department, unless a MORAL or GROSS INEFFICIENCY charge is brought to light and proven. We feel that the PROPER school authorities who are closer to any situation of this kind than we, are fully CAPABLE of seeing that JUSTICE is done. The association further states that we have EVERY CONFIDENCE in the present COACH and that we will NEVER ask for a coach's removal because of a poor season."

New Beauty

To the person who must wear glasses, there is the constant question—how will I look? But new styles in glasses have taken care of that question neatly. Designed to flatter the face, they make the wearing of glasses a pleasure rather than a disfigurement.

Poetry

To prove that we have a taste for the finer things in life we reproduce the following poem submitted by R. O. Balsley:

I left home, the ways and the world to see
It proved a sorry lesson to me.
I got the hives an' a crazy hat,
I'm going back home where my folks live at!

Hard Times

A colored man in a southern town had been piling up doctor bills for several years without making any apparent effort to pay when he was accosted in the village one day by the medico and given to understand that something would have to be paid in the near future.

"Well you see, Doc," apologized the dusky one, "the cotton crop has done failed. Tobacco won't bring a decent price this fall and things are gettin' so tough that it's hard to get my honest debts paid.

HELP THOSE LESS LUCKY THAN YOU

When old farm hands grow wealthy
And begin to make a display
Even if they're strong and healthy
Their strength soon fades away.
Carelessly living in retirement
Will ruin a working man,
Better continue in their environment,
Helping others with their plan.

If you should inherit vast riches
Don't let it go to your head,
Help your neighbors in the ditches
Laboring for their bread.
Don't swell up like a poisoned
Lying dead in the morning dew
If your cup of joy you'd fill up
Help those less lucky than you.

She immediately sat down and wrote several "more" . . .
